This special work session was held to review Chapters 4 and 5 of the St. Simons Comprehensive Plan.

The Executive Director suggested various revisions to the Plan. During discussion of the Plan several revisions were made, see file.

During discussion of Comprehensive Land Use, densities, Mr. Gibson stated that a hearing needs to be held to address the problem existing on the beachfront area, as previously explained by the Executive Director at the last work session. Thereupon, a motion was made by Mr. Gibson, seconded by Mr. Hicks and unanimously adopted that a special public hearing be scheduled for mid-June to discuss changes to the Glynn County Zoning Ordinance as to density requirements for the beachfront property.

Reference was then made back to Chapter 2, it was the concensus of the Planning Commission that the charts on pages 2-29 through 2-43 be deleted.
