PREFACE

This Emergency Operations Plan (EOP) describes the management and coordination of resources and personnel during periods of major emergency. This comprehensive local emergency operations plan is developed to ensure mitigation and preparedness, appropriate response and timely recovery from natural and man made hazards which may affect residents of Glynn County.

This plan supersedes the Emergency Operations Plan dated from old eLEOP. It incorporates guidance from the Georgia Emergency Management Agency (GEMA) as well as lessons learned from disasters and emergencies that have threatened Glynn County. The Plan will be updated at the latest, every four years. The plan:

- Defines emergency response in compliance with the State-mandated Emergency Operations Plan process.
- Establishes emergency response policies that provide Departments and Agencies with guidance for the coordination and direction of municipal plans and procedures.
- Provides a basis for unified training and response exercises.

The plan consists of the following components:

- The Basic Plan describes the structure and processes comprising a county approach to incident management designed to integrate the efforts of municipal governments, the private sector, and non-governmental organizations. The Basic Plan includes the: purpose, situation, assumptions, concept of operations, organization, assignment of responsibilities, administration, logistics, planning and operational activities.

- Appendices provide other relevant supporting information, including terms, definitions, and authorities.

- Emergency Support Function Annexes detail the missions, policies, structures, and responsibilities of County agencies for coordinating resource and programmatic support to municipalities during Incidents of Critical Significance.

- Support Annexes prescribe guidance and describe functional processes and administrative requirements necessary to ensure efficient and effective implementation of incident management objectives.

- Incident Annexes address contingency or hazard situations requiring specialized application of the EOP. The Incident Annexes describe the missions, policies, responsibilities, and coordination processes that govern the interaction of public and private entities engaged in incident management and emergency response operations across a spectrum of potential hazards. Due to security precautions and changing nature of their operational procedures, these Annexes, their supporting plans, and operational supplements are published separately.
The following is a summary of the 15 Emergency Support Functions:

1. Transportation: Support and assist municipal, county, private sector, and voluntary organizations requiring transportation for an actual or potential Incident of Critical Significance.

2. Communications: Ensures the provision of communications support to municipal, county, and private-sector response efforts during an Incident of Critical Significance.

3. Public Works and Engineering: Coordinates and organizes the capabilities and resources of the municipal and county governments to facilitate the delivery of services, technical assistance, engineering expertise, construction management, and other support to prevent, prepare for, respond to, and/or recover from an Incident of Critical Significance.

4. Firefighting: Enable the detection and suppression of wild-land, rural, and urban fires resulting from, or occurring coincidentally with an Incident of Critical Significance.

5. Emergency Management Services: Responsible for supporting overall activities of the County Government for County incident management.

6. Mass Care, Housing and Human Services: Supports County-wide, municipal, and non-governmental organization efforts to address non-medical mass care, housing, and human services needs of individuals and/or families impacted by Incidents of Critical Significance.

7. Resource Support: Supports volunteer services, County agencies, and municipal governments tracking, providing, and/or requiring resource support before, during, and/or after Incidents of Critical Significance.

8. Public Health and Medical Services: Provide the mechanism for coordinated County assistance to supplement municipal resources in response to public health and medical care needs (to include veterinary and/or animal health issues when appropriate) for potential or actual Incidents of Critical Significance and/or during a developing potential health and medical situation.

10. Hazardous Materials: Coordinate County support in response to an actual or potential discharge and/or uncontrolled release of oil or hazardous materials during Incidents of Critical Significance.

11. Agriculture and Natural Resources: supports County and authorities and other agency efforts to address: Provision of nutrition assistance; control and eradication of an outbreak of a highly contagious or economically devastating animal/zoonotic
disease; assurance of food safety and food security and; protection of natural and cultural resources and historic properties.

13. Public Safety and Security Services: Integrates County public safety and security capabilities and resources to support the full range of incident management activities associated with potential or actual Incidents of Critical Significance.

14. Long Term Recovery and Mitigation: Provides a framework for County Government support to municipal governments, nongovernmental organizations, and the private sector designed to enable community recovery from the long-term consequences of an Incident of Critical Significance.

15. External Affairs: Ensures that sufficient County assets are deployed to the field during a potential or actual Incident of Critical Significance to provide accurate, coordinated, and timely information to affected audiences, including governments, media, the private sector, and the populace.
BASIC PLAN

I. INTRODUCTION

Summary

This plan establishes a framework for emergency management planning and response to: prevent emergency situations; reduce vulnerability during disasters; establish capabilities to protect residents from effects of crisis; respond effectively and efficiently to actual emergencies; and provide for rapid recovery from any emergency or disaster affecting the local jurisdiction and Glynn County.

This Emergency Operations Plan (EOP) is predicated on the National Incident Management System (NIMS) which integrates the capabilities and resources of various municipal jurisdictions, incident management and emergency response disciplines, nongovernmental organizations (NGOs), and the private sector into a cohesive, coordinated, and seamless framework for incident management. The EOP, using the NIMS, is an all-hazards plan that provides the structure and mechanisms for policy and operational coordination for incident management. Consistent with the model provided in the NIMS, the EOP can be partially or fully implemented in the context of a threat, anticipation of a significant event, or the response to a significant event. Selective implementation through the activation of one or more of the systems components allows maximum flexibility in meeting the unique operational and information-sharing requirements of the situation at hand and enabling effective interaction between various entities. The EOP, as the core operational plan for incident management, establishes county-level coordinating structures, processes, and protocols that will be incorporated into certain existing interagency incident- or hazard-specific plans (such as the Hurricane Plan) that is designed to implement specific statutory authorities and responsibilities of various departments and agencies in particular contingency.

Purpose

The purpose of the EOP is to establish a comprehensive, countywide, all-hazards approach to incident management across a spectrum of activities including prevention, preparedness, response, and recovery. The EOP incorporates best practices and procedures from various incident management disciplines - homeland security, emergency management, law enforcement, firefighting, hazardous materials response, public works, public health, emergency medical services, and responder and recovery worker health and safety - and integrates them into a unified coordinating structure. The EOP provides the framework for interaction with municipal governments; the private sector; and NGOs in the context of incident prevention, preparedness, response, and recovery activities. It describes capabilities and resources and establishes responsibilities, operational processes, and protocols to help protect from natural and manmade hazards; save lives; protect public health, safety, property, and the environment; and reduce adverse psychological consequences and disruptions. Finally, the EOP serves as the foundation for the development of detailed supplemental plans and procedures to effectively and efficiently implement incident management activities and assistance in the context of specific types of incidents.

The EOP, using the NIMS, establishes mechanisms to:
• Maximize the integration of incident-related prevention, preparedness, response, and recovery activities;

• Improve coordination and integration of County, municipal, private-sector, and nongovernmental organization partners;

• Maximize efficient utilization of resources needed for effective incident management and Critical Infrastructure/Key Resources protection and restoration;

• Improve incident management communications and increase situational awareness across jurisdictions and between the public and private sectors;

• Facilitate emergency mutual aid and emergency support to municipal governments;

• Provide a proactive and integrated response to catastrophic events; and

• Address linkages to other incident management and emergency response plans developed for specific types of incidents or hazards.

A number of plans are linked to the EOP in the context of disasters or emergencies, but remain as stand-alone documents in that they also provide detailed protocols for responding to routine incidents that normally are managed by County agencies without the need for supplemental coordination. The EOP also incorporates other existing emergency response and incident management plans (with appropriate modifications and revisions) as integrated components, operational supplements, or supporting tactical plans.

This plan consists of the following components:

Scope and Applicability

The EOP covers the full range of complex and constantly changing requirements in anticipation of or in response to threats or acts of terrorism, major disasters, and other emergencies. The EOP also provides the basis to initiate long-term community recovery and mitigation activities.

The EOP establishes interagency and multi-jurisdictional mechanisms for involvement in and coordination of, incident management operations.

This plan distinguishes between incidents that require County coordination, termed disasters or emergencies, and the majority of incidents that are handled by responsible jurisdictions or agencies through other established authorities and existing plans.

In addition, the EOP:

• Recognizes and incorporates the various jurisdictional and functional authorities of departments and agencies; municipal governments; and private-sector organizations in incident management.
Details the specific incident management roles and responsibilities of the departments and agencies involved in incident management as defined in relevant statutes and directives.

Establishes the multi-agency organizational structures and processes required to implement the authorities, roles, and responsibilities for incident management.

This plan is applicable to all departments and agencies that may be requested to provide assistance or conduct operations in the context of actual or potential disasters or emergencies.

Disasters or emergencies are high-impact events that require a coordinated and effective response by an appropriate combination of County, municipal, private-sector, and nongovernmental entities in order to save lives, minimize damage, and provide the basis for long-term community recovery and mitigation activities.

Key Concepts

This section summarizes key concepts that are reflected throughout the EOP.

- Systematic and coordinated incident management, including protocols for:
  - Coordinated action;
  - Alert and notification;
  - Mobilization of County resources to augment existing municipal capabilities;
  - Operating under differing threats or threat levels; and
  - Integration of crisis and consequence management functions.

- Proactive notification and deployment of resources in anticipation of or in response to catastrophic events in coordination and collaboration with municipal governments and private entities when possible.

- Organizing interagency efforts to minimize damage, restore impacted areas to pre-incident conditions if feasible, and/or implement programs to mitigate vulnerability to future events.

- Coordinating worker safety and health, private-sector involvement, and other activities that are common to the majority of incidents (see Support Annexes).

- Organizing ESFs to facilitate the delivery of critical resources, assets, and assistance. Departments and agencies are assigned to lead or support ESFs based on authorities, resources, and capabilities.

- Providing mechanisms for vertical and horizontal coordination, communications, and information sharing in response to threats or incidents. These mechanisms
facilitate coordination among municipal entities and the County Government, as well as between the public and private sectors.

- Facilitating support to County departments and agencies acting under the requesting department or agency's own authorities.

- Developing detailed supplemental operations, tactical, and hazard-specific contingency plans and procedures.

- Providing the basis for coordination of interdepartmental and municipal planning, training, exercising, assessment, coordination, and information exchange.
II. PLANNING ASSUMPTIONS AND CONSIDERATIONS

The EOP is based on the planning assumptions and considerations presented in this section.

- Incidents are typically managed at the lowest possible organizational and jurisdictional level.

- Incident management activities will be initiated and conducted using the principles contained in the NIMS and the ICS.

- The combined expertise and capabilities of government at all levels, the private sector, and nongovernmental organizations will be required to prevent, prepare for, respond to, and recover from disasters and emergencies.

- Disasters and emergencies require the Glynn County Emergency Management Agency to coordinate operations and/or resources, and may:
  - Occur at any time with little or no warning in the context of a general or specific threat or hazard;
  - Require significant information-sharing at the unclassified and classified levels across multiple jurisdictions and between the public and private sectors;
  - Involve single or multiple jurisdictions;
  - Have significant regional impact and/or require significant regional information sharing, resource coordination, and/or assistance;
  - Span the spectrum of incident management to include prevention, preparedness, response, and recovery;
  - Involve multiple, highly varied hazards or threats on a regional scale;
  - Result in numerous casualties; fatalities; displaced people; property loss; disruption of normal life support systems, essential public services, and basic infrastructure; and significant damage to the environment;
  - Impact critical infrastructures across sectors;
  - Overwhelm capabilities of municipal governments, and private-sector infrastructure owners and operators;
  - Attract a sizeable influx of independent, spontaneous volunteers and supplies;
  - Require extremely short-notice asset coordination and response timelines; and
  - Require prolonged, sustained incident management operations and support activities.
Top priorities for incident management are to:

- Save lives and protect the health and safety of the public, responders, and recovery workers;
- Ensure security of the county;
- Prevent an imminent incident, including acts of terrorism, from occurring;
- Protect and restore critical infrastructure and key resources;
- Conduct law enforcement investigations to resolve the incident, apprehend the perpetrators, and collect and preserve evidence for prosecution and/or attribution;
- Protect property and mitigate the damage and impact to individuals, communities, and the environment; and
- Facilitate recovery of individuals, families, businesses, governments, and the environment.

Deployment of resources and incident management actions during an actual or potential terrorist incident are conducted in coordination with the Federal Bureau of Investigation (FBI).

Departments and agencies at all levels of government and certain NGOs, such as the American Red Cross, may be required to deploy to disaster areas or emergency events on short notice to provide timely and effective mutual aid and/or intergovernmental assistance.

The degree of County involvement in incident operations depends largely upon the specific authority or jurisdiction. Other factors that may be considered include:

- The municipal needs and/or requests for external support, or ability to manage the incident;
- The economic ability of the affected entity to recover from the incident;
- The type or location of the incident;
- The severity and magnitude of the incident; and
- The need to protect the public health or welfare or the environment.

Departments and agencies support these mission in accordance with authorities and guidance and are expected to provide:

- Initial and/or ongoing response, when warranted, under their own authorities and funding;
Alert, notification, pre-positioning, and timely delivery of resources to enable the management of potential and actual disasters or emergencies; and

Proactive support for catastrophic or potentially catastrophic incidents using protocols for expedited delivery of resources.

For disasters or emergencies that are Presidentially declared, state and/or Federal support is delivered in accordance with relevant provisions of the Stafford Act. (Note that while all Presidentially declared disasters and emergencies under the Stafford Act are considered incidents of critical significance, not all incidents necessarily result in disaster or emergency declarations under the Stafford Act.)
Emergency Declaration Process

1. **Emergency or Disaster Occurs**
   - County assesses the damage

2. Damage reports collected by EMA Director and forwarded to the highest elected official of jurisdiction having authority
   - The highest elected official of jurisdiction having authority reviews damage reports and determines if local resources and mutual aid assets have been exhausted
   - If appropriate, local State of Emergency Declaration is prepared

3. Once signed, a copy is sent to GEMA
   - A copy of County's declaration is sent to the affected cities within the County

---

**It is anticipated and expected that if the emergency or disaster is obviously widespread and all local resources mutual aid assets have already been exhausted, the highest elected official of jurisdiction having authority can make a declaration without waiting for a report regarding damages.**
III. ROLES AND RESPONSIBILITIES

Local Government Responsibilities

Police, fire, public health and medical, emergency management, public works, environmental response, and other personnel are often the first to arrive and the last to leave an incident site. In some instances, a County agency in the area may act as a first responder, and the assets of County agencies may be used to advise or assist municipal officials in accordance with agency authorities and procedures. Mutual aid agreements provide mechanisms to mobilize and employ resources from neighboring jurisdictions to support the incident command. When resources and capabilities are overwhelmed, the County may request State assistance under a Governors disaster or emergency declaration. Summarized below are the responsibilities of the Chief Executive Officer.

A municipal mayor or city or County Chairman or their designee, as a jurisdictions chief executive, is responsible for the public safety and welfare of the people of that jurisdiction. The Chief Executive Officer:

- Is responsible for coordinating resources to address the full spectrum of actions to prevent, prepare for, respond to, and recover from incidents involving all hazards including terrorism, natural disasters, accidents, and other contingencies;
- Dependent upon law, has extraordinary powers to suspend laws and ordinances, such as to establish a curfew, direct evacuations, and, in coordination with the health authority, to order a quarantine;
- Provides leadership and plays a key role in communicating to the public, and in helping people, businesses, and organizations cope with the consequences of any type of incident within the jurisdiction;
- Negotiates and enters into mutual aid agreements with other jurisdictions to facilitate resource-sharing; and
- Requests State and, if necessary, Federal assistance through the Governor of the State when the jurisdictions capabilities have been exceeded or exhausted.

Emergency Support Functions

The EOP applies a functional approach that groups the capabilities of municipal and county departments and some volunteer and non-government organizations into ESFs to provide the planning, support, resources, program implementation, and emergency services that are most likely to be needed during disaster or emergency incidents. The County response to actual or potential disasters or emergencies is typically provided through the full or partial activation of the ESF structure as necessary. The ESFs serve as the coordination mechanism to provide assistance to municipal governments or to County departments and agencies conducting missions of primary County responsibility.
Each ESF is comprised of primary and support agencies. The EOP identifies primary agencies on the basis of authorities, resources, and capabilities. Support agencies are assigned based on resources and capabilities in a given functional area. The resources provided by the ESFs reflect categories identified in the NIMS. ESFs are expected to support one another in carrying out their respective roles and responsibilities. Additional discussion on roles and responsibilities of ESF primary agencies, and support agencies can be found in the introduction to the ESF Annexes.

Note that not all disaster or emergency incidents result in the activation of all ESFs. It is possible that an incident can be adequately addressed by agencies through activation of certain EOP elements without the activation of ESFs. Similarly, operational security considerations may dictate that activation of EOP elements be kept to a minimum, particularly in the context of certain terrorism prevention activities.

**Nongovernmental and Volunteer Organizations**

Nongovernmental and volunteer organizations collaborate with first responders, governments at all levels, and other agencies and organizations providing relief services to sustain life, reduce physical and emotional distress, and promote recovery of disaster victims when assistance is not available from other sources. For example, the American Red Cross is an NGO that provides relief at the local level and also supports the Mass Care element of ESF 6. Community-based organizations receive government funding to provide essential public health services.

The Voluntary Organizations Active in Disaster (VOAD) is a consortium of approximately 30 recognized organizations of volunteers active in disaster relief. Such entities provide significant capabilities to incident management and response efforts at all levels. For example, the wildlife rescue and rehabilitation activities conducted during a pollution emergency are often carried out by private, nonprofit organizations working with natural resource trustee agencies.

**Private Sector**

EOP primary and support agencies coordinate with the private sector to effectively share information, form courses of action, and incorporate available resources to prevent, prepare for, respond to, and recover from disasters and emergencies.

**Roles**

The roles, responsibilities, and participation of the private sector during a disaster or emergency incident vary based on the nature of the organization and the type and impact of the incident. The roles of private-sector organizations are summarized below.

- **Impacted Organization or Infrastructure**
  Private-sector organizations may be affected by direct or indirect consequences of the incident, including privately owned critical infrastructure, key resources, and those main private-sector organizations that are significant to regional economic recovery from the incident. Examples of privately owned infrastructure include transportation, telecommunications, private utilities, financial institutions, and hospitals.
Private-sector organizations provide response resources (donated or compensated) during an incident - including specialized teams, equipment, and advanced technologies - through public-private emergency plans, mutual aid agreements, or incident specific requests from government and private-sector-volunteer initiatives.

Owners/operators of certain regulated facilities or hazardous operations may bear responsibilities under the law for preparing for and preventing incidents from occurring, and responding to an incident once it occurs. For example, some activities are required by law or regulation to maintain emergency (incident) preparedness plans, procedures, and facilities and to perform assessments, prompt notifications, and training for a response to an incident.

Private-sector organizations may serve as active partners in emergency preparedness and response organizations and activities.

Responsibilities

Private-sector organizations support the EOP (voluntarily or to comply with applicable laws and regulations) by sharing information with the government, identifying risks, performing vulnerability assessments, developing emergency response and business continuity plans, enhancing their overall readiness, implementing appropriate prevention and protection programs, and donating or otherwise providing goods and services through contractual arrangement or government purchases to assist in response to and recovery from an incident.

Certain organizations are required by existing law and regulation to bear the cost of planning and response to incidents, regardless of cause. In the case of an Incident of Critical Significance, these private-sector organizations are expected to mobilize and employ the resources necessary and available in accordance with their plans to address the consequences of incidents at their own facilities or incidents for which they are otherwise responsible.

Response Resources

Unless the response role is inherently governmental (e.g., law enforcement, etc.), private-sector organizations are encouraged to develop and maintain capabilities to respond to and manage a complete spectrum of incidents and emergencies. The County Government maintains ongoing interaction with the critical infrastructure and key resource industries to provide coordination for prevention, preparedness, response, and recovery activities. When practical, or when required under law, private-sector representatives should be included in planning and exercises. In some cases, the government may direct private-sector response resources when they have contractual relationships, using government funds.
Functional Coordination

The primary agency/agencies for each ESF maintain(s) working relations with its associated private-sector counterparts through partnership committees or other means (e.g., ESF 2, Communications - telecommunications industry; ESF 10, Hazardous Materials - oil and hazardous materials industries; etc.).

Citizen Involvement

Strong partnerships with citizen groups and organizations provide support for incident management prevention, preparedness, response, recovery, and mitigation.

The US Citizen Corps brings these groups together and focuses efforts of individuals through education, training, and volunteer service to help make communities safer, stronger, and better prepared to address the threats of terrorism, crime, public health issues, and disasters of all kinds.

Citizen Corps Councils implement Citizen Corps programs, which include Community Emergency Response Teams (CERTs), Medical Reserve Corps, Neighborhood Watch, Volunteers in Police Service, and the affiliate programs; provide opportunities for special skills and interests; develop targeted outreach for special-needs groups; and organize special projects and community events.

Citizen Corps Affiliate Programs expand the resources and materials available to communities through partnerships with programs and organizations that offer resources for public education, outreach, and training; represent volunteers interested in helping to make their communities safer; or offer volunteer service opportunities to support first responders, disaster relief activities, and community safety efforts.

Other programs unaffiliated with Citizen Corps also provide organized citizen involvement opportunities in support of response to major disasters and events of Critical Significance.

Citizen Corps

The Citizen Corps works through a Citizen Corps Council that brings together leaders from law enforcement, fire, emergency medical and other emergency management, volunteer organizations, elected officials, the private sector, and other community stakeholders.
IV. CONCEPT OF OPERATIONS

Phases of Emergency Management

Mitigation
Activities designed to reduce or eliminate risks to persons or property or to lessen the actual or potential effects or consequences of an incident. Mitigation measures implemented prior to, during, or after an incident are intended to prevent the occurrence of an emergency, reduce the community's vulnerability and/or minimize the adverse impact of disasters or emergencies. A preventable measure, for instance, is the enforcement of building codes to minimize such situations.

Preparedness
Actions taken to avoid an incident or to intervene to stop an incident from occurring. Preparedness involves actions taken prior to an emergency to protect lives and property and to support and enhance disaster response. Planning, training, exercises, community awareness and education are among such activities.

Response
Activities that address the short-term, direct effects of an incident. These activities include immediate actions to preserve life, property, and the environment; meet basic human needs; and maintain the social, economic, and political structure of the affected community. Also included are direction and coordination, warning, evacuation, and similar operations that help reduce casualties and damage, and speed recovery.

Recovery
The development, coordination, and execution of service- and site-restoration plans and the reconstitution of government operations and services through individual, private-sector, nongovernmental, and public assistance programs. Short-term recovery includes damage assessment and the return of vital functions, such as utilities and emergency services, to minimum operating standards. When rebuilding and re-locating is due to damaged property, long-term recovery activities may continue for years.

General

- A basic premise of the EOP is that incidents are generally handled at the lowest jurisdictional level possible. Police, fire, public health, medical, emergency management, and other personnel are responsible for incident management at that level. Accordingly, in order to protect life and property from the effects of emergencies, government is responsible for all emergency management activities. When operating under such conditions, Glynn County Emergency Management Agency will utilize all available resources from within the County, including voluntary and private assets, before requesting other assistance. After an emergency exceeds local capacity to respond, assistance will be requested from other jurisdictions and the state through GEMA. Upon a Presidential declaration, assistance as requested by the state may be provided through Federal ESFs and/or other resources.
Consistent with the commitment to comprehensive emergency management, this plan addresses major emergency situations that may develop in the county. It outlines activities that address mitigation, preparedness, response and recovery. The plan emphasizes the capacity of Glynn County Emergency Management Agency to respond and accomplish short-term recovery.

In coordination with the county and municipal governments, Glynn County Emergency Management Agency will implement interagency coordination for emergency operations.

In coordination with the county and municipal governments and Glynn County Emergency Management Agency the public information designee will release all emergency information.

If an agency requests functional support from another agency or organization, assigned personnel and resources will be coordinated by the agency responsible for the ESF.

All agencies will inform Glynn County Emergency Management Agency of personnel assigned to work in the Emergency Operations Center (EOC.)
Continuity of Government/Continuity of Operations (COG/COOP)

Local governments and jurisdictions must be prepared to continue their minimum essential functions throughout the spectrum of possible threats from natural disasters through acts of terrorism. COG/COOP planning facilitates the performance of State and local government and services during an emergency that may disrupt normal operations.

- Government continuity planning facilitates the performance government and services during an emergency that may disrupt normal operations. Contingency plans for the continuity of operations of vital government functions and jurisdictions will allow agencies to continue their minimum essential operations and maintain authority. These plans include the spectrum of possible threats from natural disasters through acts of terrorism.

- Continuity of Government (COG) and Continuity of Operations (COOP) measures will establish lines of personnel succession, ensuring that authority is delegated to appropriate personnel prior to an emergency. Executive office personnel and agency managers will identify, notify, and train the individuals next in line. In addition, personnel will be familiar with alert, notification and deployment procedures to provide for command and control of response and recovery operations.

- Preservation of Records addresses the protection of essential records (e.g., vital statistics, deeds, corporation papers, operational plans, resource data, personnel and payroll records, inventory lists, laws, charters, and financial documents) by the appropriate agency following an emergency or disaster. Governments will plan for preservation of succession and delegation of authority and records necessary for carrying out governments legal and financial functions and the protection of legal and financial rights of citizens.

- The EMA director, under the direction of the local government, is responsible for the following, but not limited to:
  - Determine who is responsible for direction and control at the executive level;
  - Describe the decision process for implementing COG/COOP plans and procedures, including reliable, effective, and timely notification;
  - Establish measures for the protection of vital records;
  - Identify the agencies and personnel (including lines of succession) responsible for providing water, electricity, natural gas, sewer, and sanitation services in affected areas;
  - Identify the location of and contact points for Emergency Management Assistance Compacts (EMACs), Memoranda of Understanding (MOU), and other cooperative agreements.
• Standard Operating Procedures (SOPs) for each local agency that provide specific authorities of designated successors to direct their agencies;

• COG/COOP succession of authority plans are outlined in the Glynn County Emergency Management Agency Emergency Operations Plan Annex.
VI. INCIDENT MANAGEMENT ACTIONS

Services and Resources

An emergency or disaster may place great demands on services and resources. Priority will be based on essential needs, such as food, water, and medical assistance. Other services and resources will be acquired after establishing the need.

Commitment of Services and Resources

- Local governments will commit services and resources in order to save lives and protect property. Response agencies will first utilize services and resources available through their agency or organization. Additional needs may be met from other governments, agencies and/or organizations through mutual-aid or Memorandums of Understanding (MOU). After these sources have been exhausted, additional state resources may be requested from GEMA through the EOC. Glynn County Emergency Management Agency maintains an extensive service and resource directory that is maintained by ESF 7.

- Detailed records of expenditures are required by all agencies and organizations responding to a disaster for possible reimbursement, such as through an authorized Federal disaster declaration.

Local Involvement

Glynn County Emergency Management Agency will coordinate the efforts of agencies and organizations responsible for plan development of ESFs and major revisions. It is strongly recommended that the agencies involved in an ESF conduct coordination meetings and develop an ESF plan for their response to each level of activation. The plan will be reviewed annually and major revisions completed, as necessary. An updated plan shall be submitted for approval to GEMA every four years through the eLEOP system. Minor revisions to the plan should be logged in on the designated form at the beginning of this plan and updated on the eLEOP system.

State Involvement

Coordination of emergency management planning and operations and service and resource sharing across jurisdictional boundaries is necessary. Consequently, the state may be able to assist in the planning process (e.g., radiological, hurricane planning). Glynn County Emergency Management Agency will coordinate the type and level of assistance. Agencies and organizations with ESF responsibilities will be involved in such planning. This assistance should be interpreted as supporting agencies with ESF responsibilities and enhancing emergency capabilities.

Standard Operating Procedures

Most agencies and organizations within Glynn County and its municipalities have emergency functions to perform in addition to their other duties. Each agency and/or
organization with primary ESF responsibilities, in conjunction with support agencies and organizations, will develop and maintain Standard Operating Procedures (SOPs). These procedures provide detailed direction and coordination of ESF responsibilities and critical emergency tasks.

Emergency Operations

Organizational responsibilities are included in each ESF.

Local Responsibilities

Glynn County Emergency Management Agency is responsible for the following:

- Assist and advise all agencies and/or organizations in the development and coordination of ESFs to ensure necessary planning;
- Brief and train EOC personnel and volunteers as well as conduct periodic exercises to evaluate support function responsibilities;
- Manage the EOC for operational readiness;
- Coordinate with other emergency management agencies, GEMA, and other emergency response organizations;
- Maintain a list of all agency contacts including telephone, fax, and pager numbers (Refer to Glynn County Emergency Management Agency EOC Telephone Directory);
- Obtain copies of SOPs for all ESFs;
- Update, maintain and distribute the plan and all major revisions to agencies and organizations contained on the distribution list;
- Advise Glynn County Emergency Management Agency officials, municipalities and agencies with ESF responsibilities on the nature, magnitude, and effects of an emergency; and
- Coordinate with public information officials to provide emergency information for the public.

Agencies and organizations with ESF responsibilities will:

- Develop and maintain the ESF and SOPs, in conjunction with Glynn County Emergency Management Agency and other supporting agencies;
- Designate agency and organization personnel with emergency authority to work on planning, mitigation, preparedness and response issues and commit resources. Staff assignments should include personnel who are trained to work in the EOC;
• Maintain an internal emergency management personnel list with telephone, fax and pager numbers;

• Provide for procurement and management of resources for emergency operations and maintain a list of such resources;

• Participate in training and exercises to evaluate and enhance ESF capabilities;

• Negotiate and prepare MOUs that impact the specific ESF, in conjunction with Glynn County Emergency Management Agency; and

• Establish procedures for the maintenance of records, including personnel, travel, operations and maintenance expenditures and receipts.
Plan Maintenance

Glynn County Emergency Management Agency is the executive agent for EOP management and maintenance. The EOP will be updated periodically as required to incorporate new directives and changes based on lessons learned from exercises and actual events. This section establishes procedures for interim changes and full updates of the EOP.

- **Types of Changes**

  Changes include additions of new or supplementary material and deletions. No proposed change should contradict or override authorities or other plans contained in statute, order, or regulation.

- **Coordination and Approval**

  Any department or agency with assigned responsibilities under the EOP may propose a change to the plan. Glynn County Emergency Management Agency is responsible for coordinating all proposed modifications to the EOP with primary and support agencies and other stakeholders, as required. Glynn County Emergency Management Agency will coordinate review and approval for proposed modifications as required.

- **Notice of Change**

  After coordination has been accomplished, including receipt of the necessary signed approval supporting the final change language, Glynn County Emergency Management Agency will issue an official Notice of Change. The notice will specify the date, number, subject, purpose, background, and action required, and provide the change language on one or more numbered and dated insert pages that will replace the modified pages in the EOP in addition to manually logged record of changes on the form at the beginning of this plan titled: Record of Revisions. Once published, the modifications will be considered part of the EOP for operational purposes pending a formal revision and redistribution of the entire document. Interim changes can be further modified or updated using the above process and through eLEOP system tools.

- **Distribution**

  Glynn County Emergency Management Agency will distribute Notices of Change to all participating agencies. Notices of Change to other organizations will be provided upon request.

- **Redistribution of the EOP**
Working toward continuous improvement, Glynn County Emergency Management Agency is responsible for an annual review and updates of the EOP and a complete revision every four years, or more frequently if the County Commission or the Georgia Emergency Management Agency deems necessary. The review and update will consider lessons learned and best practices identified during exercises and responses to actual events, and incorporate new information technologies. Glynn County Emergency Management Agency will distribute revised EOP documents for the purpose of interagency review and concurrence.

**EOP-Supporting Documents and Standards for Other Emergency Plans**

As the core plan for domestic incident management, the EOP provides the structures and processes for coordinating incident management activities for terrorist attacks, natural disasters, and other emergencies. Following the guidance provided, the EOP incorporates existing emergency and incident management plans (with appropriate modifications and revisions) as integrated components of the EOP, as supplements, or as supporting operational plans. Accordingly, departments and agencies must incorporate key EOP concepts and procedures for working with EOP organizational elements when developing or updating incident management and emergency response plans. When an agency develops an interagency plan that involves events within the scope of disaster and emergency incidents, these plans are coordinated with Glynn County Emergency Management Agency to ensure consistency with the EOP, and are incorporated into the EOP, either by reference or as a whole. Glynn County Emergency Management Agency will maintain a complete set of current local interagency plans.

Incident management and emergency response plans must include, to the extent authorized by law:

- Principles and terminology of the NIMS;
- Reporting requirements of the EOP;
- Linkages to key EOP organizational elements such as the EOC; and
- Procedures for transitioning from localized incidents to incidents that require state or federal assistance. The broader range of EOP-supporting documents includes strategic, operational, tactical, and incident specific or hazard-specific contingency plans and procedures. Strategic plans are developed based on long-range goals, objectives, and priorities. Operational-level plans merge the on-scene tactical concerns with overall strategic objectives. Tactical plans include detailed, specific actions and descriptions of resources required to manage an actual or potential incident. Contingency plans are based on specific scenarios and planning assumptions related to a geographic area or the projected impacts of an individual hazard. The following is a brief description of EOP-related documents.

**National Incident Management System**

The NIMS provides a core set of doctrine, concepts, terminology, and organizational processes to enable effective, efficient, and collaborative incident management at all
State and Local Emergency Operations Plans

State and local emergency operations plans are created to address a variety of hazards. Examples include:

- State emergency operations plans designed to support State emergency management functions.
- Emergency operations plans created at the municipal level to complement State emergency operations plans.

Hazard Mitigation Plans

Hazard mitigation plans are developed by States and communities to provide a framework for understanding vulnerability to and risk from hazards, and identifying the pre-disaster and post-disaster mitigation measures to reduce the risk from those hazards. Multihazard mitigation planning requirements were established by Congress through the Stafford Act, as amended by the Disaster Mitigation Act of 2000.

Private Sector Plans

Private sector plans are developed by privately owned companies/corporations. Some planning efforts are mandated by statute (e.g., nuclear power plant operations), while others are developed to ensure business continuity.

Nongovernmental and Volunteer Organization Plans

Volunteer and nongovernmental organization plans are plans created to support State and Federal emergency preparedness, response, and recovery operations. Plans include a continuous process of assessment, evaluation, and preparation to ensure that the necessary authorities, organization, resources, coordination, and operation procedures exist to provide effective delivery of services to disaster clients as well as provide integration into planning efforts at all government levels.

Planning and Operations Procedures

Procedures provide operational guidance for use by emergency teams and other personnel involved in conducting or supporting incident management operations. These documents fall into five basic categories:

- Overviews that provide a brief concept summary of an incident management function, team, or capability;
- Standard operating procedures (SOPs) or operations manuals that provide a complete reference document, detailing the procedures for performing a single function (i.e., SOP) or a number of interdependent functions (i.e., operations
Field operations guides or handbooks that are produced as a durable pocket or desk guide, containing essential tactical information needed to perform specific assignments or functions;

Point of contact lists; and

Job aids such as checklists or other tools for job performance or job training.

I. INTRODUCTION

The emergency support function of transportation services involves direction and coordination, operations, and follow-through during an emergency or disaster.

A. Purpose

1. To support and assist municipal, county, private sector, and voluntary organizations requiring transportation for an actual or potential disaster or emergency.
2. To assist city and county agencies and other ESFs with the emergency efforts to transport people. The priorities for allocation of these assets will be:

   a. Evacuating persons from immediate peril.
   b. Transporting personnel for the support of emergency activities.
   c. Transporting relief personnel necessary for recovery from the emergency.

B. Scope

The emergency operations necessary for the performance of this function include but are not limited to:

1. Preparedness

   a. Maintain current inventories of local government transportation facilities, supplies, and equipment by mode.
   b. Maintain current resource directories of all commercial and industrial transportation assets, facilities, and supplies within the County, to include maintaining points of contact, their geographic locations, territories, and operating areas.
   c. Establish and maintain liaison with the state and adjacent county
transportation officials.
d. Plan for supporting all types of evacuation(s) to include lock down of
draw bridges, suspension of highway construction and maintenance,
lane reversal on evacuation routes, and state traffic management
plans and operations.
e. Estimate logistical requirements (e.g., personnel, supplies and
equipment, facilities, and communications) during the planning
process and through exercises. Develop appropriate transportation
packages to support likely scenarios.
f. Participate in exercises and training to validate this annex and
supporting SOPs.
g. Ensure all ESF 1 personnel integrate NIMS and ICS principles in all
planning and preparedness initiatives.

2. Response

a. Identify transportation needs required to respond to the emergency.
b. Coordinate with GEMA for use of state transportation assets.
c. Identify, obtain, prioritize and allocate available transportation
resources.
d. Report the locations of damage to transportation infrastructure,
degree of damage, and other available information to ESF 5.
e. Assist local governments in determining the most viable, available
transportation networks to, from, and within the disaster area, and
regulate the use of such networks as appropriate.
f. Coordinate emergency information for public release through ESF 15.
g. Plan for transportation support of mobilization sites, staging areas,
and distribution points.

3. Recovery

a. Continue to render transportation support when and where required
as long as emergency conditions exist.
b. Coordinate the repair and restoration of transportation infrastructure
with the assistance of ESF 3.
c. Evaluate and task the transportation support requests for impacted
areas.
d. Anticipate, plan for, and ready the necessary notification systems to
support damage assessment teams, establishment of staging areas,
distribution sites, and other local, state, and federal recovery facilities
in the impacted area.
e. Anticipate, plan for, and ready the necessary notification systems to
support the deployment of mutual aid teams, and work teams and
activities in the impacted area.
f. Ensure that ESF 1 team members or their agencies maintain
appropriate records of costs incurred during the event.

4. Mitigation
a. Support and plan for mitigation measures.
b. Support requests and directives resulting from the County Commission concerning mitigation and/or redevelopment activities.
c. Document matters that may be needed for inclusion in briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

A. Strategy
Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this ESF, in cooperation with the EMA. This function will be coordinated with and involve other support agencies and organizations.

The emergency transportation function is the primary responsibility of Glynn County Board of Education and support for this function is the responsibility of Georgia Emergency Management Agency, Glynn County Emergency Management Agency and Glynn County Fire Department.

B. Actions

1. Mitigation/Preparedness
   a. Plan and coordinate with support agencies and organizations.
   b. Maintain a current inventory of transportation resources.
   c. Establish policies, procedures, plans, and programs to effectively address transportation needs.
   d. Recruit, designate, and maintain a list of emergency personnel.
   e. Participate in drills and exercises to evaluate transportation capabilities.

2. Response/Recovery
   a. Staff the EOC when notified by the EMA director.
   b. Establish and maintain a working relationship with support agencies, transportation industries, and private transportation providers.
   c. Provide transportation resources, equipment, and vehicles, upon request.
   d. Channel transportation information for public release, through the EOC and continue providing information and support upon re-entry.
   e. Maintain records of expenditures and document resources utilized during recovery.

III. RESPONSIBILITIES
A. Glynn County Board of Education

1. Glynn County School Board will coordinate with the support agencies in directing transportation resources and prioritizing the needs for transportation services.
2. Immediately following an Incident of Critical Significance, assess the overall status of the transportation system within the county and begin determination of potential needs and resources.
3. ESF 7 (Resource Support) will supply information pertaining to potential volunteer groups, contract vendors, and other entities that may be able to supplement available resources.

B. Georgia Emergency Management Agency
   - Coordinate Pick-up of Special Needs
   - Arrange for Volunteers to Pick-up Special Needs

C. Glynn County Emergency Management Agency
   - Coordinate Evacuations
   - Support of other Agencies during Evacuations

D. Glynn County Fire Department
   - Coordinate Pick-up of Special Needs
   - Arrange for Volunteers to Pick-up Special Needs
IV. COUNTY-SPECIFIC INFORMATION

No County-specific information provided.

I. INTRODUCTION

The emergency support function of communications and warning involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose
This ESF has been established to assure the provision of communications support to municipal, county, and private-sector response efforts during a disaster or emergency.

1. ESF 2 will identify communications facilities, equipment and personnel that could be made available to support disaster recovery efforts.
2. ESF 2 will identify planned actions of telecommunications companies to restore services.
3. ESF 2 will coordinate the acquisition and deployment of communications equipment, personnel and resources to establish temporary communications capabilities following a disaster.

B. Scope

1. Communications is information transfer and involves the technology associated with the representation, transfer, interpretation, and processing of data among persons, places, and machines. It includes transmission, emission, or reception of signs, signals, writing, images,
and sounds or intelligence of any nature by wire, radio, optical, or other electromagnetic systems.

2. ESF 2 plans, coordinates and assists with the provision of communications support to county disaster response elements. This ESF will coordinate emergency warnings and communications equipment and services from local, county and state agencies, voluntary groups, the telecommunications industry and the military.

3. ESF 2 will serve as the focal point of contingency response communications activity in Glynn County before, during and after activation of the EOC.

4. Operations necessary for the performance of this function include but are not limited to:

   a. Preparedness

      i. Identify public and private communications facilities, equipment, and personnel located throughout Glynn County including emergency communications vehicles or mobile command posts.
      ii. Identify actual and planned actions of commercial telecommunications companies to restore services.
      iii. Coordinate the acquisition and deployment of communications equipment, personnel, and resources to establish temporary communications capabilities.
      iv. Develop and coordinate frequency management plans, including talk groups and trunked radio for use in disaster areas.
      v. Develop a long distance communications strategy for implementation during disasters.
      vi. Assess pre-event needs and develop plans to pre-stage assets for rapid deployment into disaster areas.
      vii. Develop plans to prioritize the deployment of services based on available resources and critical needs.
      viii. Plan for operations involving coordination with the state to coordinate communications assets beyond County capability.
      ix. Provide reliable links and maintain available support services for disaster communications with local, county, and state, agencies.
      x. Ensure all ESF 2 personnel integrate NIMS and ICS principles in all planning and preparedness initiatives.
      xi. Participate in tests and exercises to evaluate the county emergency response capability.

   b. Response

      i. Conduct communications needs assessments (to include determining status of all communications systems), prioritize requirements, and make recommendations to deploy equipment and personnel to affected area, as required.
      ii. Identify actual actions of commercial telecommunications companies to restore services.
      iii. Maintain constant two-way communication with all appropriate
Maintain constant two-way communication with all appropriate emergency-operating services of county and local governments.

iv. Implement frequency management plan in the disaster area, including talk groups and trunked radio, as required.

v. Provide capability for responsible officials to receive emergency information and communicate decisions.

vi. Establish communications with GEMA SOC to coordinate communications assets, personnel, and resources and mobile command vehicles as needed.

c. Recovery

i. Arrange for alternate communication systems to replace systems that are inoperative due to damage from disasters.

ii. Maintain or restore contact with the other EOCs (state, cities, and county emergency management/preparedness organizations), as capabilities allow.

iii. Make communications channels available to provide appropriate information to the public concerning safety and resources required for disaster recovery.

iv. Maintain or restore contact with all appropriate emergency operations services of county government.

v. Gather communications damage assessment information from public and private organizations (including telephone outages) and report to ESF 5.

vi. Assess the need for and obtain telecommunications industry support as needed.

vii. Prioritize the deployment of services based on available resources and critical needs.

viii. Anticipate and plan for arrival of, and coordination with, GEMA ESF 2 personnel in the SOC and other established facilities.

ix. Ensure ESF 2 team members or their agencies, maintain appropriate records of costs incurred during the event.

d. Mitigation

i. Support and plan for mitigation measures.

ii. Document matters that may be needed for inclusion in agency or state/federal briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

A. Strategy

Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this ESF, in cooperation with the EMA. This function will be coordinated with and involve other support agencies and organizations.
The emergency communications and warning function is the primary responsibility of Glynn-Brunswick 911 Center and support for this function is the responsibility of AT&T, Brunswick Fire Department, Brunswick Police Department, Comcast, Georgia State Patrol, Brunswick Post, Glynn County Amateur Radio Emergency Services, Glynn County Emergency Management Agency, Glynn County Fire Department, Glynn County Police Department, Glynn County Sheriff Department, Jekyll Island Fire Department and Verizon Wireless.

B. Actions

1. Mitigation/Preparedness
   a. Establish methods of communications and warning for probable situations including type of emergency, projected time, area to be affected, anticipate severity, forthcoming warnings, and actions necessary.
   b. Ensure that primary and alternate communications systems are operational.
   c. Recruit, train, and designate communications and warning operators for the EOC.
   d. Establish warning systems for critical facilities;
   e. Provide communications systems for the affected emergency or disaster area.
   f. Develop maintenance and protection arrangements for disabled communications equipment.
   g. Participate in drills and exercises to evaluate local communications and warning response capabilities.

2. Response/Recovery
   a. Verify information with proper officials.
   b. Establish communication capability, between and among EOC, agencies and organizations with ESF responsibilities, other jurisdictions, and SOC.
   c. Coordinate communications with response operations, shelters, lodging, and food facilities.
   d. Provide a system for designated officials to communicate with the public including people with special needs, such as hearing impairments and non-English speaking.
   e. Warn critical facilities.
   f. Continue coordinated communications to achieve rapid recovery and contact with the SOC.
   g. Maintain records of expenditures and document resources utilized during recovery.

III. RESPONSIBILITIES
A. Glynn-Brunswick 911 Center

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.
2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC.
3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local communications capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

B. AT&T

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.
2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC.
3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local communications capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.
C. Brunswick Fire Department

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.
2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC.
3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local communications capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

D. Brunswick Police Department

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.
2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC.
3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local communications capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

E. Comcast

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.
2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC.
3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local communications capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.
F. Georgia State Patrol, Brunswick Post

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.
2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC.
3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local communications capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

G. Glynn County Amateur Radio Emergency Services

1. Provide public communications during emergencies and disasters.
2. Recruit, train, and designate communications and warning operators for the EOC.

H. Glynn County Emergency Management Agency

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.
2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC.
3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local communications capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

I. Glynn County Fire Department

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.
2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC.
3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local communications capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

J. Glynn County Police Department

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.
2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC.
3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local communications capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

K. Glynn County Sheriff Department

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.
2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC.
3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local communications capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

L. Jekyll Island Fire Department

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.
2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC.
3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local communications capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

M. Verizon Wireless

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.
2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC.
3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local communications capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

IV. COUNTY-SPECIFIC INFORMATION

No County-specific information provided.
EMERGENCY SUPPORT FUNCTION 3
PUBLIC WORKS AND ENGINEERING

Primary Agency
Glynn County Public Works

Support Agencies
Brunswick Public Works Department
Glynn County Building Inspector
Glynn County Engineering Department
Glynn County GIS Department
Glynn County Tax Assessor
Jekyll Island Public Works

I. INTRODUCTION
The emergency support function of public works and engineering involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose
This ESF provides operational guidance to those who are assigned to work in public works and engineering services. The mission of this ESF is to remove debris from streets, eliminate hazards, manage storm damage, provide rapid restoration of water/sewer services, repair essential services, immediately provide damage assessment information and cooperate with other emergency agencies.

B. Scope
This ESF is structured to provide public works and engineering related support for the changing requirements of incident management to include preparedness, prevention, response, recovery, and mitigation actions. Functions include but are not limited to:

1. Preparedness
   a. General
      i. Participate in exercises and training to validate this annex and supporting SOPs.
      ii. Ensure all ESF 3 personnel integrate NIMS and ICS principles in all planning and preparedness initiatives.

   b. Public Works and Engineering
i. Assist with the provision of water (potable and nonpotable) and ice into the disaster area if local supplies become inadequate.
ii. In coordination with local emergency management officials, develop policy for conservation, distribution and use of potable and firefighting water.
iii. Identify and locate chemicals to maintain a potable water supply.
iv. Include in ESF 3 Standard Operating Procedures an alerting list, to include points-of-contact and telephone numbers, of agencies, counties, municipalities and organizations supporting public works and engineering functions.
v. Maintain a current inventory of equipment and supplies, to include points-of-contact and telephone numbers, required to sustain emergency operations, including emergency power generators.
vi. Establish operational needs for restoration of public works service during the emergency.
vii. Develop and maintain listings of commercial and industrial suppliers of services and products, to include points-of-contact and telephone numbers associated with public works and engineering functions.
viii. Plan engineering, contracting, and procurement assistance for emergency debris, snow or ice clearance, demolition, public works repair, and water supply, and sewer missions.
ix. In conjunction with GEMA, plan for use of state resources to support ESF 3 operations.

c. Damage Assessment: Coordinate the deployment of state damage assessment teams and other engineer teams into any area of the state.

2. Response

a. Public Works and Engineering

i. Identify water and sewer service restoration, debris management, potable water supply, and engineering requirements as soon as possible.
ii. Evaluate status of current resources to support ESF 3 operations.
iii. Establish priorities to clear roads, repair damaged water/sewer systems and coordinate the provision of temporary, alternate or interim sources of emergency power and water/sewer services.
iv. As needed, recommend priorities for water and other resource allocations.
v. Procure equipment, specialized labor, and transportation to repair or restore public works systems.
vi. Coordinate with GEMA for use of state assets.
vii. Coordinate with ESF 6 for shelter support requirements.
viii. Coordinate with ESF 8 and ESF 11 for advice and assistance
regarding disposal of debris containing or consisting of animal carcasses.

ix. Coordinate with ESF 10 for advice and assistance regarding disposal of hazardous materials.

x. Coordinate with ESF 4 for advice and assistance regarding firefighting water supply.

b. Damage Assessment

i. At the onset of an emergency or disaster, notify department/agency heads and local governments and volunteer organizations to have damage assessment and safety evaluation personnel available to deploy to affected area(s) and pre-position as appropriate.

ii. Provide damage assessment coordinators and support for joint state/federal teams into the affected area, as required.

iii. Coordinate with ESF 12 for public utility damage assessment information.

iv. Collect, evaluate, and send damage assessment reports to ESF 5 and other appropriate agencies.

v. Coordinate state and local damage assessment operations with related state and federal activities.

vi. Prepare damage assessment documents in conjunction with GEMA where appropriate for a presidential emergency or major disaster declaration when necessary.

3. Recovery

a. General

i. Anticipate and plan for arrival of and coordination with state and federal ESF 3 personnel in the EOC and/or the Joint Field Office (JFO).

ii. Ensure that ESF 3 team members, their agencies, or other tasked organizations, maintain appropriate records of time and costs incurred during the event.

b. Public Works and Engineering

i. Maintain coordination with all supporting agencies and organizations on operational priorities for emergency repair and restoration. Coordinate, as needed, for debris management operations on public and private property.

ii. Continue to monitor restoration operations when and where needed as long as necessary and until all services have been restored.

b. Damage Assessment: In conjunction with GEMA, develop disaster
project worksheets as required.

4. Mitigation

a. Support and plan for mitigation measures.
b. Support requests and directives from GEMA concerning mitigation and/or re-development activities.
c. Document matters that may be needed for inclusion in agency or state/federal briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

A. Strategy

Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this section of the ESF, in cooperation with the EMA. This function will be coordinated with and involve other support agencies and organizations.

Public works and engineering services is the primary responsibility of Glynn County Public Works and support for this function is the responsibility of Brunswick Public Works Department, Glynn County Building Inspector, Glynn County Engineering Department, Glynn County GIS Department, Glynn County Tax Assessor and Jekyll Island Public Works.

1. Actions

a. Mitigation/Preparedness

i. Recruit, train, and designate public works and engineering personnel to serve in the EOC.
ii. Develop and maintain an inventory of equipment, supplies, and suppliers required to sustain emergency operations.
iii. Prioritize service restoration for emergencies.
iv. Establish liaison with support agencies, organizations, and the private sector to ensure responsiveness.
v. Participate in drills and exercises to evaluate public works and engineering response capability.

b. Response/Recovery

i. Alert emergency personnel of the situation and obtain necessary resources.
ii. Establish response operations and support personnel working in the EOC.
iii. Maintain coordination and support among applicable agencies and organizations and the private sector.
iv. Channel all pertinent emergency information through the EOC.
v. Assist in evaluating losses, recommending measures for conservation of resources, and responding to needs on a priority basis.
vi. Conduct restoration and maintenance operations until completion of repair services.
vii. Maintain records of expenditures and document resources utilized during recovery.

III. RESPONSIBILITIES

A. Glynn County Public Works
   1. Oversee the coordination management of resources, facilities and equipment.
   2. Develop maintenance and protection arrangements for consolidated public works and engineering response and recovery.
   3. Maintain records of expenditures and document resources utilized during response and recovery efforts.

B. Brunswick Public Works Department
   1. Serve as the Primary coordinator for damage assessment and related tasks. Designated representatives will work closely with the ESF Primary Agency and CEMA to assist in the posting and monitoring of damage reports. 2. Coordinate with other ESFs to consolidate reports of damage and focus assessment efforts. 3. Act as liaison between the EOC and the State EOC for damage assessment activity. 4. Identify and facilitate resolution of area responsibility among agencies involved. 5. Maintain contact with municipal liaisons to collect and relay information. 6. Provide direction on policy issues. 7. Assist with public information releases regarding areas of damage. 8. Coordinate with the ESF Primary Agency to exchange information regarding area condition and accessibility with the Search and Rescue ESF.

C. Glynn County Building Inspector
   1. Serve as the Primary coordinator for damage assessment
1. Serve as the Primary coordinator for damage assessment and related tasks. Designated representatives will work closely with the ESF Primary Agency and GCEMA to assist in the posting and monitoring of damage reports.
2. Coordinate with other ESFs to consolidate reports of damage and focus assessment efforts.
3. Act as liaison between the EOC and the State EOC for damage assessment activity.
4. Identify and facilitate resolution of area responsibility among agencies involved.
5. Maintain contact with municipal liaisons to collect and relay information.
7. Assist with public information releases regarding areas of damage.
8. Coordinate with the ESF Primary Agency to exchange information regarding area condition and accessibility with the Search and Rescue ESF.

D. Glynn County Engineering Department

1. Serve as the Primary coordinator for damage assessment and related tasks. Designated representatives will work closely with the ESF Primary Agency and GCEMA to assist in the posting and monitoring of damage reports.
2. Coordinate with other ESFs to consolidate reports of damage and focus assessment efforts.
3. Act as liaison between the EOC and the State EOC for damage assessment activity.
4. Identify and facilitate resolution of area responsibility among agencies involved.
5. Maintain contact with municipal liaisons to collect and relay information.
7. Assist with public information releases regarding areas of damage.
8. Coordinate with the ESF Primary Agency to exchange information regarding area condition and accessibility with the Search and Rescue ESF.

E. Glynn County GIS Department

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required. 2. Assemble a list of public works and engineering related assets available to support recovery and coordinate this information with the EOC. 3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 5. Participate in drills and exercises to evaluate local communications capability. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency

F. Glynn County Tax Assessor

1. Serve as the Primary coordinator for damage assessment and related tasks.
Designated representatives will work closely with the ESF Primary Agency and GCEMA to assist in the posting and monitoring of damage reports. 2. Coordinate with other ESFs to consolidate reports of damage and focus assessment efforts. 3. Act as liaison between the EOC and the State EOC for damage assessment activity. 4. Identify and facilitate resolution of area responsibility among agencies involved. 5. Maintain contact with municipal liaisons to collect and relay information. 6. Provide direction on policy issues. 7. Assist with public information releases regarding areas of damage. 8. Coordinate with the ESF Primary Agency to exchange information regarding area condition and accessibility with the Search and Rescue ESF.

G. Jekyll Island Public Works

1. Serve as the Primary coordinator for damage assessment and related tasks. Designated representatives will work closely with the ESF Primary Agency and GCEMA to assist in the posting and monitoring of damage reports.
2. Coordinate with other ESFs to consolidate reports of damage and focus assessment efforts.
3. Act as liaison between the EOC and the State EOC for damage assessment activity.
4. Identify and facilitate resolution of area responsibility among agencies involved.
5. Maintain contact with municipal liaisons to collect and relay information.
7. Assist with public information releases regarding areas of damage.
8. Coordinate with the ESF Primary Agency to exchange information regarding area condition and accessibility with the Search and Rescue ESF.

IV. COUNTY-SPECIFIC INFORMATION

No County-specific information provided.
I. INTRODUCTION
The emergency support function of firefighting services involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose
This ESF provides a comprehensive mechanism to ensure appropriate utilization of local fire resources before and after the impact of a disaster. This will include but is not limited to the detection and suppression of urban, rural, and wildland fires resulting from, or occurring coincidentally with a significant natural or man-made disaster.

B. Scope
ESF 4 involves the management and coordination of firefighting resources in the detection and suppression of fires, during rescue situations, and when mobilizing and coordinating personnel, equipment, and supplies in support of local entities.

ESF 9, Search and Rescue and ESF10, Hazardous Materials, will be collocated with ESF 4 and are integral components of the function of ESF 4 support agencies. In preparation for and execution of its fire protection mission, ESF 4 will:

1. Preparedness
   a. Maintain current inventories of fire service facilities, equipment, and personnel throughout the County.
   b. Organize and train fire service emergency teams to rapidly respond to requests for assistance.
   c. Monitor weather and hazardous conditions that contribute to increased fire danger.
   d. Maintain personnel and equipment in a state of readiness appropriate to existing and anticipated emergency conditions to
include mobilizing resources and staging them at various locations.
e. Based on hazardous conditions, conduct fire prevention and
education activities for the public.
f. Participate in exercises and training to validate this annex and
supporting SOPs.
g. Ensure all ESF 4 personnel integrate NIMS and ICS principles in all
planning and preparedness initiatives.

2. Response

a. Support local fire departments and the Forestry Commission with
appropriate resources to include mobilizing and deploying firefighting
teams and resources as needed.
b. Coordinate with GEMA for use of state assets to support firefighting
operations.
c. Monitor status of firefighting resources committed to an incident.
d. Maintain staging area locations.
e. Plan for and establish relief resources to replace or rotate with
committed resources for extended operations.
f. Support fire investigations, as requested.
g. Obtain and submit fire situation and damage assessment reports and
provide information to EOC.
h. Establish communications with the State Regional Fire Coordinator,
when activated, to coordinate fire service response beyond the
capability of County.
i. When the situation dictates, coordinate with GEMA and/or SOC to
invoke mutual aid agreements.
j. Once resources are requested, provide for direct liaison with fire
chiefs in affected areas to coordinate requests for specific assistance.
k. Require supporting agencies maintain appropriate records of cost
incurred during an event.
l. Document any lost or damaged equipment, any personnel or
equipment accidents.

3. Recovery

a. Maintain adequate resources to support local operations and plan for
a reduction of resources.
b. Conduct reviews of incident actions with teams involved to improve
future operations.
c. Inventory lost or damaged equipment and record any personnel
injuries or equipment accidents.
d. Anticipate and plan for arrival of and coordination with state ESF 4
personnel in the EOC and the Joint Field Office (JFO).
e. Inform agencies that provided resources where to send records for
costs incurred during an event.

4. Mitigation
a. Support and plan for mitigation measures.
b. Support requests and directives from the state concerning mitigation and/or re-development activities.
c. Document matters that may be needed for inclusion in agency or state/federal briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

A. Fire Fighting Services

1. Strategy
   Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this section of the ESF, in cooperation with the EMA. This function will be coordinated with and involve other support agencies and organizations.

   The firefighting services function is the primary responsibility of Glynn County Fire Department and support for this function is the responsibility of Brunswick Fire Department, Georgia Forestry Department, Glynn-Brunswick 911 Center and Jekyll Island Fire Department.

2. Actions

   a. Mitigation/Preparedness

      i. Keep abreast of fire and weather forecasting information and maintain a state of readiness.
      ii. Implement efficient and effective MOUs among local fire agencies.
      iii. Establish reliable communications and incident command systems between support agencies, for an emergency site and EOC.
      iv. Recruit, train, and designate fire service personnel to serve in the EOC.
      v. Participate in drills and exercises to evaluate fire service response capability.

   b. Response/Recovery

      i. Maintain a list of current fire service agencies and resource capabilities.
      ii. Coordinate fire services support among and between the EOC, functional support agencies, organizations, and SOC.
      iii. Obtain, maintain, and provide fire situation and damage assessment information.
      iv. Channel fire service information for public release through EOC.
v. Conduct fire fighting operations.
vi. Provide technical assistance and advice in the event of fires that involve hazardous materials.

vii. Continue fire service operations through reentry.

viii. Maintain records of expenditures and document resources utilized during recovery.

III. RESPONSIBILITIES

A. Glynn County Fire Department

1. As the primary agency for ESF # 4, Glynn County Fire/EMS will coordinate the provision of local firefighting personnel and equipment.
2. It will also plan, coordinate, and assign any responding mutual aid resources.
3. It additionally will coordinate those resources volunteered for ESF # 4 from other unidentified sources.

B. Brunswick Fire Department

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs.
2. Assemble a complete list of available firefighting resources within Glynn County and surrounding counties and municipalities that may be available for response and coordinate this information with the EOC.
3. Request volunteer and private agencies with assets to contribute those assets to response efforts.

C. Georgia Forestry Department

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs.
2. Assemble a complete list of available firefighting resources within Glynn County and surrounding counties and municipalities that may be available for response and coordinate this information with the EOC.
3. Request volunteer and private agencies with assets to contribute those assets to response efforts.
D. Glynn-Brunswick 911 Center

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs.
2. Assemble a complete list of available firefighting resources within Glynn County and surrounding counties and municipalities that may be available for response and coordinate this information with the EOC.
3. Request volunteer and private agencies with assets to contribute those assets to response efforts.

E. Jekyll Island Fire Department

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs.
2. Assemble a complete list of available firefighting resources within Glynn County and surrounding counties and municipalities that may be available for response and coordinate this information with the EOC.
3. Request volunteer and private agencies with assets to contribute those assets to response efforts.

IV. COUNTY-SPECIFIC INFORMATION

No County-specific information provided.
Primary Agency
   Glynn County Emergency Management Agency

   Liberty-Hinesville Emergency Management Agency
   Wayne County Emergency Management Agency

I. INTRODUCTION
   The emergency support function of emergency management services involves direction and coordination, operations and follow-through during an emergency or disaster.

   A. Purpose
   This ESF provides operational guidance to those who are assigned to work in this ESF. The mission of this ESF is to collect, process, and disseminate information about an actual or potential disaster situation, and facilitate the overall activities of response and recovery. It also is used to make appropriate notifications and interface with other local and state entities.

   1. Provide technical information on plans, SOPs, research and support.
   2. Collect, process and disseminate essential information to the EOC staff.
   3. Develop briefings, displays, and plans.
   4. Consolidate key information into reports and other materials; describe
and document overall response activities and inform appropriate authorities of the status of the overall response operations.

5. Maintain displays of key information such as maps, charts and status boards, and computer bulletin boards or electronic mail, as available.

6. Establish a pattern of information flow and support of the action planning process initiated by the Command Staff.

7. Provide logistical support for EOC staffing and facility needs.

8. Establish historical records collection process and event reconstruction.

9. Generate various reports and releases to support operations.

10. Coordinate Incident Action Planning to support operations.

11. Support the implementation of mutual aid agreements to ensure a seamless resource response to affected jurisdictions.

12. Maintain an on-call workforce of trained and skilled reserve employees to provide the capability to perform essential emergency management functions on short notice and for varied duration.

13. May follow established protocol to request additional state or federal assistance under the Stafford Act; communication made through the county emergency manager and GEMA based on need and scope of the emergency.

B. Scope

1. This ESF is structured to coordinate overall information and planning activities from the EOC in support of response and recovery operations. The ESF assimilates incident information when the EOC is activated from municipal representatives and activated ESFs.

2. Activities within the scope of this function include:

   a. Supporting ESFs across the spectrum of incident management from prevention to response and recovery.
   b. Facilitating information flow in the preparedness phase in order to place assets on alert or to preposition assets for quick response.
   c. Coordinating those functions that are critical to support and facilitate multi-agency planning and coordination for operations involving potential and actual disasters and emergencies.
   d. Utilizing alert and notification measures to assist in incident action planning, coordination of operations, logistics and material, direction and control, information management, facilitation of requests for State assistance, resource acquisition and management (to include allocation and tracking), worker safety and health, facilities management, financial management, and other support as required.

3. Preparedness

   a. Develop procedures and formats for information gathering and reporting to include procedures for SITREP format and submission.
   b. Train support agencies on roles and responsibilities.
   c. Develop information displays within the EOC.
   d. Ensure weather products are up to date and available for use in the
4. Response

a. Notify all ESF 5 supporting agencies upon activation.
b. Assign duties to support agency personnel and provide training as required.
c. Coordinate EOC effort in collecting, processing, reporting and displaying essential information to include development of the SITREP.
d. Conduct planning to identify priorities, develop approaches, and devise recommended solutions for future response operations.
e. Provide weather information and briefings to the EOC and others as required.
f. Plan for support of mobilization sites, staging areas, and distribution points.
g. Coordinate the reception of state personnel.
h. Plan for transition to JFO and recovery operations.

5. Recovery

a. Continue information gathering and processing.
b. Collect and process information concerning recovery activities to include anticipating types of recovery information the EOC and other government agencies will require.
c. Assist in the transition of direction and control from the EOC to the JFO.
d. Anticipate and plan for the support and establishment of staging areas, distribution sites in coordination with ESF 7, and other local, state and/or federal emergency work teams and activities in the impacted area.
e. Operate ESF 5 cells in both the EOC and JFO, as required.
f. Perform ESF 14 planning functions in the EOC until ESF 14 is established at the JFO.
g. Ensure that ESF 5 team members or their agencies maintain appropriate records of costs incurred during the event.

6. Mitigation

a. Support and plan for mitigation measures.
b. Support requests and directives from the state concerning mitigation and/or re-development activities.
c. Document matters that may be needed for inclusion in agency or state/federal briefings, situation reports and action plans.
II. CONCEPT OF OPERATIONS

A. Strategy
EMA will coordinate with appropriate agencies and organizations to ensure operational readiness and will develop and maintain Standard Operating Procedures (SOPs).

B. Actions

1. Mitigation/Preparedness

a. Monitor potential or developing incidents and support the efforts of operations.
b. Support the implementation of mutual aid agreements.
c. Maintains schedule for staffing and operating the Emergency Operations Center (EOC) from activation to stand-down.
d. Coordinate with agencies to establish evacuation procedures, to include personnel and resources needed.
e. Coordinate damage assessment teams; collect, record, and report information to the SOC.
f. Plan for and coordinate the basic needs of emergency medical and social services required during and after evacuation.
g. Identify a staging area for personnel and equipment in conjunction with ESF 6 and ESF 8.
h. Establish, organize, train, equip and provide for the deployment of damage assessment teams into affected area.
i. Establish procedures for agencies, organizations and local governments to maintain expenditures.
j. Plan and/or attend meetings to ensure planning functions are carried out to support this ESF.
k. Participate in and/or conduct exercises and tests to evaluate local capability.
l. Identify Points of Distribution (POD) locations in the county to serve the public; coordinate designation of these areas with GEMA.

2. Response/Recovery

a. Alert support agencies and other jurisdictions regarding potential emergency or disaster.
b. Activate and staff EOC according to event magnitude.
c. Coordinate operations and situational reporting to the State Operations Center.
d. Request logistical assistance from supporting agencies and MOUs partners, as necessary.
e. Anticipate and plan for the support of staging areas, distribution sites, opening of shelters (to include neighboring jurisdictions), in conjunction with ESF 6 and ESF 8.
f. Work with ESF 6 and ESF 8 to provide support for movement of
people, including individuals with special needs, through coordination with appropriate agencies/organizations.
g. Assign Damage Assessment Teams to survey impact to county.
h. Compile initial damage assessments reports and forward to the SOC.
i. Assist in coordination of state damage assessment activities.
j. Maintain records of expenditures and document resources utilized during recovery.
k. Collect and process information regarding recovery activities to include anticipating types of recovery information the EOC and other state agencies will require.
l. Coordinate and/or participate in briefings, conference calls, etc. to maintain and provide situational awareness.
m. Provide updated information for ESF 15 to distribute to the public and media.
n. Resume day-to-day operations.

III. RESPONSIBILITIES

A. Glynn County Emergency Management Agency

1. Coordinate message flow within the EOC.
2. Coordinate the overall efforts to collect, process, report, and display essential elements of information; and facilitate support for planning response operations.
3. Distribute plans and reports to the state and other ESFs.
4. Maintain records of expenditures and document resources utilized during response and recovery efforts.

• Brunswick Fire Department

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.
• Brunswick Police Department

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

• Camden County Emergency Management

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

• City of Brunswick

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

• Georgia Emergency Management Agency

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

• Georgia State Patrol, Brunswick Post

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.
• Glynn County Board of Commissioners

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

• Glynn County Board of Education

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

• Glynn County Building Inspector

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

• Glynn County Engineering Department

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

• Glynn County Fire Department
1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

- Glynn County Police Department

  1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
  2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
  3. Participate in drills and exercises to evaluate local capability.
  4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

- Glynn County Public Health Department

  1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
  2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
  3. Participate in drills and exercises to evaluate local capability.
  4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

- Glynn County Public Works

  1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
  2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
  3. Participate in drills and exercises to evaluate local capability.
  4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

- Glynn County Sheriff Department

  1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
  2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
  3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

• Jekyll Island Fire Department

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

• Jekyll Island Public Works

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

• Liberty-Hinesville Emergency Management Agency

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

• Wayne County Emergency Management Agency

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

No County-specific information provided.
EMERGENCY SUPPORT FUNCTION 6
MASS CARE, HOUSING, AND HUMAN SERVICES

Primary Agency
Glynn County Depart of Family and Children Service

Support Agencies
American Red Cross
Glynn County Board of Education
Glynn County Public Health Department
Salvation Army
Southeast Georgia Health Systems
Ware County Emergency Management

I. INTRODUCTION

The emergency support function of mass care, housing and human services involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose
This ESF provides operational guidance to those who are assigned to work in this ESF. The mission of this ESF is to coordinate activities involved with the emergency provision of temporary non-medical shelters, housing, and human services to include emergency mass feeding and disaster welfare information of individuals and/or families impacted by a disaster or emergency.

1. Coordinate the tasking of all sheltering activities during a disaster.
2. Coordinate with ESF 8 to establish and operate of mass feeding facilities in areas affected by disasters.
3. Coordinate with relief efforts provided by volunteer organizations performing mass care functions.
4. Coordinate the establishment of a system to provide shelter registration data to appropriate authorities.
5. Work with ESF 8 to coordinate provision of emergency first aid in shelters and fixed feeding sites.
6. Coordinate provision of medical support exceeding that required for standard first aid, for the prevention of communicable diseases, to include epidemiological and environmental health activities, as related to sheltering and feeding disaster victims.
7. Coordinate with ESF 12 to ensure each shelter has power generation capabilities.

B. Scope
1. This ESF is structured to promote the delivery of services and the implementation of programs to assist individuals, households and families impacted by potential or actual disaster or emergency. This includes economic assistance and other services for individuals impacted by the incident.

2. Activities within the scope of this function include:

   a. Preparedness

      i. The primary agency will prepare for disasters by coordinating with support agencies for their participation in exercises.
      ii. ESF 8 will provide ESF 6 with regularly updated lists of planned special needs shelters or other special needs units in existence in each county.
      iii. ESF 6 will maintain a roster of primary contact ESF personnel.
      iv. ESF 6 will coordinate with the American Red Cross (ARC), Glynn County Emergency Management Agency, and GEMA to ensure an up-to-date shelter list is available.
      v. ESF 6 will procure and regularly update a list of all agencies (public and private) that have a mission and capability to provide mass feeding in times of disaster.
      vi. ESF 6 agencies will participate in exercises and training to validate this annex and supporting SOPs.
      vii. Ensure all ESF 6 personnel integrate NIMS and ICS principles in all planning and preparedness initiatives.

   b. Response

      i. Lead and support agencies will have and maintain appropriate listings of agency staff to notify for response activities.
      ii. ESF 6 will coordinate with ESF 5 and ESF 11 regarding mass feeding sites established by responding emergency management agencies.
      iii. Shelters will be opened and closed in accordance with public need as assessed by the appropriate volunteer organization, state and county emergency management agencies.
      iv. ESF 6 will monitor occupancy levels and ongoing victims needs, and will provide ESF 5 with an updated list of operational shelters.
      v. ESF 6 will coordinate with Glynn County Emergency Management Agency, ARC, VOAD, and ESF 8 to update lists of available shelters including special needs shelters.
      vi. ESF 6 will coordinate with ESF 8 for the provision of medical services and mental health services in shelters with the appropriate agencies.
      vii. ESF 6 will coordinate with appropriate agencies to ensure that each shelter has a working communications system and has contact with the County EOC and the managing agency. This
may include radio, telephone, computer, or cellular telephone communication devices.

viii. ESF 6 will provide a list of mass care sites requiring restoration of services to EOC Operations.

ix. ESF 6 will coordinate with ESF 13 regarding additional security resources, if needed, at mass care shelters.

c. Recovery

i. ESF 6 will coordinate with ESF 5, ESF 11, and ESF 8 to establish or support existing mass feeding sites operated by the American Red Cross, Salvation Army, and other volunteer agencies. The first priority of mass feeding activities will be disaster victims. Emergency workers will be encouraged to utilize established mass feeding sites in lieu of individual site distribution.

ii. ESF 6 will coordinate mass feeding locations to ensure optimal access for public service based on emergency needs.

iii. ESF 6 will coordinate with ESF 3 for garbage removal and ESF 8 for sanitation requirements and inspections at mass feeding sites in conjunction with county agencies.

iv. ESF 6 will coordinate with ESF 11 and other responsible agencies for the provision of food and water to mass feeding sites, if needed. Liaison will be established with ESF 11 and 8 to ensure continued coordination for mass feeding.

v. Anticipate and plan for arrival of and coordination with state ESF 6 personnel in the EOC and Joint Field Office (JFO).

d. Mitigation

i. ESF 6 agencies will work to educate citizens on disaster preparedness and disaster mitigation activities.

ii. Support requests and directives resulting from GEMA concerning mitigation and/or re-development activities.

iii. Document matters that may be needed for inclusion in agency or state/federal briefings, situation reports, and action plans.

II. CONCEPT OF OPERATIONS

A. Mass Care Services

1. Strategy

Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this section of the ESF. This function will be coordinated with and involve other support agencies and organizations.
The mass care function is the primary responsibility of Glynn County Department of Family and Children Service and support for this function is the responsibility of American Red Cross, Glynn County Board of Education, Glynn County Public Health Department, Salvation Army, Southeast Georgia Health Systems and Ware County Emergency Management.

2. Actions

a. Mitigation/Preparedness

i. Coordinate MOUs with appropriate agencies and organizations for the provision of services to or on behalf of affected individuals and families.

ii. Maintain, through the County Department of Family and Children Services, in coordination with the EMA, American Red Cross, Public Health Department, and Rehabilitation Services Office, an updated list of shelters with all relevant information (e.g., location, capacity, health inspection status, accessibility level, pet space, contact telephone numbers, and pager numbers).

iii. Request that the American Red Cross assume responsibility for securing shelter and feeding arrangements, train shelter workers, provide shelter management, prepare first-aid kits, prepare media releases of shelter locations, operate shelters, and maintain shelter records.

iv. Coordinate with the American Red Cross and EMA to establish a communication system between the EOC and shelters.

v. Prepare for evacuation and care of protective service recipients during an emergency or disaster.

vi. Participate in drills and exercises to evaluate mass care and shelter response capability.

b. Response/Recovery

i. Support opening and operating American Red Cross shelter(s), at the request of the EMA.

ii. Assist with the staffing of the American Red Cross shelters, in coordination with ESF 8 and other applicable agencies, as requested upon opening.

iii. Provide staffing support for American Red Cross Services Centers and local Disaster Recovery Centers (DRCs), upon request.

iv. Ensure evacuation and care of protective service recipients and arranging for re-entry.

v. Maintain records of expenditures and document resources utilized during recovery.

B. Food Services
1. Strategy
Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this section of the ESF, in cooperation with the EMA. This function will be coordinated with ESF 11 and involve other support agencies and organizations.

Food services is the primary responsibility of Glynn County Depart of Family and Children Service and support for this function is the responsibility of American Red Cross, Glynn County Board of Education, Glynn County Public Health Department, Salvation Army, Southeast Georgia Health Systems and Ware County Emergency Management.

2. Actions

a. Mitigation/Preparedness

i. Identify agencies and organizations with food preparation and distribution capabilities and coordinate MOUs with appropriate entities.

ii. Maintain procedures and responsibilities for food service, issuance, and distribution, in coordination with the EMA and/or other agencies.

iii. Establish a system for county implementation of Expedited and/or Emergency Food Stamps.

iv. Develop a system for mobile and on-site feeding of emergency workers and shelter residents.

v. Participate in tests and exercises to evaluate food distribution and service response capability.

b. Response/Recovery

i. Work with the EMA to determine food and water needs.

ii. Begin plan implementation as expeditiously as possible.

iii. Coordinate community resources and personnel to assist with food and water services and/or distribution.

iv. Establish sites for food and water service, distribution, and issuance.

v. Implement the Expedited and/or Emergency Food Stamp Programs at the request of the local government, in coordination with the EMA director.

vi. Work with ESF 8 and ESF 11 to monitor food and/or water for contamination and issuance of health-related public service announcements, as necessary.

vii. Continue the provision of food and/or water throughout reentry and recovery.

viii. Maintain records, expenditures, and document resources utilized during recovery.
III. RESPONSIBILITIES

A. Glynn County Department of Family and Children Service

1. Ensure the presence of resource materials in sufficient numbers in the ESF location. These materials would include:
2. Shelter listings for each agency with names and numbers of each shelter manager, as available.
3. Locations of all mass feeding sites and the names of site managers.
4. Provide a system for recording incoming requests for sheltering and mass feeding, response assignments and actions taken.
5. Establish a protocol for prioritizing response activities.
6. Coordinate activities with other ESFs.
7. Maintain records of expenditures and document resources utilized during response and recovery efforts.

B. American Red Cross

Open, administer and operate all shelters.

C. Glynn County Board of Education

1. Support sheltering activities with personnel and facilities, specifically through contractual agreement between the Glynn County Board of Education (BOE) and the American Red Cross.
2. Provide security at BOE facility shelters as required.

D. Glynn County Public Health Department

1. Assist in locating health and welfare workers to augment personnel assigned to shelters.
2. Support disaster mental health services;
3. Provide technical assistance for shelter, feeding and warehouse operations related to food, vector control, water supply and waste disposal; and
4. Assist with the provision of medical and first aid supplies for shelters and first aid stations.

E. Salvation Army

Assist with mass feeding activities.
F. Southeast Georgia Health Systems

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

G. Ware County Emergency Management

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

IV. COUNTY-SPECIFIC INFORMATION

No County-specific information provided.

I. INTRODUCTION

The emergency support function of resource support services involves direction and coordination of volunteers, operations and follow-through during an emergency or disaster.

A. Purpose

This ESF provides operational guidance to those who are assigned to work in this ESF. This ESF has been established to provide logistical and resource support to local entities in supporting emergency response and recovery efforts during an emergency or disaster.

1. ESF 7 shall plan, coordinate and managing resource support and delivery in response to and recovery from a major disaster or catastrophe.
2. ESF 7 shall provide supplies and equipment from county and municipal stocks, commercial sources and donated goods.
3. ESF 7 support agencies will furnish resources as required.
4. Procurement will be made in accordance with current local, state and federal laws and regulations that include emergency procedures under Georgia Statute and Glynn County policies and ordinances.

B. Scope

1. Preparedness

   a. Develop methods and procedures for responding to and complying with requests for resources.
   b. Develop procedures for reimbursing private vendors for services rendered.
   c. Develop lists of private vendors and suppliers and their available resources.
   d. Establish pre-planned contracts where necessary to ensure prompt
support from vendors during emergencies.
e. Develop and train ESF 7 personnel on County emergency procurement procedures for acquiring supplies, resources, and equipment.
f. Develop resource inventories based on hazard specific studies and corresponding likely resource requests by ESF.
g. Participate in exercises and training to validate this annex and supporting SOPs.
h. Develop a Countywide logistics plan and coordinate with ESF 1 to support logistics operations.
i. Ensure all ESF 7 personnel integrate NIMS and ICS principles in all planning and preparedness initiatives.

2. Response

a. Alert those agencies whose personnel, equipment, or other resources may be used.
b. Establish a resource tracking and accounting system, including management reports.
c. Assess initial reports to identify potential resource needs.
d. Identify procurement resources and potential facility locations in the disaster area of operations.
e. Provide data to the Public Information Office for dissemination to the public.
f. Locate, procure, and issue to county agencies the resources necessary to support emergency operations to include coordination with General Services Real Property Management to identify prospective staging area warehouses available for lease to replace damaged or destroyed facilities.
g. Execute countywide logistics plan and coordinate with ESF 1 to support logistics operations.
h. Coordinate with the state to develop procedures for deploying state resources and personnel in support of emergency operations at warehousing facilities, staging areas, and other areas where the need exists.
i. Coordinate with ESF 13 to evaluate warehouse security requirements.

3. Recovery

a. Continue to conduct procurement activities as long as necessary and until procurement needs have been met.
b. Anticipate and plan for arrival of and coordination with state ESF 7 personnel in the EOC and the Joint Field Office (JFO).

4. Mitigation

a. Support and plan for mitigation measures.
b. Support requests and directives resulting from the state concerning
mitigation and/or re-development activities.
c. Document matters that may be needed for inclusion in agency or state/federal briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

A. Strategy
Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this ESF, in cooperation with the EMA. This function will be coordinated with and involve other support agencies and organizations.

The volunteer services function is the primary responsibility of Glynn County Finance and support for this function is the responsibility of City of Brunswick, Georgia Emergency Management Agency, Glynn County Board of Commissioners and Glynn County Emergency Management Agency.

B. Actions

1. Mitigation/Preparedness
   a. Maintain a list of volunteers and private organizations, local businesses, and individuals available to provide services, resources, and donated goods.
   b. Execute MOUs between county EMA and support agencies/organizations.
   c. Notify volunteer organizations when an emergency or disaster is threatening or underway.
   d. Alert and request assistance, as appropriate.
   e. Participate in and/or conduct exercises and tests.

2. Response/Recovery
   a. Support delivery of services to victims.
   b. Coordinate staging areas for volunteers to unload, store, or disperse donated goods.
   c. Assess the continuing volunteer service needs of the disaster victims.
   d. Resume day-to-day operations.

III. RESPONSIBILITIES

A. Glynn County Finance
1. Assess the need for and prioritize the deployment of services based on your area of responsibility.
2. Locating, procuring, and issuing resources to other County agencies for use in emergency operations necessary to support the County EOP or to promote public safety.
3. Locating and coordinating the use of available space for incident management activities.
4. Coordinating and determining the availability and provision of consumable non-edible supplies stocked in distribution facilities and customer supply centers when available.
5. Procuring required stocks from vendors or suppliers when County items are not available.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies.

B. City of Brunswick

1. Assess the need for and prioritize the deployment of services based on your area of responsibility.
2. Locating, procuring, and issuing resources to other County agencies for use in emergency operations necessary to support the County EOP or to promote public safety.
3. Locating and coordinating the use of available space for incident management activities.
4. Coordinating and determining the availability and provision of consumable non-edible supplies stocked in distribution facilities and customer supply centers when available.
5. Procuring required stocks from vendors or suppliers when County items are not available.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies.

C. Georgia Emergency Management Agency

1. Assess the need for and prioritize the deployment of services based on your area of responsibility.
2. Locating, procuring, and issuing resources to other County agencies for use in emergency operations necessary to support the County EOP or to promote public safety.
3. Locating and coordinating the use of available space for incident management activities.
4. Coordinating and determining the availability and provision of consumable non-edible supplies stocked in distribution facilities and customer supply centers when available.
5. Procuring required stocks from vendors or suppliers when County items are not available.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies.

D. Glynn County Board of Commissioners

1. Assess the need for and prioritize the deployment of services based on your area of responsibility.
2. Locating, procuring, and issuing resources to other County agencies for use in emergency operations necessary to support the
County EOP or to promote public safety.
3. Locating and coordinating the use of available space for incident management activities.
4. Coordinating and determining the availability and provision of consumable non-edible supplies stocked in distribution facilities and customer supply centers when available.
5. Procuring required stocks from vendors or suppliers when County items are not available.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies.

E. Glynn County Emergency Management Agency

1. Assess the need for and prioritize the deployment of services based on your area of responsibility.
2. Locating, procuring, and issuing resources to other County agencies for use in emergency operations necessary to support the County EOP or to promote public safety.
3. Locating and coordinating the use of available space for incident management activities.
4. Coordinating and determining the availability and provision of consumable non-edible supplies stocked in distribution facilities and customer supply centers when available.
5. Procuring required stocks from vendors or suppliers when County items are not available.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies.

| Support Agencies | Glynn County Fire Department  
Southeast Georgia Health Systems |

I. INTRODUCTION

The emergency support function of health and medical services involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose
This ESF provides operational guidance to those who are assigned to work in this ESF. The mission of this ESF is to provide the mechanism for coordinated County assistance to supplement municipal resources in response to public health and medical care needs for potential or actual disasters and emergencies and/or during a developing potential health and medical situation. Additionally, to delineate procedures for the identification, recording, transportation, sheltering and care of persons requiring special needs in anticipation of, or during an emergency or disaster.

1. ESF 8 will coordinate all resources related to health and medical issues and shall monitor field deployment of medical personnel and resources.
2. ESF 8 will not release medical information on individual patients to the general public to ensure patient confidentiality protection.
3. ESF 8 will prepare reports on casualties/patients to be provided to the American Red Cross for inclusion in the Disaster Welfare Information System and to ESF 15 for informational releases.
4. ESF 8 will establish clear lines of communication and integration of expectations will be established on a routine basis with the EOC.

B. Scope
This ESF is structured to oversee in identifying and meeting the public health and medical needs, to include emergency medical personnel, facilities, vehicles, equipment and supplies for victims, including people with special needs. The emergency operations necessary for the performance of this function include but are not limited to:

1. Preparedness
a. General

i. Develop mutual support relationships with professional associations and other private services and volunteer organizations that may assist during an emergency or disaster.
ii. Participate in exercises and training to validate this annex and supporting SOPs.
iii. Ensure all ESF 8 personnel integrate NIMS and ICS principles in all planning and preparedness initiatives.

b. Medical Care

i. Coordinate the provision of medical and dental care.
ii. Identify and coordinate the deployment of doctors, nurses, technicians and other medical personnel to disaster areas.
iii. Maintain inventory lists of medical supplies, equipment, ambulance services, hospitals, clinics and first aid units.
iv. Plan for establishment of staging areas for medical personnel, equipment, and supplies.
v. When emergency facilities are not available, plan for establishment of emergency medical care centers.
vi. Plan for requesting medical assistance teams and coordinate for their support while operating within the county.
vii. Assure that health care facilities (i.e. hospitals, nursing homes, youth and adult medical care facilities) develop patient reduction, evacuation, and relocation procedures.

c. Persons with Special Needs

i. Identify and contact special needs populous and assisted living facilities to coordinate assistance and conduct needs assessments.
ii. Consider all needs such as persons with physical disabilities, special medical needs, communication disabilities, elderly persons, and non-English speakers in the planning process.
iii. Develop evacuation and relocation procedures for persons with special needs.
iv. Develop procedures to monitor health information and records of persons being evacuated or relocated.
v. Plan for deployment of food services or medical services to persons that may be mobility impaired.
vi. Establish plans for evacuation and care of special needs in conjunction with state partners.

d. Public Health and Sanitation

i. Develop procedures to protect the public from communicable diseases and contamination of food, water, and drug supplies (including veterinary drugs).
ii. Develop procedures to monitor public health information.
iii. Develop sanitation inspection procedures and protocols to control unsanitary conditions.
iv. Develop procedures for inspection of individual water supplies.
v. Develop procedures for identification of disease, vector, and epidemic control.
vi. Develop emergency immunization procedures.
vii. Identify laboratory testing facilities.

e. Crisis Counseling

i. Develop procedures for rapidly providing crisis counseling and mental health/substance abuse assistance to individuals and families, to include organizing and training crisis counseling teams.
ii. Develop support relationships with government agencies, professional associations, private services, and volunteer organizations to provide mental health and substance abuse assistance during disasters.

2. Response

a. General

i. Coordinate information releases to the public with the public information officer in the EOC Public Information Group.
ii. Coordinate with State and Federal agencies as required.
iii. Maintain records of expenditures and resources used for possible later reimbursement.

b. Medical Care

i. Coordinate the delivery of health and medical services.
ii. Arrange for the provision of medical personnel, equipment, pharmaceuticals, and supplies.
iii. Assist the coordination of patient evacuation and relocation.
iv. Assist with hazardous materials response.

c. Public Health and Sanitation

i. Manage public health and sanitation services.
ii. Determine need for health surveillance programs throughout County.
iii. Issue Public Health notice for clean-up on private property.
iv. Arrange for the provision of medical personnel, equipment, and supplies as well as special dietary and housing needs.
v. Notify state of planning limitations regarding evacuation and core individuals with special needs.
d. Crisis Counseling: Coordinate for the provision of mental health and recovery services to individuals, families, and communities.

3. Recovery

a. General

i. Anticipate and plan for arrival of, and coordination with state ESF 8 personnel in the EOC and the Joint Field Office (JFO).
ii. Ensure ESF 8 members or their agencies maintain appropriate records of activities and costs incurred during the event.

b. Medical Care

i. Assist with restoration of essential health and medical care systems.
ii. Assist with restoration of permanent medical facilities to operational status.
iii. Assist with restoration of pharmacy services to operational status.
iv. Assist with emergency pharmacy and laboratory services.

c. Persons with Special Needs

i. Continue coordination with agencies and organizations caring for people with special needs for return to assisted living facilities or relocation.
ii. Encourage and assist vulnerable populations to create and keep emergency preparedness and response plans.

d. Public Health and Sanitation

i. Monitor environmental and epidemiological surveillance.
ii. Continue long-term emergency environmental activities.

e. Crisis Counseling: Coordinate the management of continuous mental health and substance abuse assistance to individuals and families.

4. Mitigation

a. Support and plan for mitigation measures.
b. Support requests and directives resulting from the state concerning mitigation and/or re-development activities.
c. Document matters that may be needed for inclusion in agency or state/federal briefings, situation reports and action plans.
II. CONCEPT OF OPERATIONS

A. Strategy

Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this ESF, in cooperation with the EMA. This function will be coordinated with and involve other support agencies and organizations.

The health and medical services function is the primary responsibility of Glynn County Public Health Department and support for this function is the responsibility of Glynn County Fire Department and Southeast Georgia Health Systems.

B. Actions

1. Mitigation/Preparedness

   a. Coordinate MOUs with all appropriate agencies and organizations for the provision of services to or on behalf of affected individuals and families.
   b. Plan for the continuity of health and medical services, in conjunction with the EMA, American Red Cross, Community Mental Health agency and Rehabilitation Services office.
   c. Establish a directory of health and medical resources.
   d. Work with the American Red Cross on the identification of volunteers and provision of training.
   e. Maintain a coordinated approach with state public health.
   f. Participate in drills and exercises to evaluate health and medical services response capability.

2. Response/Recovery

   a. Assist the EMA with health and medical resources, services, and personnel upon notification of an emergency or disaster.
   b. Support the American Red Cross with health and medical services during shelter operations, as requested upon opening.
   c. Secure, in conjunction with the EMA, American Red Cross, other agencies and organizations, and the private sector, mental health, rehabilitation assistance, and other services, when necessary.
   d. Assist EMA, American Red Cross, other community agencies and organizations, and the private sector with issues affecting people who have special needs.
   e. Provide informational support to emergency medical services;
   f. Channel all relevant health and medical information for public release through the EMA and state public health.
   g. Continue service assistance throughout reentry and until all health and medical issues are resolved.
   h. Maintain records of expenditures and document resources utilized during recovery.
III. RESPONSIBILITIES

A. Glynn County Public Health Department

1. Coordinate with each Support Agency through at least quarterly meetings to ensure planning functions are carried out to support this ESF.
2. Provide leadership in directing, coordinating and integrating the overall county efforts to provide medical and public health assistance to the affected area
3. Conduct initial assessment of health and medical needs.
4. Determine need for additional personnel and resources and initiate request mutual aid to EOC.
5. Coordinate and direct the activation and deployment of voluntary resources of health/medical personnel, supplies and equipment.
6. Establish, as needed, active and passive surveillance systems for the protection of public health.
7. Coordinate response for:
   a. Hazardous materials
   b. Safety of food and drugs
   c. Radiological hazards
   d. Mental health problems victims
   e. Vector control
   f. Potable water/wastewater/solid waste
   g. Victim identification/mortuary services
   h. Continuously acquire and assess information about the situation; continue to identify the nature and extent of health and medical problems and establish appropriate monitoring and surveillance of the situation to obtain valid ongoing information.
   i. Coordinate release of appropriate and timely public health information with ESF #15 to include boil water orders, safety issues, etc. The Glynn County Health Department Director has the authority to warn the public of contaminated water supplies. All informational releases will be through the lead PIO in coordination with the command group.
   j. Establish a protocol for prioritizing response activities.
   k. Coordinate activities with other ESFs.
   l. Maintain records of expenditures and document resources utilized during response and recovery efforts.

B. Glynn County Fire Department

1. Coordinate the evacuation of patients from the disaster area as requested.
2. Coordinate the transport of victims to medical facilities outside the county in accordance with approved trauma transport protocols.
3. Provide the coordination of the following resources:
   a. Advance Life Support/Basic Life
   b. Emergency Medical Technicians
   c. Paramedics
   d. Emergency medical equipment procurement
4. Establish mental health crisis counseling centers.
5. Coordinate for Critical Incident Stress Debriefing for emergency responders.
6. Coordinate medical patient evacuation in the pre-impact phase of the disaster (including special needs patients requiring ambulance transport) as well as continued response to emergency medical calls.
7. Coordinate both public and private service field responses.

C. Southeast Georgia Health Systems

1. Coordinate the notification, information, update and evacuation assistance to medical facilities within the county both pre- and post-impact.
2. Develop an emergency and disaster plan that address preparedness and response to hurricane threats for their residents. These plans should include:
   a. The degree of shutdown operations and evacuation of facilities.
   b. Process to cancel elective surgery, discharge patients for whom care would not be compromised, transfer patients who could be moved to safer facilities and make special arrangements for those patients whose condition will not allow transfer or evacuation. Psychiatric and mental health facilities will be expected to transfer their patients and staff to safer locations.
3. Develop evacuation and/or care plans for those patients who are receiving home health care through the hospital or its affiliates.

IV. COUNTY-SPECIFIC INFORMATION

No County-specific information provided.
EMERGENCY SUPPORT FUNCTION 9
SEARCH AND RESCUE

Primary Agency
Glynn County Fire Department

Support Agencies
Brunswick Fire Department
Brunswick Police Department
Georgia Department Natural Resources
Georgia Forestry Department
Glynn County Emergency Management Agency
Glynn County Police Department
Glynn County Search and Rescue
Glynn County Sheriff Department
Jekyll Island Fire Department

I. INTRODUCTION

The emergency support function of search and rescue involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose
Rapidly deploy local search and rescue components to provide specialized life-saving assistance to municipal authorities during an emergency or disaster.

1. EMA will assist in coordinating county assets and augment agencies having SAR responsibilities and may request state and Federal SAR assistance.
2. ESF 9 will interface with ESFs 1 and 8 to assist with medical assistance and the transportation of victims beyond initial collection points.

B. Scope
Urban SAR activities include, but are not limited to, locating, extricating, and providing immediate medical assistance to victims trapped in collapsed structures. Non-urban SAR activities include, but are not limited to, emergency incidents that involve locating missing persons, boats which are lost at sea, locating downed aircraft, extrication if necessary, and treating any victims upon their rescue.

The emergency operations necessary for the performance of this function include, but are not limited to:

1. Preparedness
a. Maintain a current inventory of resources, including trained personnel, which could support search and rescue operations. Maintain records reflecting local capability.
b. Participate in exercises and training to validate this annex and supporting SOPs.
c. Maintain liaison with State urban search and rescue assets and plan for reception of external assets.
d. Maintain personnel and equipment in a state of readiness appropriate to existing and anticipated emergency conditions to include mobilizing resources and staging them at various locations.
e. Assist local governments in training of personnel and rescue organizations for search and rescue operations.
f. Ensure all ESF 9 personnel integrate NIMS and ICS principles in all planning and preparedness initiatives.

2. Response

a. Support local agencies with appropriate resources, to include mobilizing and deploying teams and equipment as needed.
b. Using the ICS, assume responsibility for coordinating and tracking all resources committed to an incident. This may include placing personnel at a forward command post. Establish staging areas with the requesting group.
c. Deploy liaison teams to county EOC or incident base of operations, as needed.
d. Plan for and establish relief resources to replace or rotate with committed resources for extended operations.
e. Coordinate other State and Federal support for search and rescue operations to include planning for reception and deployment to area of operations.
f. Coordinate with ESF 1 for use of buses to transport rescue teams or rescued victims or persons evacuated from an emergency area to a safe location or emergency shelter.

3. Recovery

a. Continue to support local operations and plan for a reduction of operations.
b. Inventory any lost or damaged equipment and record any personnel injuries or equipment accidents.
c. Anticipate and plan for arrival of and coordinate with state ESF 9 personnel in the EOC and the Joint Field Office (JFO).
d. Require ESF 9 team members and their agencies maintain appropriate records of costs incurred during the event.

4. Mitigation

a. Support and plan for mitigation measures.
b. Support requests and directives resulting from the Governor and/or
GEMA concerning mitigation and/or re-development activities.
c. Document matters that may be needed for inclusion in county or
state/federal briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

A. Strategy
Standard Operating Procedures (SOPs) will be developed and maintained by
the agency or organization that has primary responsibility for this section of
the ESF, in cooperation with the EMA. This function will be coordinated with
and involve other support agencies and organizations.

The search and rescue function is the primary responsibility of Glynn County
Fire Department and support for this function is the responsibility of Brunswick
Fire Department, Brunswick Police Department, Georgia Department Natural
Resources, Georgia Forestry Department, Glynn County Emergency
Management Agency, Glynn County Police Department, Glynn County
Search and Rescue, Glynn County Sheriff Department and Jekyll Island Fire
Department.

1. Actions

a. Mitigation/Preparedness

   i. Establish and maintain uniform search and rescue procedures.
   ii. Recruit, train, and certify search and rescue personnel.
   iii. Develop an inventory of resources, equipment, and personnel.
   iv. Enter MOUs for additional assistance and/or logistical support.
   v. Conduct and/or support community education programs on
      survival.
   vi. Establish a record keeping system.
   vii. Participate in drills and exercises to evaluate search and rescue
       response capability.

b. Response/Recovery

   i. Respond to requests by the EMA.
   ii. Monitor response efforts.
   iii. Channel emergency search and rescue information to the
       EMA-EOC.
   iv. Support request from other community agencies and/or
       jurisdictions.
   v. Maintain records, expenditures, and document resources utilized
      during recovery.
III. RESPONSIBILITIES

A. Glynn County Fire Department

The Glynn County Fire Department is the primary agency for ESF 9. The designated EOC Fire Department Coordinator will coordinate provision of representatives on a 24-hour basis to the EOC, to insure full deployment and utilization of resources identified under ESF 9. Multi-disciplinary teams will consist of team leaders, law enforcement for security problems, fire personnel and paramedics to search and treat victims, debris personnel to push back debris for team vehicle movement (debris clearance will follow search and rescue in most instances) power company and gas company personnel for emergency issues, and a building inspector/engineer for structural integrity. It must be noted that this will be the ideal and not practical or feasible in many instances. The composition of each SAR team shall be determined by the Incident Commander/SAR Coordinator.

B. Brunswick Fire Department

1. Agencies participating in SAR will rely on ESF 11 to provide food and water to support operations, just as other critical work force personnel will.
2. The local SAR leaders will coordinate with ESF 3 for assistance in completing any structural shoring required to ensure the safety of the teams.
3. The Glynn County Search and Recovery Unit will assist with water related SAR efforts.
4. Coastal Crisis Response Team - May be called upon to provide counseling to SAR team members.
5. Medical Examiner/Coronor's Office, in conjunction with Glynn County Police Department is responsible to secure and investigate deaths.
6. The Glynn County Police and City of Brunswick Police Department will provide security for SAR teams, if needed.
C. Brunswick Police Department

1. Agencies participating in SAR will rely on ESF 11 to provide food and water to support operations, just as other critical work force personnel will.

2. The local SAR leaders will coordinate with ESF 3 for assistance in completing any structural shoring required to ensure the safety of the teams.

3. The Glynn County Search and recovery Unit will assist with water related SAR efforts.

4. Coastal Crisis Response Team - May be called upon to provide counseling to SAR team members.

5. Medical Examiner/Coronor's Office, in conjunction with Glynn County Police Department is responsible to secure and investigate deaths.

7. The Glynn County Police and City of Brunswick Police Department will provide security for SAR teams, if needed.

D. Georgia Department Natural Resources

1. Agencies participating in SAR will rely on ESF 11 to provide food and water to support operations, just as other critical work force personnel will.

2. The local SAR leaders will coordinate with ESF 3 for assistance in completing any structural shoring required to ensure the safety of the teams.

3. The Glynn County Search and Recovery Unit will assist with water related SAR efforts.

4. Coastal Crisis Response Team - May be called upon to provide counseling to SAR team members.

5. Medical Examiner/Coronor's Office, in conjunction with Glynn County Police Department is responsible to secure and investigate deaths.

7. The Glynn County Police and City of Brunswick Police Department will provide security for SAR teams, if needed.

E. Georgia Forestry Department

1. Agencies participating in SAR will rely on ESF 11 to provide food and water to support operations, just as other critical work force personnel will.

2. The local SAR leaders will coordinate with ESF 3 for assistance in completing any structural shoring required to ensure the safety of the teams.

3. The Glynn County Search and Recovery Unit will assist with water related SAR efforts.

4. Coastal Crisis Response Team - May be called upon to provide counseling to SAR team members.

5. Medical Examiner/Coronor's Office, in conjunction with Glynn County Police Department is responsible to secure and investigate deaths.

7. The Glynn County Police and City of Brunswick Police Department will provide security for SAR teams, if needed.
County Police Department is responsible to secure and investigate deaths.

7. The Glynn County Police and City of Brunswick Police Department will provide security for SAR teams, if needed

F. Glynn County Emergency Management Agency

1. Agencies participating in SAR will rely on ESF 11 to provide food and water to support operations, just as other critical work force personnel will.

2. The local SAR leaders will coordinate with ESF 3 for assistance in completing any structural shoring required to ensure the safety of the teams.

3. The Glynn County Search and Recovery Unit will assist with water related SAR efforts.

4. Coastal Crisis Response Team - May be called upon to provide counseling to SAR team members.

5. Medical Examiner/Coronor’s Office, in conjunction with Glynn County Police Department is responsible to secure and investigate deaths.

7. The Glynn County Police and City of Brunswick Police Department will provide security for SAR teams, if needed

G. Glynn County Police Department

1. Agencies participating in SAR will rely on ESF 11 to provide food and water to support operations, just as other critical work force personnel will.

2. The local SAR leaders will coordinate with ESF 3 for assistance in completing any structural shoring required to ensure the safety of the teams.

3. The Glynn County Search and Recovery Unit will assist with water related SAR efforts.

4. Coastal Crisis Response Team - May be called upon to provide counseling to SAR team members.

5. Medical Examiner/Coronor’s Office, in conjunction with Glynn County Police Department is responsible to secure and investigate deaths.

7. The Glynn County Police and City of Brunswick Police Department will provide security for SAR teams, if needed

H. Glynn County Search and Rescue

1. Agencies participating in SAR will rely on ESF 11 to provide food and water to support operations, just as other critical work force personnel will.

2. The local SAR leaders will coordinate with ESF 3 for assistance in completing any structural shoring required to ensure the safety of the teams.

3. The Glynn County Search and Recovery Unit will assist with water related SAR efforts.
4. Coastal Crisis Response Team - May be called upon to provide counseling to SAR team members.
5. Medical Examiner/Coronor's Office, in conjunction with Glynn County Police Department is responsible to secure and investigate deaths.
7. The Glynn County Police and City of Brunswick Police Department will provide security for SAR teams, if needed

I. Glynn County Sheriff Department

1. Agencies participating in SAR will rely on ESF 11 to provide food and water to support operations, just as other critical work force personnel will.
2. The local SAR leaders will coordinate with ESF 3 for assistance in completing any structural shoring required to ensure the safety of the teams.
3. The Glynn County Search and Recovery Unit will assist with water related SAR efforts.
4. Coastal Crisis Response Team - May be called upon to provide counseling to SAR team members.
5. Medical Examiner/Coronor's Office, in conjunction with Glynn County Police Department is responsible to secure and investigate deaths.
7. The Glynn County Police and City of Brunswick Police Department will provide security for SAR teams, if needed

J. Jekyll Island Fire Department

1. Agencies participating in SAR will rely on ESF 11 to provide food and water to support operations, just as other critical work force personnel will.
2. The local SAR leaders will coordinate with ESF 3 for assistance in completing any structural shoring required to ensure the safety of the teams.
3. The Glynn County Search and Recovery Unit will assist with water related SAR efforts.
4. Coastal Crisis Response Team - May be called upon to provide counseling to SAR team members.
5. Medical Examiner/Coronor's Office, in conjunction with Glynn County Police Department is responsible to secure and investigate deaths.
7. The Glynn County Police and City of Brunswick Police Department will provide security for SAR teams, if needed

IV. COUNTY-SPECIFIC INFORMATION

No County-specific information provided.
EMERGENCY SUPPORT FUNCTION 10
HAZARDOUS MATERIALS

Primary Agency
Glynn County Fire Department

Support Agencies
Brunswick Fire Department
Glynn County Emergency Management Agency
Glynn County Public Works
Jekyll Island Fire Department

I. INTRODUCTION

The emergency support function of hazardous materials involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose
This ESF coordinates County support in response to an actual or potential discharge and/or uncontrolled release of oil or hazardous materials during disasters or emergencies.

B. Scope
This ESF will provide a coordinated response by local resources and initiate requests for state and federal resources when necessary to minimize adverse effects on the population and environment resulting from the release of or exposure to hazardous or radiological materials.

1. The emergency operations necessary for the performance of both radiological and non-radiological components of this function include but are not limited to:

   a. Preparedness

      i. Prepare an inventory of existing threats using SARA Title III, Tier II information.
      ii. Plan for response to hazardous materials incidents.
      iii. Develop plans for communications, warning, and public information.
      iv. Develop procedures for identification, control, and clean-up of hazardous materials.
      v. Provide, obtain, or recommend training for response personnel using courses made available by FEMA, Department of Energy (DOE), Nuclear Regulatory Commission (NRC), the Georgia
Public Safety Training Center, EPA, and manufacturers and transporters of hazardous materials, as well as training based on OSHA requirements for each duty position.

vi. Maintain a listing of private contractors capable of performing emergency and/or remedial actions associated with a hazardous materials incident.

vii. Maintain an inventory of local assets capable of responding to a hazardous materials incident.

viii. Develop plans and/or mutual aid agreements regarding hazardous materials incidents with local agencies, other county agencies, contiguous states, federal agencies, and private organizations as required.

ix. Collect and utilize licensing, permitting, monitoring, and/or transportation information from the appropriate local, county, state, or federal agencies and/or private organizations to facilitate emergency response.

x. Participate in exercises and training to validate this annex and supporting SOPs.

xi. Ensure all ESF 10 personnel integrate NIMS and ICS principles in all planning and preparedness initiatives.

b. Response

i. ESF 10 will coordinate, with the Unified/Incident Command, all hazardous substance response specific efforts and provide information to the EOC for coordination of all other municipal efforts.

ii. Provide 24-hour response capability and dispatch personnel to an incident scene as necessary.

iii. ESF 10 will assess the situation to include: the nature, amount and location of real or potential releases of hazardous materials; pathways to human and environmental exposure; probable direction and time of travel of the materials; potential impact on human health, welfare, safety, and the environment; types, availability, and location of response resources, technical support, and cleanup services; and priorities for protecting human health, welfare and the environment.

iv. After reviewing reports, gathering and analyzing information and consulting with appropriate agencies, determine and provide, as available, the necessary level of assistance.

v. Provide protective action recommendations, as the incident requires.

vi. Provide for monitoring to determine the extent of the contaminated area and consult with appropriate support agencies to provide access and egress control to contaminated areas.

vii. Consult with appropriate local, state, or federal agencies and/or private organizations with regard to the need for decontamination. Coordinate with ESF 8 regarding decontamination of injured or deceased personnel.
viii. Coordinate decontamination activities with appropriate local, state, and federal agencies.
ix. Coordinate with appropriate local, state, and federal agencies to ensure the proper disposal of wastes associated with hazardous materials incidents; and assist in monitoring or tracking such shipments to appropriate disposal facilities.
x. Coordinate with ESF 1 for the use of staging areas and air assets, and technical advice and assistance on regulated rail.
xi. Coordinate with ESF 3 for technical assistance on water, wastewater, solid waste, and disposal.
xii. Coordinate with ESF 12 for technical advice and assistance on intra-County pipelines.
xiii. Coordinate with GEMA for use of state assets.

c. Recovery

i. Terminate operations when the emergency phase is over and when the area has been stabilized by responsible personnel.
ii. Request and maintain documented records of all expenditures, money, and physical resources of the various governmental department/agencies involved in emergency operations. Ensure that ESF 10 team members or their agencies maintain appropriate records of costs incurred during the event.
iii. Anticipate and plan for arrival of, and coordination with, state ESF 10 personnel in the EOC and the Joint Field Office (JFO).

d. Mitigation

i. Support and plan for mitigation measures.
ii. Support requests and directives resulting from the Governor and/or GEMA concerning mitigation and/or re-development activities.
iii. Document matters that may be needed for inclusion in agency or state/federal briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

A. Strategy

Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this section of the ESF, in cooperation with the EMA. This function will be coordinated with and involve other support agencies and organizations.

The hazardous materials services function is the primary responsibility of Glynn County Fire Department and support for this function is the responsibility of Brunswick Fire Department, Glynn County Emergency Management Agency.
B. Actions

1. Mitigation/Preparedness

   a. Prepare a facility profile and inventory of potential hazardous materials.
   b. Identify potential contacts and resources in order to conduct a community vulnerability analysis to determine potential hazardous materials threats and on-site inspections.
   c. Plan for response to hazardous materials incidents and coordinate with the EMA and other first responders.
   d. Develop procedures for identification, communications, warning, public information, evacuation, control, and monitoring and/or supervising cleanup of hazardous materials.
   e. Obtain training for response personnel available through GEMA, Georgia Fire Academy, manufacturers and shippers of hazardous materials, and/or other sources.
   f. Participate in drills and exercises to evaluate hazardous materials response capabilities.

2. Response/Recovery

   a. Verify incident information and notify the EMA and other applicable agencies.
   b. Establish a command post at a safe distance near the scene or staff the EOC, if the situation becomes excessive.
   c. Provide further information on the situation to the EMA and convey warnings for dissemination to the public.
   d. Request assistance for emergency health and medical, as well as mass care, if the situation warrants.
   e. Ensure availability of expertise and equipment to manage the incident.
   f. Utilize proper procedures for containment to prevent additional dangers.
   g. Support response teams, owner, shipper, state, and/or federal environmental personnel during cleanup.
   h. Establish area security and prohibit all unauthorized personnel from entering the containment area.
   i. Terminate cleanup operations after dangerous situation subsides.
   j. Maintain records, expenditures, and document resources utilized during recovery.

III. RESPONSIBILITIES
A. Glynn County Fire Department

The Glynn County Fire Department has the lead role in ESF #10. Team membership includes responsibilities from EMS and the City of Brunswick Fire Department.

B. Brunswick Fire Department

Utilized on an as needed basis and accessed through ESF #4.

C. Glynn County Emergency Management Agency

Utilized on an as needed basis and accessed through ESF #4.

D. Glynn County Public Works

Utilized on an as needed basis to respond to releases on county maintained roadways and rights of way with absorbents, barricades and signs.

E. Jekyll Island Fire Department

Utilized on an as needed basis and accessed through ESF #4.

IV. COUNTY-SPECIFIC INFORMATION

No County-specific information provided.
EMERGENCY SUPPORT FUNCTION 11  
AGRICULTURE AND NATURAL RESOURCES

Primary Agency  
Glynn County Extension Service

Support Agencies  
Glynn County Animal Services  
Glynn County Public Health Department

I. INTRODUCTION

The emergency support function of agriculture and natural resources involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose

This ESF provides operational guidance to those who are assigned to work this ESF. This ESF has been established to support provision of nutrition assistance, management of diseases, food safety, and to protect significant properties.

1. Actions undertaken through ESF 11 are coordinated with and conducted cooperatively with state and local incident management officials and with private entities.
2. Each supporting agency is responsible for managing its respective assets and resources after receiving direction from the primary agency for the incident.
3. Food Safety and Inspections are activated upon notification of the occurrence of a potential or actual disaster or emergency by the Department of Public Health.
4. Actions undertaken are guided by and coordinated with County and local emergency preparedness and response officials and State and Federal officials and include existing USDA internal policies and procedures.
5. Actions undertaken under ESF 11 to protect, conserve, rehabilitate, recover and restore resources are guided by the existing internal policies and procedures of the primary agency for each incident.
6. The primary agency for each incident coordinates with appropriate ESFs and other annexes to ensure appropriate use of volunteers and their health and safety and to ensure appropriate measures are in place to protect the health and safety of all workers.
7. Control and eradication of an outbreak of a highly contagious or economically devastating animal/zoonotic disease, highly infective exotic plant disease, or economically devastating plant pest infestation.
8. Assurance of food safety and food security.
9. Protection of natural and cultural resources and historic property resources before, during, and/or after a disaster or emergency.

B. Scope
To provide for the following functional responsibilities:

Identify, secure and distribute food, bottled beverages, and supplies, and support the provision for sanitary food storage, distribution, and preparation during an emergency or disaster; Provide for mitigation, response and recovery to natural disasters, and/or acts of terrorism affecting animals, agriculture production, and the food sector; Assist agriculture in an outbreak of a highly infectious/contagious or economically devastating animal/zoonotic disease, or a highly ineffective or economically devastating plant pest disease or infestation; Assist with agriculture production, animal industry, and wildlife adversely affected by a disaster, either natural or man-made; and, Conserve, rehabilitate, recover and restore natural, cultural, and historic properties prior to, during, and after a man-made or natural disaster.

1. Preparedness

a. Maintain an accurate roster of personnel assigned to perform ESF 11 duties during a disaster.
b. Identify and schedule disaster response training for ESF 11 personnel.
c. Maintain current food resource directories to include maintaining points of contact.
d. Identify likely transportation needs and coordinate with ESF 1.
e. Ensure all ESF 11 personnel integrate NIMS and ICS principles in all planning and preparedness initiatives.

2. Response

a. Lead support agencies will maintain a roster of personnel assigned to perform ESF 11 duties during a disaster.
b. Coordinate with ESF 6 and ESF 5, regarding mass feeding sites established by responding emergency management agencies.
c. ESF 11 will coordinate with EMA and Public Health to update lists of all available provision of medical services with appropriate agencies.
d. ESF 6 will provide a list of mass care sites requiring restoration of services to EOC Operations.
e. ESF 6 will coordinate with ESF 13 regarding additional security resources, if needed, at mass care shelters.

3. Recovery

a. ESF 11 will coordinate with ESFs 5, 6, and 8 to establish or support existing mass feeding sites operated to ensure optimal access for public service based on emergency needs.
b. ESF 11 will coordinate with State agencies for the provision of food and water to mass feeding sites, if necessary.

4. Mitigation

a. Support and plan for mitigation measures.
b. Support requests and directives resulting from GEMA and/or other state agencies and federal partners concerning mitigation and/or re-development activities.
c. Document matters that may be needed for inclusion in agency, county, or state/federal briefings, situation reports and action plans.
d. Work to educate citizens on disaster preparedness and disaster mitigation activities.

II. CONCEPT OF OPERATIONS

A. Natural Disaster and Animals, Animal Industry and Wildlife

1. Strategy
   The agency assigned primary responsibility for ESF 11 will coordinate with appropriate agencies and organizations to ensure operational readiness. Agencies with responsibilities for this section of ESF 11 will coordinate with the Georgia Department of Agriculture (GDA) and the Georgia Department of Natural Resources (DNR), and the lead state agencies for ESF 11. The GDA will develop and maintain Standard Operating Procedures to include, but not limited to poultry, cattle, swine, dairy, equine, goats, sheep, and companion animal industries for a natural disaster. DNR will develop and maintain Standard Operating Procedures regarding aquaculture, seafood, wildlife, and exotic animals for natural disasters and the preservation of natural, cultural, and historic resources.

2. Actions

   a. Mitigation/Preparedness

      i. Develop mutual aid agreements with professional associations and private agencies/organizations.
      ii. Coordinate with ESF 6 in identifying potential pet friendly shelters near approved emergency American Red Cross shelters.
      iii. Participate in and/or conduct exercises or tests regularly, to validate this ESF and related SOPs.
      iv. Prepare, in conjunction with GEMA, public service announcements (PSAs) to increase public awareness regarding pet options and animal directives.
      v. Participate in drills and exercises to evaluate animal and animal
industry response capability.

b. Response/Recovery

i. Support the EMA-EOC with all available resources.
ii. Coordinate local emergency response with regional and state systems.
iii. Request additional personnel and equipment for triage and shelter facilities, when necessary.
iv. Manage and direct evacuation of animals from risk areas and provide technical assistance to prevent animal injury and disease dissemination.
v. Obtain additional supplies, equipment, personnel, and technical assistance from support agencies and the private sector.
vi. Provide assistance and care for livestock and other animals impacted by the disaster. If this assistance and care cannot be provided locally, request assistance from ESF 11 through the SOC.
vii. Provide information to state ESF 11 on all available animal shelter facilities and confinement areas identified, before, during and after the disaster.
viii. Assist with the evacuation of animals from risk areas and provide technical assistance to prevent animal injury and disease dissemination. Request additional assistance from state ESF 11 as needed.
ix. Support GA-SART(s) as necessary.
x. Coordinate with supporting agencies and Volunteer Agencies Active in Disaster (VOAD) for additional animal emergency sheltering and stabling for both large and small animals.
xi. Restore equipment and supplies to a normal state of operational readiness.
xii. Maintain financial records on personnel, supplies, and other resources utilized. Report to EMA upon request.
xiii. Resume day-to-day operations.

B. Nutrition Assistance and Food Safety

1. Strategy
The agency assigned primary responsibility for ESF 11 will coordinate with appropriate agencies and organizations to ensure operational readiness. Agencies with responsibilities for this section of the ESF, will coordinate with the EMA, GDA, and DNR. This function will be coordinated with and involve other support agencies and organizations.

2. Actions

a. Mitigation/Preparedness
i. Identify agencies and organizations responsible for food safety inspections and monitoring and coordinate MOUs with appropriate entities.

ii. Maintain procedures and responsibilities for food inspection and response to threatened food supplies.

iii. Establish a system for the notification process of suspected or adulterated food supplies.

iv. Participate in tests and exercises to evaluate communication with other agencies with food safety and security duties.

v. Coordinate with ESF 6, the response to mass food distribution from secured sources.

vi. Coordinate the development of an operational plan that will ensure timely distribution of food and drinking water.

vii. Assess the availability of food supplies and storage facilities capable of storing dry, chilled, or frozen food.

viii. Assess the availability of handling equipment and personnel for support.

ix. Develop notification procedures for mobilizing food services, personnel, and resources.

b. Response/Recovery

i. Coordinate with state and local agencies and authorities for requested support if county agencies are overwhelmed.

ii. Identify proper state and federal agencies to contact in the event of suspicious activity contributing to adulterated food supplies.

iii. Provide guidance for immediate local protective actions and reports, and establish communication with GDA and the Department of Human Resources (DHR).

iv. Work with local EMA to determine critical food needs of the affected population in terms of numbers of people and their location.

v. Coordinate community resources and personnel to assist with delivery services and/or distribution as necessary for secured food supplies.

vi. Provide assistance in support of ESF 6 Mass Care, establishing distribution sites and requirements for distribution.

vii. Establish linkages with volunteer and private agencies/organizations involved in congregate meal services.

viii. Secure food, transportation, equipment, storage, and distribution facilities.

ix. Initiate procurement of essential food and supplies not available from existing inventories.

x. Refer victims needing additional food to volunteer and private agencies/organizations.

xi. Coordinate with appropriate law enforcement in events where contamination of the food supply with a chemical or biological agent may have been suspicious or intentional.

xii. Designate certain individuals to serve as expert points of contact.
Designate certain individuals to serve as expert points of contact for law enforcement.

xii. Provide for communication, surveillance, and response with all appropriate agencies in response to an act of agro-terrorism.

xiv. Coordinate public information and provide updates for ESF 15 to distribute to the public and media.

xv. Maintain financial records on personnel, supplies, and resources utilized, and report expenditures to local EMA and GEMA upon request.

xvi. Resume day-to-day operations.

C. Animal and Plant Diseases and Pests

1. Strategy
The agency assigned primary responsibility for ESF 11 will coordinate with appropriate agencies and organizations to ensure operational readiness. Agencies with responsibilities for this section of the ESF, will coordinate with the EMA, GDA, and DNR. This function will be coordinated with and involve other support agencies and organizations.

2. Actions

a. Mitigation/Preparedness

i. Develop mutual aid agreements with government agencies, professional associations, and private agencies/organizations.

ii. Work with GDA and DNR to train first responders, community leaders, and the agricultural industry at the awareness level in agro-security and agro-terrorism.

iii. Work with GDA and DNR to provide for surveillance of foreign animal diseases or an animal disease, syndrome, chemical, poison, or toxin that may pose a substantial threat to the animal industries, aquaculture or seafood industries, the economy, or public health of the state.

iv. Provide for surveillance of pests which may pose a potential or substantial threat to agriculture, horticulture, the economy, or the public health of the state.

v. Develop local plans and resources to enhance awareness of surveillance for early detection of animal health emergencies and agro-terrorism.

vi. Conduct and/or participate in exercises, training sessions, and workshops to assist local communities and support agencies/organizations.

vii. Encourage support agencies to develop emergency operations plans that detail their support functions for ESF 11.

b. Response/Recovery
i. Work with GDA and other appropriate state agencies to coordinate the collection of samples, ensure proper packaging and handling, and deliver them to designated laboratories for testing.

ii. Coordinate the crisis response and the resulting consequences, as well as cooperate with law enforcement officials and the State of Georgia in criminal investigations, if a terrorist act is suspected in connection with an agriculture, animal, or food incident.

iii. Work with GDA to coordinate the decontamination and/or destruction of animals, plants, cultured aquatic products, food, and their associated facilities as determined necessary.

iv. Support GDA's efforts to quarantine, stop sale, stop movement, and place other restrictions under GDA authority of animals, plants, equipment, and products as necessary to control and eradicate diseases and pests.

v. Secure supplies, equipment, personnel and technical assistance from support agencies/organizations, and other resources to carry out the response plans associated with animal health emergency management or any act of agro-terrorism that may pose a substantial threat to the state.

vi. Manage and direct evacuation of animals from risk areas and provide technical assistance to prevent animal injury and disease dissemination.

vii. Support any identified County Agriculture Response Teams (CARTs) and other local emergency response teams with the statewide support network and the State Agriculture Response Teams (GA-SARTs).

viii. Determine need for mutual aid assistance and implement requests for assistance through local mutual aid agreements or through GEMA for state assistance, or mutual aid assistance through agreements such as the Emergency Management Assistance Compact (EMAC).

ix. Request Veterinary Medical Assistance Team (VMAT) assistance through the SOC if needed.

x. Coordinate operations to assure occupational safety measures are followed.

xi. Coordinate damage assessment as necessary.

xii. Restore equipment and supplies to a normal state of operational readiness.

xiii. Coordinate public information to provide updates to ESF 15.

xiv. Maintain financial records on personnel, supplies, and other resources utilized and report to local EMA and GEMA upon request.

xv. Resume day-to-day operations.

D. Resource Protection
1. Strategy
The agency assigned primary responsibility for ESF 11 will coordinate with appropriate agencies and organizations to ensure operational readiness. Agencies with responsibilities for this section of the ESF, will coordinate with the EMA, GDA, and DNR. This function will be coordinated with and involve other support agencies and organizations. ESF 11 agencies will coordinate with public natural, cultural, and historic properties and state agencies to develop Standard Operating Procedures (SOPs) for disaster prevention, preparedness, and recovery. On the state level, the Georgia Archives will manage, monitor, and assist in or conduct response and recovery actions to minimize damage to natural, cultural, or historic property resources, including essential government and historical records. ESF 11 agencies will request assistance for this resource through the SOC.

2. Actions

a. Mitigation/Preparedness

i. Participate in mutual aid agreements with government agencies, professional organizations, private agencies, and organizations.

ii. Develop inventory of natural, cultural, and historic resources that will be covered by this plan.

iii. Participate in a and/or conduct workshops for historical and cultural properties to encourage developmental plans for disaster prevention, preparedness, and recovery.

b. Response/Recovery

i. Support the disaster recovery with all available resources.

ii. If criminal activity is suspected, cooperate with the criminal investigation jointly with appropriate state and federal law enforcement agencies.

iii. Coordinate public information and provide updates for ESF 15 to distribute to the public and media.

iv. Provide technical assistance to public natural, historic and cultural properties in damage assessment; request needed technical assistance and damage assessment support from the state or federal government through the SOC.

v. Work with the state to reopen public natural, historic, and cultural properties as soon as safely possible, to the public.

vi. Request assistance from the state for preservation, scientific/technical, and records and archival management advice and information for stabilization, security, logistics, and contracting for recovery services of damaged natural, historic or cultural resources pertaining to documentary and archival records and historic documents.

vii. Maintain financial records on personnel, supplies, and other resources utilized and report to local EMA and GEMA upon request.
viii. Resume day-to-day operations.

III. RESPONSIBILITIES

A. Glynn County Extension Service

A. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.

B. Assemble a list of assets available to support the recovery and coordinate this information with the EOC.

C. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.

D. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.

E. Participate in drills and exercises to evaluate local communications capability.

F. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

B. Glynn County Animal Services

A. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.

B. Assemble a list of assets available to support the recovery and coordinate this information with the EOC.

C. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.

D. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.

E. Participate in drills and exercises to evaluate local communications capability.

F. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.
C. Glynn County Public Health Department

A. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.

B. Assemble a list of assets available to support the recovery and coordinate this information with the EOC.

C. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.

D. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.

E. Participate in drills and exercises to evaluate local communications capability.

F. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

IV. COUNTY-SPECIFIC INFORMATION

No County-specific information provided.
EMERGENCY SUPPORT FUNCTION 12
ENERGY

Primary Agency
Glynn County Public Works

Support Agencies
AT&T
Atlanta Gas Light Company
Brunswick Public Works Department
Comcast
Georgia Power
Glynn County Emergency Management Agency
Glynn County Engineering Department
Glynn County Water Department
Jekyll Island Public Works
Okefenoke Rural Electric Membership Corp.

I. INTRODUCTION

The emergency support function of energy services direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose

This ESF provides operational guidance to those who are assigned to work in this ESF. The mission of this ESF is to coordinate response activities of energy and utility organizations in responding to and recovering from fuel shortages, power outages, and capacity shortages which impact or threaten to impact Glynn County citizens and visitors during and after a potential of actual disaster or emergency.

1. This ESF will coordinate providing sufficient fuel supplies to emergency response organizations and areas along evacuation routes.
2. Coordinate the provision of materials, supplies, and personnel for the support of emergency activities being conducted.
3. Maintain communication with utility representatives to determine emergency response and recovery needs.
4. Coordinate with schools and other critical facilities within the county to identify emergency shelter power generation status/needs; and coordinate with other ESFs with assistance in providing resources for emergency power generation.
5. Maintain lists of energy-centric critical assets and infrastructures, and continuously monitors those resources to identify and correct vulnerabilities to energy facilities.
6. Addresses significant disruptions in energy supplies for any reason, whether caused by physical disruption of energy transmission and distribution systems, unexpected operational failure of such systems, or unusual economic or political events.

B. Scope
This ESF is structured to coordinate the provision of emergency supply and transportation of fuel and the provision of emergency power to support immediate response operations as well as restoring the normal supply of power to normalize community functioning. This ESF will work closely with local and state agencies, energy offices, energy suppliers and distributors.

The emergency operations necessary for the performance of this function include but are not limited to:

1. Preparedness

   a. Develop and maintain current directories of suppliers of services and products associated with this function.
   b. Establish liaison with support agencies and energy-related organizations.
   c. In coordination with public and private utilities, ensure plans for restoring and repairing damaged energy systems are updated.
   d. In coordination with public and private utilities, establish priorities to repair damaged energy systems and coordinate the provision of temporary, alternate, or interim sources of natural gas supply, petroleum fuels, and electric power.
   e. Promote and assist in developing mutual assistance compacts with the suppliers of all power resources.
   f. Develop energy conservation protocols.
   g. Ensure all ESF 12 personnel integrate NIMS and ICS principles in all planning and preparedness initiatives.

2. Response

   a. Analyze affected areas to determine operational priorities and emergency repair procedures with utility field personnel. Provide status of energy resources to the EOC Operations Group as required and, when possible, provide data by county.
   b. In coordination with public and private utilities, prioritize rebuilding processes, if necessary, to restore power to affected areas.
   c. Locate fuel for emergency operations.
   d. Administer, as needed, statutory authorities for energy priorities and allocations.
   e. Apply necessary County resources, to include debris removal, in accordance with established priorities in response to an emergency.
   f. Provide energy emergency information, education and conservation guidance to the public in coordination with the EOC Public Information Group.
   g. Coordinate with ESF 1 for information regarding transport of critical
energy supplies.
h. Plan for and coordinate security for vital energy supplies with ESF 13.
i. Maintain continual status of energy systems and the progress of restoration.
j. Utility repair and restoration activities to include collecting and providing energy damage assessment data to ESF 3.
k. Recommend energy conservation measures.

3. Recovery

a. Maintain coordination with all supporting agencies and organizations on operational priorities and emergency repair and restoration.
b. Continue to provide energy emergency information, education and conservation guidance to the public in coordination with ESF15.
c. Anticipate and plan for arrival of and coordinate with state ESF12 personnel in the EOC and the Joint Field Office.
d. Continue to conduct restoration operations until all services have been restored.
e. Ensure that ESF12 team members or their support agencies maintain appropriate records of costs incurred during the event.

4. Mitigation

a. Anticipate and plan for mitigation measures.
b. Support requests and directives resulting from the Governor and/or the state concerning mitigation and/or redevelopment activities.
c. Document matters that may be needed for inclusion in agency or state/federal briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

A. Strategy

Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this section of the ESF, in cooperation with the EMA. This function will be coordinated with and involve other support agencies and organizations.

Energy services is the primary responsibility of Glynn County Public Works and support for this function is the responsibility of AT&T, Atlanta Gas Light Company, Brunswick Public Works Department, Comcast, Georgia Power, Glynn County Emergency Management Agency, Glynn County Engineering Department, Glynn County Water Department, Jekyll Island Public Works and Okefenokee Rural Electric Membership Corp.

1. Actions

a. Mitigation/Preparedness
Mitigation/Preparedness

i. Establish liaison support to ensure responsiveness, in conjunction with EMA and the private sector.
ii. Identify additional resources and assistance teams;
iii. Develop emergency response support plans.
iv. Prepare damage assessment, repair and restoration procedures, and reporting mechanisms.
v. Recommend actions to conserve energy and conservation guidance.
vi. Participate in drills and exercises to evaluate energy response capabilities.

b. Response/Recovery

i. Determine critical energy supply needs of priority populations (e.g., infants, elderly, and other people with special needs).
ii. Gather, assess, and share information on energy system damage, as well as estimate repair and restoration time.
iii. Activate assistance teams and obtain necessary resources to assist in recovery.
iv. Serve as the focal point for the EMA and EOC in order to protect the health and safety of affected persons.
v. Work with the EMA to provide public service announcements on energy conservation, mitigation impacts, and restoration forecasts.
vi. Coordinate with other affected areas to maximize resources and information exchange.

III. RESPONSIBILITIES

A. Glynn County Public Works

1. Oversee the coordination management of resources, facilities and equipment.
2. Develop maintenance and protection arrangements for consolidated energy and utility response and recovery.
3. Make contact with electric, gas, telephone, water, utilities and industry coordinating groups serving
the emergency area to obtain information about damage and/or assistance needed in their areas of operation.

4. Monitor the procedures followed by the individual utilities during a generating capacity shortage on their systems and the procedures followed by all utilities to ensure coordinated statewide action and communication.

5. Coordinate with industry trade groups and associations to obtain needed fuel supplies.

6. Coordinate the following activities:
   a. Electric generating capacity;
   b. Expected electric peak load;
   c. Geographic areas and number of customers that are expected to be most severely impacted, if available;
   d. Status of major generating unit outages;
   e. Expected duration of event;

7. Explanations of utilities planned actions; and recommendations of agency actions in support of the utilities

B. AT&T

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain additional private sector support as required. 2. Assemble a list of energy and utility related assets available to support recovery and coordinate this information with the EOC. 3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 5. Participate in drills and exercises to evaluate local capability. 6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

C. Atlanta Gas Light Company

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain additional private sector support as required. 2. Assemble a list of energy and utility related assets available to support recovery and coordinate this information with the EOC. 3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 5. Participate in drills and exercises to evaluate local capability. 6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.
D. Brunswick Public Works Department

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain additional private sector support as required. 2. Assemble a list of energy and utility related assets available to support recovery and coordinate this information with the EOC. 3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 5. Participate in drills and exercises to evaluate local capability. 6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

E. Comcast

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain additional private sector support as required. 2. Assemble a list of energy and utility related assets available to support recovery and coordinate this information with the EOC. 3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 5. Participate in drills and exercises to evaluate local capability. 6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

F. Georgia Power

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain additional private sector support as required. 2. Assemble a list of energy and utility related assets available to support recovery and coordinate this information with the EOC. 3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 5. Participate in drills and exercises to evaluate local capability. 6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

G. Glynn County Emergency Management Agency
1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain additional private sector support as required.

2. Assemble a list of energy and utility related assets available to support recovery and coordinate this information with the EOC.

3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.

4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.

5. Participate in drills and exercises to evaluate local capability.

6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

H. Glynn County Engineering Department

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain additional private sector support as required.

2. Assemble a list of energy and utility related assets available to support recovery and coordinate this information with the EOC.

3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.

4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.

5. Participate in drills and exercises to evaluate local capability.

6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

I. Glynn County Water Department

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain additional private sector support as required.

2. Assemble a list of energy and utility related assets available to support recovery and coordinate this information with the EOC.

3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.

4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.

5. Participate in drills and exercises to evaluate local capability.

6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

J. Jekyll Island Public Works
1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain additional private sector support as required.

2. Assemble a list of energy and utility related assets available to support recovery and coordinate this information with the EOC.

3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.

4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.

5. Participate in drills and exercises to evaluate local capability.

6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

K. Okefenoke Rural Electric Membership Corp.

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain additional private sector support as required.

2. Assemble a list of energy and utility related assets available to support recovery and coordinate this information with the EOC.

3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.

4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.

5. Participate in drills and exercises to evaluate local capability.

6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

IV. COUNTY-SPECIFIC INFORMATION

No County-specific information provided.
I. INTRODUCTION

The emergency support function of public safety and security services involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose

This ESF integrates countywide public safety and security capabilities and resources to support the full range of incident management activities associated with potential or actual disaster or emergency.

1. Local, private sector, and specific State and Federal authorities have primary responsibility for public safety and security, and typically are the first line of response and support in these functional areas.

2. In most incident situations, local jurisdictions have primary authority and responsibility for law enforcement activities, utilizing the Incident Command System on-scene. In larger-scale incidents, additional resources should first be obtained through the activation of mutual aid agreements with neighboring localities and/or State authorities, with incident operations managed through a Unified Command structure.
3. Through ESF 13, State and/or Federal resources could supplement County and local resources when requested or required, as appropriate, and are integrated into the incident command structure using NIMS principals and protocols.

4. ESF 13 primary agencies facilitate coordination among supporting agencies to ensure that communication and coordination processes are consistent with stated incident management missions and objectives.

5. When activated, ESF 13 coordinates the implementation of authorities that are appropriated for the situation and may provide protection and security resources, planning assistance, technology support, and other technical assistance to support incident operations, consistent with agency authorities and resource availability.

B. Scope
This ESF is structured to oversee public safety to include law enforcement, victim recovery, and deceased identification and mortuary services. The emergency operations necessary for the performance of this function include but are not limited to:

1. Preparedness
   a. ESF 13 capabilities support incident management requirements including force and critical infrastructure protection, security, planning and technical assistance, technology support, and public safety in both pre-incident and post-incident situations.
   b. ESF 13 is generally activated in situations requiring extensive assistance to provide public safety and security and where local government resources are overwhelmed or are inadequate, or in pre-incident or post-incident situations that require protective solutions or capabilities unique to the county.
   c. ESF 13 will procure and regularly update a list of all agencies (public and private) that have the capability to provide law enforcement and security services and victim recovery and mortuary services.

2. Response
   a. Provide warning and communications in support of the communications and warning plans.
   b. Staff the EOC as directed.
   c. Provide security to the EOC.
   d. Secure evacuated areas, including safeguarding critical facilities, and controlling entry and exit points to the disaster area as requested.
   e. ESF 13 will coordinate with ESF 5 to request additional resources, if needed.
   f. ESF 13 will activate existing MOUs with appropriate entities.

3. Recovery
   a. Continue those operations necessary to protect people and property.
b. Assist in return of evacuees.
c. Assist with reconstitution of law enforcement agencies as necessary.
d. Require ESF 13 team members or their agencies maintain appropriate records of costs incurred during the event.
e. Phase down operations as directed by the EOC.

4. Mitigation

a. ESF 13 agencies will conduct and/or support community education programs on survival and safety.
b. Support requests and directives resulting from GEMA and/or other state agencies and federal partners concerning mitigation and/or redevelopment activities.
c. Document matters that may be needed for inclusion in agency, county, state/federal briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

A. Law Enforcement and Security

1. Strategy
   Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this ESF, in cooperation with the EMA. This function will be coordinated with and involve other support agencies and organizations.

2. Actions

   a. Mitigation/Preparedness

      i. Analyze hazards and determine law enforcement requirements.
      ii. Identify agencies, organizations and individuals capable of providing support services.
      iii. Develop MOUs with adjacent and support law enforcement agencies.
      iv. Analyze hazards, critical facilities, determine law enforcement requirements, and develop plans to preposition assets.
      v. Train regular and support personnel in emergency duties.
      vi. Develop plans to conduct initial damage assessment.
      vii. Establish and maintain liaison with federal, state and local agencies.
      viii. Develop and maintain standard operating procedures and plans, to include alerting lists of personnel and agencies.
      ix. Participate in and/or conduct exercises and training to validate this ESF and supporting SOPs.
      x. Ensure all ESF 13 personnel integrate NIMS and ICS principles in all planning and preparedness initiatives.
b. Response/Recovery

i. Provide warning and communications assistance in support of ESF 2.
ii. Staff the EOC as directed.
iii. Coordinate security for critical facilities, as needed.
iv. Support evacuation plans with traffic control, communications, area patrols and security for shelters.
v. Control entry and exit to the emergency or disaster area.
vi. Control vehicle and individual access to restricted areas.
vii. Continue operations necessary to protect people and property.
viii. Coordinate public information and provide updates for ESF 15.
ix. Assist in return of evacuees.
x. Maintain records of expenditures and document resources utilized during recovery.
xi. Resume day-to-day operations.

B. Victim Recovery Services

1. Strategy
   Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this ESF, in cooperation with the EMA. This function will be coordinated with and involve other support agencies and organizations.

2. Actions

   a. Mitigation/Preparedness

      i. This function will be coordinated with and involve other agencies/organizations.
      ii. Develop and maintain standard operating procedures and plans, to include alerting lists of personnel and agencies.
      iii. Establish and maintain standards for human remains recovery operations.
      iv. Establish and maintain human remains recovery support and reporting procedures.
      v. Recruit, train, and certify recovery personnel.
      vi. Develop an inventory of resources and establish a record keeping system.
      vii. Conduct or participate in exercises to evaluate recovery response capability.
      viii. Conduct and/or support community education programs on survival.

   b. Response/Recovery
i. Respond to requests by local EMA; monitor response efforts.
ii. Support requests from neighboring counties and MOU/EMAC agreements.
iii. Maintain records, expenditures, and document resources utilized during response and recovery.

C. Deceased Identification and Mortuary Services

1. Strategy
   Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this ESF, in cooperation with the EMA. This function will be coordinated with ESF 5 and involve other support agencies and organizations.

2. Actions

   a. Mitigation/Preparedness

      i. Develop plans for location, identification, removal and disposition of the deceased.
      ii. Establish a system for collecting and disseminating information regarding victims and have the operational capability to deliver the information in a field environment in coordination with the EOC Public Information Group.
      iii. Develop protocols and maintain liaison with Disaster Mortuary Operational Response Teams (DMORT).
      iv. Identify agencies, organizations and individuals capable of providing support services for deceased identification including the county coroner.
      v. Maintain a description of capabilities and procedures for alert, assembly and deployment of mortuary assistance assets.
      vi. Identify public and private agencies and organizations capable of providing support to victims families.

   b. Response/Recovery

      i. Initiate the notification of deceased identification teams.
      ii. Retain victim identification records.
      iii. Support evacuation plans with traffic control, communications, area patrols and security for shelters.
      iv. Coordinate DMORT teams and services through existing MOUs and EMAC agreements.
      v. Coordinate county assistance for next-of-kin notification.
      vi. Maintain records of expenditures and document resources utilized during response and recovery.
III. RESPONSIBILITIES

A. Glynn County Police Department

Recognizing that local authorities have primary responsibility for public safety and security in their jurisdiction, the primary agency will plan for, prepare, and coordinate law enforcement activities conducted in Glynn County in anticipation of and during incidents of critical significance and provide guidance and direction for those agencies implementing the provisions of ESF #13.

B. Brunswick Fire Department

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

C. Brunswick Police Department

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

D. Bureau of Alcohol, Tobacco and Firearms

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.
E. CSX Railroad Police

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

F. Federal Bureau of Investigation

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

G. Georgia Bureau of Investigation, Bomb Unit

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

H. Georgia Bureau of Investigation, Douglas Office

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

I. Georgia Bureau of Investigation, Kingsland Office

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

J. Georgia Department Natural Resources

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

K. Georgia Ports Authority

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

L. Georgia State Patrol, Brunswick Post

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.
M. Georgia State Patrol, Jekyll Island Post

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

N. Glynn County Fire Department

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

O. Glynn County Search and Rescue

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

P. Glynn County Sheriff Department

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

Q. Norfolk Southern Police Department

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

IV. COUNTY-SPECIFIC INFORMATION

No County-specific information provided.
EMERGENCY SUPPORT FUNCTION 14
LONG TERM RECOVERY AND MITIGATION

Primary Agency
Glynn County Emergency Management Agency

Support Agencies
American Red Cross
City of Brunswick
Georgia Emergency Management Agency
Glynn County Board of Commissioners
Glynn County Board of Education
Glynn County Depart of Family and Children Service
Glynn County GIS Department
Glynn County Public Health Department
Jekyll Island Authority
Transportation Security Administration

I. INTRODUCTION

A. Purpose
This ESF provides operational guidance to those who are assigned to work in this ESF. The mission of this ESF is to provide a framework for Glynn County Emergency Management Agency support to municipal governments, nongovernmental organizations, and the private sector designed to enable community recovery from the long-term consequences of a disaster or emergency.

1. ESF 14 recognizes the primacy of affected governments and the private sector in defining and addressing risk reduction and long-term community recovery priorities.
2. Agencies continue to provide recovery assistance under independent authorities to municipal governments; the private sector; and individuals, while coordinating activities and assessments of need for additional assistance through the ESF 14 coordinator.
3. Support is tailored based on the type, extent, and duration of the event and long-term recovery period, and on the availability of state and federal resources.
4. Long-term community recovery and mitigation efforts are forward-looking and market-based, focusing on permanent restoration of infrastructure, housing, and the economy, with attention to mitigation of future impacts of a similar nature, when feasible.
5. The Federal Government uses the post-incident environment as an opportunity to measure the effectiveness of previous community recovery
and mitigation efforts.
6. ESF 14 facilitates the application of loss reduction building science expertise to the rebuilding of critical infrastructure (e.g., in repairing hospitals or emergency operation centers to mitigate for future risk).

B. Scope
Structure: This ESF will provide coordination during large-scale or catastrophic incidents that require assistance to address significant long-term impacts in the affected area (e.g., impacts on housing, businesses and employment, community infrastructure, and social services). Activities within the scope of this function include:

1. Preparedness
   a. Develop systems to use predictive modeling to determine vulnerable critical facilities as a basis for identifying recovery activities.
   b. Review County Hazard Mitigation Plan to identify vulnerable facilities.
   c. Analyze and evaluate long-term damage assessment data.
   d. Ensure all ESF 14 personnel integrate NIMS and ICS principles in all planning and preparedness initiatives.

2. Response
   Use predictive modeling to determine vulnerable critical facilities as a basis for identifying recovery activities.

3. Recovery
   a. Analyze evaluate long-term damage assessment data.
   b. In coordination with the state government, assign staff to identify and document economic impact and losses avoided due to previous mitigation and new priorities for mitigation in affected areas.
   c. Review the County Hazard Mitigation Plan for affected areas to identify potential mitigation projects.

4. Mitigation
   a. Support requests and directives resulting from the state and/or federal government concerning mitigation and/or re-development activities.
   b. Document matters that may be needed for inclusion in agency or state/federal briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

A. This ESF will assess the social and economic consequences in the impacted area and coordinate efforts to address long-term community recovery issues resulting from a disaster or emergency.
B. Advise on the long-term recovery implications of response activities and coordinate the transition from response to recovery in field operations.

C. Work with municipal governments; non-governmental organizations; and private-sector organizations to conduct comprehensive market disruption and loss analysis and develop a comprehensive long-term recovery plan for the community.

D. Identify appropriate State and Federal programs and agencies to support implementation of the long-term community recovery plan, ensure coordination, and identify gaps in resources available.

E. Determine/identify responsibilities for recovery activities, and provide a vehicle to maintain continuity in program delivery among departments and agencies, and with municipal governments and other involved parties, to ensure follow-through of recovery and hazard mitigation efforts.

F. Develops coordination mechanisms and requirements for post-incident assessments, plans, and activities that can be scaled to incidents of varying types and magnitudes.

G. Establishes procedures for integration of pre-incident planning and risk assessment with post-incident recovery and mitigation efforts.

H. Facilitates recovery decision making across ESFs. Also facilitates awareness of post incident digital mapping and pre-incident County and municipal hazard mitigation and recovery planning across ESFs

III. RESPONSIBILITIES

Supporting information and hazard analyses are contained in the appendix section of this plan.

A. Glynn County Emergency Management Agency

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

B. American Red Cross

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 4. Participate in drills and exercises to evaluate local communications capability. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.
C. City of Brunswick

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 4. Participate in drills and exercises to evaluate local communications capability. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

D. Georgia Emergency Management Agency

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 4. Participate in drills and exercises to evaluate local communications capability. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

E. Glynn County Board of Commissioners

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 4. Participate in drills and exercises to evaluate local communications capability. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

F. Glynn County Board of Education

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 4. Participate in drills and exercises to evaluate local communications capability. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.
G. Glynn County Depart of Family and Children Service

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 4. Participate in drills and exercises to evaluate local communications capability. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

H. Glynn County GIS Department

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 4. Participate in drills and exercises to evaluate local communications capability. 5. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

I. Glynn County Public Health Department

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 4. Participate in drills and exercises to evaluate local communications capability. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

J. Jekyll Island Authority

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 4. Participate in drills and exercises to evaluate local communications capability. 5. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.
K. Transportation Security Administration

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 4. Participate in drills and exercises to evaluate local communications capability. 5. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

IV. COUNTY-SPECIFIC INFORMATION

No County-specific information provided.
EMERGENCY SUPPORT FUNCTION 15
EXTERNAL AFFAIRS

Primary Agency
Glynn County Emergency Management Agency

Support Agencies
City of Brunswick
Georgia Emergency Management Agency
Glynn County Board of Commissioners
Jekyll Island Authority

I. INTRODUCTION

The emergency support function of external affairs includes direction, policies, responsibilities, and procedures for disseminating timely, accurate, and easily understood information to the public before, during, and after a disaster or emergency situation. Hazard-specific appendices to this plan contain additional information for such specific emergencies.

A. Purpose

1. Ensures that sufficient County assets are deployed to the field during a potential or actual a disaster or emergency to provide accurate, coordinated, and timely information to affected audiences, including governments, media, the private sector, and the populace.

2. This ESF includes a provision for providing information in a clear, concise and accurate manner on actions to be taken by local agencies and governments and actions to be taken by the public. Every effort shall be made to prevent and counter rumors and inaccurate information.

B. Scope

The emergency operations necessary for the performance of this function include, but are not limited to:

1. Preparedness

   a. Develop a public information program to educate the public regarding the effects of common, emergency, and disaster situations.
   b. Develop plans to coordinate with international, national, state and local news media for emergency operations, before, during and after emergency situations.
   c. Develop plans to conduct a multi-agency/jurisdiction coordinated public information program during emergencies and disasters; this
includes the establishment of a Joint Information Center (JIC).
d. Develop plans and programs to educate news media that ESF 15 is the primary information center during emergency situations.
e. Develop procedures to organize and operate a media briefing area and/or a JIC.
f. Develop and maintain pre-scripted EAS messages, news releases, and public service announcements, for all hazards to include hurricane and coastal storm, rainwater flooding, storm surge and tornado.
g. Encourage development of disaster plans and kits for the public.
h. Provide evacuation information to the affected public.
i. Participate in exercises and training to validate this annex and supporting SOPs.
j. Update public information responder listing, as necessary.
k. Develop and implement training programs for all ESF members.
l. Develop and maintain a roster with contact information of all ESF personnel.
m. Ensure all ESF 15 personnel integrate NIMS and ICS principles in all planning and preparedness initiatives.

2. Response

a. Alert agencies whose personnel, equipment, or other resources may be used.
b. Provide timely and accurate EAS messages and news releases in common language and terminology to inform the public.
c. Provide emergency public information to special needs populations.
d. Coordinate with news media regarding emergency operations.
e. Provide mass notification to urban and rural populations and provide periodic media updates.
f. Execute a multi-agency/jurisdiction coordinated public information program.
g. Organize and operate a press briefing area and a JIC, as appropriate.
h. Supplement local emergency management public information operations, as necessary, and when resources are available.

3. Recovery

a. Continue public information activities to include updating the public on recovery efforts.
b. Anticipate and plan for arrival of and coordinate with state ESF 15 personnel in the EOC, and the Joint Field Office (JFO).
c. Process and disseminate disaster welfare and family reunification information.

4. Mitigation

a. Support and plan for mitigation measures.
b. Support requests and directives resulting from the Governor and/or
GEMA concerning mitigation and/or re-development activities.
c. Document matters that may be needed for inclusion in agency or
state/federal briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

A. Strategy
EMA will coordinate overall information and planning activities for state
agencies and organizations.

EMA will coordinate with appropriate agencies to ensure operational
readiness of the Intel Function for the Emergency Operations Center (EOC).

Glynn County Emergency Management Agency provides primary
responsibility of this ESF and support for this function is the responsibility of
City of Brunswick, Georgia Emergency Management Agency, Glynn County
Board of Commissioners and Jekyll Island Authority.

B. Response Actions

1. Mitigation/Preparedness

   a. Develop a briefing and reporting system to include an EOC briefing,
situation report, public information and federal request format for the
EOC Intel Function;
   b. Share Intel formats with agencies and organizations that have
primary functional responsibilities;
   c. Update the information and planning system as required; and
   d. Participate in and/or conduct exercises.

2. Response/Recovery

   a. Begin Intel Function upon activation of the EOC;
   b. Collect and process information from state agencies and
organizations with primary Emergency Support Function
responsibilities;
   c. Prepare EOC briefings, situation reports and geographic data for
mapping to keep state and federal agencies and organizations,
officials, local governments and local Emergency Management
Agencies (EMAs) abreast of the severity and magnitude and provide
updates to Public Affairs for media release;
   d. Provide technical assistance information and analysis to the EMA
Director and EOC Chief, upon request;
   e. Coordinate needs and damage assessment of affected areas for
dissemination to appropriate agencies and organizations;
   f. Track and record data necessary for federal declaration;
   g. Prepare information for after-action reports; and
   h. Resume day-to-day operations.
C. Public Information Services

1. Strategy
Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this section of the ESF. This function will be coordinated with and involve other support agencies and organizations.

The public information services function is the primary responsibility of Glynn County Emergency Management Agency and support for this function is the responsibility of City of Brunswick, Georgia Emergency Management Agency, Glynn County Board of Commissioners and Jekyll Island Authority.

2. Actions

a. Mitigation/Preparedness

   i. Designate an individual to serve as a public information officer or coordinator.
   ii. Develop protocol and designate a liaison for communication with local, state, and federal governments and to handle legislative inquiries.
   iii. Assist agencies and organizations with ESF responsibilities in development of uniform procedures for media releases (refer to Appendix I, Public Information Procedures).
   iv. Maintain a media directory (refer to Appendix J, Media Contact List).
   v. Support disaster public awareness initiatives through dissemination of information, news articles, PSAs, and presentation of audio-visual materials.
   vi. Establish communication resources to provide people with sensory disability (e.g., visual and hearing impaired) and non-English speaking persons with emergency management information regarding emergencies or disasters.
   vii. Educate the public on alert messages such as watches and warnings through media such as radio, television, and newspaper.
   viii. Develop protocols for agencies and organizations with functional support responsibilities (e.g., American Red Cross ? opening of shelters, Department of Transportation ? evacuation routing) to inform the media about emergency and/or disaster plans.
   ix. Participate in drills and exercises to evaluate public information capacity.

b. Response/Recovery

   i. Define public notification timeframe regarding an emergency or
Define public notification timeframe regarding an emergency or disaster and disseminate information to the media.

i. Maintain a system to ensure accurate dissemination of emergency information such as location, type of hazard, extent of damage, casualties, shelters open, evacuation routes, and other protective actions.

ii. Provide a designated area for media briefings and/or press conferences and conduct briefings in a timely manner.

iii. Provide updates (e.g., response to inquiries about missing relatives, restricted areas of access and reentry) regarding the emergency or disaster.

iv. Establish media responsibilities and appropriate spokespersons from local government, agencies, and organizations with ESF responsibilities.

v. Continue provision of public safety and other necessary assistance information throughout the recovery phase.

vi. Provide advanced media releases to the GEMA-SOC.

vii. Coordinate with other jurisdictions that share the media market.

viii. Maintain records of expenditures and document resources utilized during recovery.

III. RESPONSIBILITIES

A. Glynn County Emergency Management Agency

1. In coordination with Glynn County Emergency Management Agency, the designated PIO has overall responsibility for coordination of this ESF and all information released to the media.

2. During an incident, County and City of Brunswick authorities share responsibility for communicating information regarding the incident to the public. These actions are a critical component of incident management and must be fully integrated with all other operational actions to ensure the following objectives are met:

3. Delivery of incident preparedness, health, response, and recovery instructions to those directly affected by the incident; and

4. Dissemination of incident information to the public.

5. The EOC structure provides a supporting mechanism to develop, coordinate, and deliver messages; it supports the Incident Commander or Unified Command and the associated elements of the ICS.

6. County/municipal core groups develop, coordinate, and deliver information and instructions to the public related to:

7. Assistance to the incident-affected area;
8. Departmental/agency response;
8. County/municipal preparations;
9. Protective measures;
10. Impact on non affected areas; and
11. Law enforcement activities.

The EOC is the central point for coordination of incident information, public affairs activities, and media access to information regarding the latest developments. In the event of a potential or actual Incident of Critical Significance, the EOC is activated to coordinate County, municipal, and private-sector incident communications with the public. Major announcements, daily briefings, and incident updates from the EOC are coordinated through GCEMA, affected leadership, and the interagency core group prior to release. This must be closely assessed and agreed upon in the early stages of an incident by all involved in incident communications with the public. The EOC is the physical location from which public affairs professionals from organizations involved in the response work together to provide critical emergency information, media response, and public affairs functions. The EOC serves as a focal point for the coordination and dissemination of information to the public and media concerning incident prevention, preparedness, response, recovery, and mitigation.

B. City of Brunswick

1. During an incident, County and City of Brunswick authorities share responsibility for communicating information regarding the incident to the public. These actions are a critical component of incident management and must be fully integrated with all other operational actions to ensure the following objectives are met:
2. Delivery of incident preparedness, health, response, and recovery instructions to those directly affected by the incident; and
3. Dissemination of incident information to the public.
4. The EOC structure provides a supporting mechanism to develop, coordinate, and deliver messages; it supports the Incident Commander or Unified Command and the associated elements of the ICS.
5. County/municipal core groups develop, coordinate, and deliver information and instructions to the public related to:
6. Assistance to the incident-affected area;
7. Departmental/agency response;
8. County/municipal preparations;
9. Protective measures;
10. Impact on non affected areas; and
11. Law enforcement activities.
C. Georgia Emergency Management Agency

1. During an incident, County and City of Brunswick authorities share responsibility for communicating information regarding the incident to the public. These actions are a critical component of incident management and must be fully integrated with all other operational actions to ensure the following objectives are met:
   2. Delivery of incident preparedness, health, response, and recovery instructions to those directly affected by the incident; and
   3. Dissemination of incident information to the public.
4. The EOC structure provides a supporting mechanism to develop, coordinate, and deliver messages; it supports the Incident Commander or Unified Command and the associated elements of the ICS.
5. County/municipal core groups develop, coordinate, and deliver information and instructions to the public related to:
   6. Assistance to the incident-affected area;
   7. Departmental/agency response;
   8. County/municipal preparations;
   9. Protective measures;
   10. Impact on non affected areas; and
   11. Law enforcement activities.

D. Glynn County Board of Commissioners

1. During an incident, County and City of Brunswick authorities share responsibility for communicating information regarding the incident to the public. These actions are a critical component of incident management and must be fully integrated with all other operational actions to ensure the following objectives are met:
   2. Delivery of incident preparedness, health, response, and recovery instructions to those directly affected by the incident; and
   3. Dissemination of incident information to the public.
4. The EOC structure provides a supporting mechanism to develop, coordinate, and deliver messages; it supports the Incident Commander or Unified Command and the associated elements of the ICS.
5. County/municipal core groups develop, coordinate, and deliver information and instructions to the public related to:
   6. Assistance to the incident-affected area;
   7. Departmental/agency response;
   8. County/municipal preparations;
   9. Protective measures;
   10. Impact on non affected areas; and
   11. Law enforcement activities.

E. Jekyll Island Authority

1. During an incident, County, City of Brunswick, and Jekyll Island Authority share responsibility for communicating information regarding the incident to the public. These actions are a critical component of incident management and must be fully integrated with all other operational actions to ensure the following objectives are met:
   2. Delivery of incident preparedness, health, response, and recovery instructions to those directly affected by the incident; and
   3. Dissemination of incident information to the public.
4. The EOC structure provides a supporting mechanism to develop, coordinate, and deliver messages; it supports the Incident Commander or Unified Command and the associated elements of the ICS.
5. County/municipal core groups develop, coordinate, and deliver information and instructions to the public related to:
6. Assistance to the incident-affected area;
7. Departmental/agency response;
8. County/municipal preparations;
9. Protective measures;
10. Impact on non affected areas; and
11. Law enforcement activities.

EMERGENCY SUPPORT FUNCTION ACTIVATION CHECKLIST

☐ 1. Receive notification of ESF Activation from Glynn County Emergency Management Agency.

☐ 2. Notify all ESF supporting agencies.

☐ 3. Verify status of Activation of the EOC.

☐ 4. Send Representative to the EOC at designated times.

☐ 5. Sign in at EOC Security Station to receive badge and log hours.

☐ 7. Obtain situation briefing from EOC staff.

☐ 8. Ensure adequate staffing for 24-hour coverage. Confirm names and hours of liaison staff with appropriate agencies.

☐ 9. Inventory go kits and work area. Check supplies, phone, and computer. Report any deficiencies to the EOC Manager.

☐ 10. Establish filing system (may include, but not limited to, status reports, situation reports, briefing papers, assignments, mission tasking, telephone rosters, daily reports, etc).

☐ 11. Establish contact with forward deployed teams or other agencies, as required. Exchange point of contact information and establish reporting times for all elements.

☐ 12. Begin gathering information and provide operational report to Operations Chief.
GLOSSARY

Alternate Emergency Operations Center - A site located away from the primary Emergency Operations Center where officials exercise direction and coordination in an emergency or disaster.

Area Command - An organization established to oversee the management of multiple incidents that are each being handled by an Incident Command System organization or to oversee the management of large or multiple incidents to which several Incident Management Teams have been assigned.

Area Command (Unified Area Command) - An organization established (1) to oversee the management of multiple incidents that are each being handled by an Incident Command System (ICS) organization or (2) to oversee the management of large or multiple incidents to which several Incident Management Teams have been assigned. Area Command has the responsibility to set overall strategy and priorities, allocate critical resources according to priorities, ensure that incidents are properly managed, and ensure that objectives are met and strategies followed. Area Command becomes Unified Area Command when incidents are multijurisdictional. Area Command may be established at an EOC facility or at some location other than an ICP.

Catastrophic Incident - A natural or manmade incident, which results in extraordinary levels of mass casualties, damage, or disruption severely affecting the population, infrastructure, environment, economy, and/or government functions.

Command Post - A designated location to communicate and exercise direction and coordination over an emergency or disaster.

Consequence Management - Predominantly an emergency management function and included measures to protect public health and safety, restore essential government services, and provide emergency relief to governments, businesses, and individuals affected by the consequences of terrorism. The requirements of consequence management and crisis management are combined in the EOP.

Continuity of Government - Measures taken to ensure coordination of essential functions of government in the event of an emergency or disaster.

Crisis Management - Predominantly a law enforcement function and included measures to identify, acquire, and plan the use of resources needed to anticipate, prevent, and/or resolve a threat or act of terrorism. The requirements of consequence management and crisis management are combined in the EOP. See also Consequence Management.

Critical Facilities - Schools, libraries, hospitals, public roads, water and sanitation systems, public safety buildings and other essential infrastructure.

Cyber - Pertaining to computers and their support systems, such as servers, routers, and switches that support critical infrastructure.

Damage Assessment - An appraisal or determination of the number of injuries or deaths, damage to public or private property, status of critical facilities, services, communication networks, public works and utilities, and transportation resulting from a man-made or natural disaster.

Decontamination - Reduction or removal of chemical, biological or radioactive material from a structure, area, object, or person.

Direction and Coordination - Determining and understanding responsibilities so as to respond appropriately and expeditiously at a centralized center and/or on-scene location during emergency operations.

Disaster - A man-made or natural disaster resulting in severe property damage, injuries and/or death within a community or multi-jurisdictional area that requires local, state, and federal assistance to alleviate damage, loss, hardship, or suffering.
**Disaster Recovery Center (DRC)** - A facility established in a centralized location within or near the disaster area at which disaster victims (individuals, families, or businesses) apply for disaster aid.

**Drill** - A practical approach or procedure that involves elements of a preparedness plan or the use of specific equipment to evaluate a plan prepared response.

**Emergency** - As defined by the Stafford Act, an emergency is “any occasion or instance for which, in the determination of the President, Federal assistance is needed to supplement State and local efforts and capabilities to save lives and to protect property and public health and safety, or to lessen or avert the threat of a catastrophe in any part of the United States.”

**Emergency Alert System (EAS)** - A digital voice/text technology communications system consisting of broadcast stations and interconnecting facilities authorized by the Federal Communications Commission to provide public information before, during, and after disasters.

**Emergency Management** - An organized analysis, planning, direction, and coordination of resources to mitigate, prepare, respond, and assist with recovery from an emergency or disaster.

**Emergency Management Agency (EMA)** - Local government agency, established by local resolution(s), charged with the responsibility for local emergency management mitigation, preparedness, response, and recovery activities within the jurisdiction.

**Emergency Management Agency Director** - An individual with primary responsibility for emergency management mitigation, preparedness, response, and recovery within the jurisdiction.

**Emergency Operations Center (EOC)** - Physical location at which local government officials and designated agencies and/or organization representatives coordinate and resources to support domestic management activities.

**Emergency Operations Plan (EOP)** - A document describing mitigation, preparedness, response, and recovery actions necessary by local government and designated and supporting agencies or organizations in preparation of an anticipated emergency or disaster.

**Emergency Support Function (ESF)** - 15 identified government and private-sector capabilities organized in into a structure to facilitate assistance required during mitigation, preparedness, response, and recovery to save lives, protect health and property, and maintain public safety.

**Evacuation** - Organized, phased, and supervised withdrawal, dispersal, or removal of civilians from dangerous or potentially dangerous areas, and their reception and care in safe areas.

**Evacuees** - Persons moving from areas threatened or struck by an emergency or disaster.

**Exercise** - A simulated occurrence of a man-made or natural emergency or disaster involving planning, preparation, operations, practice, and evaluation.

**Federal Disaster Assistance** - Aid to disaster victims and state and local governments by the Federal Emergency Management Agency and other federal agencies available once a Presidential Declaration has been made.

**First Responder** - Local and nongovernmental police, fire, and emergency personnel who in the early stages of an incident are responsible for the protection and preservation of life, property, evidence, and the environment.

**Georgia Emergency Management Agency (GEMA)** - A state agency established by state law, responsible for statewide emergency management mitigation, preparedness, response and recovery activities within the State of Georgia.

**Hazard** - A dangerous situation or occurrence that may result in an emergency or disaster.

**Hazard Mitigation** - Any measure that will reduce potential damage to property, persons or life from a disaster or emergency from a predetermined possible hazard.
**Hazardous Material** - Substance or material that has been determined to be capable of posing an unreasonable risk to health, safety, and property including pollutants and contaminants when released into the environment.

**Hazardous Materials Incident** - An occurrence resulting in the uncontrolled release of hazardous materials accident capable of posing a risk to health, safety, and property.

**Hazardous Substance** - As defined by the NCP, any substance designated pursuant to section 311(b)(2)(A) of the Clean Water Act; any element, compound, mixture, solution, or substance designated pursuant to section 102 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA); any hazardous waste having the characteristics identified under or listed pursuant to section 3001 of the Solid Waste Disposal Act (but not including any waste the regulation of which under the Solid Waste Disposal Act (42 USC. § 6901 et seq.) has been suspended by act of Congress); any toxic pollutant listed under section 307(a) of the Clean Water Act; any hazardous air pollutant listed under section 112 of the Clean Air Act (42 USC. § 7521 et seq.); and any imminently hazardous chemical substance or mixture with respect to which the EPA Administrator has taken action pursuant to section 7 of the Toxic Substances Control Act (15 USC. § 2601 et seq.).

**In-Kind Donations** - Donations given in the form of goods, commodities, or services rather than money.

**Incident** - An occurrence or event, natural manmade caused, that requires an emergency response to protect life or property.

**Incident** - An occurrence or event, natural or human caused, that requires an emergency response to protect life or property. Incidents can, for example, include major disasters, emergencies, terrorist attacks, terrorist threats, wildland and urban fires, floods, hazardous materials spills, nuclear accidents, aircraft accidents, earthquakes, hurricanes, tornadoes, tropical storms, war-related disasters, public health and medical emergencies, and other occurrences requiring an emergency response.

**Incident Command Post (ICP)** - Field location at which the primary tactical-level, on-scene incident command functions are performed. The ICP may be collocated with the incident base or other incident facilities.

**Incident Command System** - A standardized on scene emergency management construct specifically designed to provide for the adoption of an integrated organizational structure that reflects the complexity and demands of single or multiple incidents, without being hindered by jurisdictional boundaries. ICS is the combination of facilities, equipment, personnel, procedures, and communications operating with a common organizational structure, designed to aid in the management of resources during incidents. ICS is used for all kinds of emergencies and is applicable to small as well as large and complex incidents. ICS is used by various jurisdictions and functional agencies, both public and private, or organized field-level incident management operations.

**Incident Command System (ICS)** - A management tool consisting of procedures for organizing personnel, facilities, equipment and communications at the scene of an emergency.

**Incident Commander** - The individual responsible for all incident activities, including the development of strategies and tactics and the ordering and release of resources. The IC has overall authority and responsibility for conducting incident operations and is responsible for the management of all incident operations at the incident site.

**Incident of Critical Significance** - An actual or potential high-impact event that requires a coordinated and effective response by and appropriate combination of County, local, nongovernmental, and/or private-sector entities in order to save lives and minimize damage, and provide the basis for long-term community recovery and mitigation activities.

**Infrastructure** - The manmade physical systems, assets, projects, and structures, publicly and/or privately owned, that are used by or provide benefit to the public. Examples of infrastructure include utilities, bridges, levees, drinking water systems, electrical systems, communications systems, dams, sewage systems, and roads.
**Joint Information Center (JIC)** - A facility established to coordinate all incident-related public information activities. It is the central point of contact for all news media at the scene of the incident. Public information officials from all participating agencies should collocate at the JIC.

**Joint Operations Center (JOC)** - The JOC is the focal point for all Federal investigative law enforcement activities during a terrorist or potential terrorist incident or any other significant criminal incident.

**Jurisdiction** - A range or sphere of authority. Public agencies have jurisdiction at an incident related to their legal responsibilities and authorities. Jurisdictional authority at an incident can be political or geographical. (e.g., city, county, State, or Federal boundary lines) or functional (e.g., law enforcement, public health).

**Liaison Officer** - A member of the Command Staff responsible for coordinating with representatives from cooperating and assisting agencies.

**Local Government** - County, municipality, city, town, township, local public authority, school district, special district, intrastate district, council of governments, regional or interstate government entity, or agency or instrumentality of a local government; or a rural community, unincorporated town or village, or other public entity.

**Major Disaster** - As defined by the Stafford Act, any natural catastrophe (including any hurricane, tornado, storm, high water, wind-driven water, tidal wave, tsunami, earthquake, volcanic eruption, landslide, mudslide, snowstorm, or drought) or, regardless of cause, any fire, flood, or explosion, in any part of the United States, which in the determination of the President causes damage of sufficient severity and magnitude to warrant major disaster assistance under this act to supplement the efforts and available resources of States, local governments, and disaster relief organizations in alleviating the damage, loss, hardship, or suffering caused thereby.

**Memorandum of Understanding (MOU)** - A written memorandum of understanding between agencies and organizations to share resources and assistance during an emergency or disaster.

**Mitigation** - Activities designed to reduce or eliminate risks to persons or property or to lessen the actual or potential effects or consequences of an incident. Mitigation measures may be implemented prior to, during, or after an incident. Mitigation measures are often developed in accordance with lessons learned from prior incidents. Mitigation involves ongoing actions to reduce exposure to, probability of, or potential loss from hazards. Measures may include zoning and building codes, floodplain buyouts, and analysis of hazard-related data to determine where it is safe to build or locate temporary facilities. Mitigation can include efforts to educate governments, businesses, and the public on measures they can take to reduce loss and injury.

**Mitigation** - Activities designed to reduce or eliminate risks to persons or property or life, to lessen the actual or potential effects or consequences of an emergency or disaster.

**Mobile Command Post (MCP)** - A vehicle having the capability to communicate and exercise direction and coordination over an emergency or disaster.

**Mutual Aid Agreement** - Written agreement between agencies, organizations, and/or jurisdictions that they will assist one another on request by furnishing personnel, equipment, and/or expertise in a specified manner.

**National Incident Management System** - A system mandated by HSPD-5 that provides a consistent, nationwide approach for Federal, State, and local governments; the private sector; and NGOs to work effectively and efficiently together to prepare for, respond to, and recover from domestic incidents, regardless of cause, size, or complexity. To provide for interoperability and compatibility among Federal, State, and local capabilities, the NIMS includes a core set of concepts, principles, and terminology. HSPD-5 identifies these as the ICS; multiagency coordination systems; training; identification and management of resources (including systems for classifying types of resources); qualification and certification; and the collection, tracking, and reporting of incident information and incident resources.
**National Incident Management System (NIMS)** - A system that provides a consistent, nationwide approach for Federal, State, and local governments; the private sector; and NGOs to work effectively and efficiently together to prepare for, respond to, and recover from domestic incidents, regardless of cause, size, or complexity.

**Natural Resources** - Natural resources include agriculture, biota, fish, livestock, wildlife, domesticated animals, plants, and water.

**Nongovernmental Organization** - A nonprofit or private-sector entity that is based on interests of its members, individuals, or institutions and that is not created by a government, but may work cooperatively with government.

**Occupational Safety and Health Administration (OSHA)** - Branch of the U.S. Department of Labor responsible for establishing and enforcing safety and health standards in the workplace.

**Operating Condition (OPCON)** - Scale with increasing levels of preparedness from five to one requiring performance of predetermined actions in response to a perceived or real threat.

**Power Outage** - An interruption or loss of electrical service due to disruption of power generation or transmission caused by accident, sabotage, natural hazards, equipment failure, or fuel shortage.

**Preparedness** - Maintaining emergency management capabilities in readiness, preventing capabilities from failing, and augmenting the jurisdiction's capability including training, developing, conducting and evaluating exercises, identifying, and correcting deficiencies, and planning to safeguard personnel, equipment, facilities, and resources from effects of a hazard.

**Presidential Declaration** - When disaster exceeds local and state government’s capacity to respond, or provide sufficient resources for response, the state’s Governor may request federal assistance, which is then approved by the President in the form of a Presidential Declaration which then increases federal aid to the affected areas.

**Prevention** - Actions taken to avoid an incident or to intervene to stop an incident from occurring. Prevention involves actions taken to protect lives and property. It involves applying intelligence and other information to a range of activities that may include such countermeasures as deterrence operations; heightened inspections; improved surveillance and security operations; investigations to determine the full nature and source of the threat; public health and agricultural surveillance and testing processes; immunizations, isolation, or quarantine; and, as appropriate, specific law enforcement operations aimed at deterring, preempting, interdicting, or disrupting illegal activity and apprehending potential perpetrators and bringing them to justice.

**Primary Responsibility** - An agency or organization designated leadership and coordination of a specific emergency support function so as to mitigate, prepare, respond, and assist with recovery of an emergency or disaster.

**Private Sector** - Organizations and entities that are not part of any governmental structure. Includes for-profit and not-for-profit organizations, formal and informal structures, commerce and industry, private emergency response organizations, and private voluntary organizations.

**Public Health** - Protection, safety, improvement, and interconnections of health and disease prevention among people, domestic animals and wildlife.

**Public Information** - Dissemination of information in anticipation of an emergency or disaster and timely actions, updates, and instructions regarding an actual occurrence.

**Public Information Officer** - A designated individual responsible for preparing and coordinating the dissemination of emergency public information.

**Public Works** - Work, construction, physical facilities, and services provided by governments for the benefit and use of the public.

**Recovery** - Long-term activities beyond damage assessment necessary to satisfy immediate life
Recovery - Long-term activities beyond damage assessment necessary to satisfy immediate life support needs, maintain logistical support, begin restoration of the infrastructure, identify individuals and communities eligible for disaster assistance, and implement post-disaster mitigation.

Resources - Personnel and major items of equipment, supplies, and facilities available or potentially available for assignment to incident operations and for which status is maintained. Resources are described by kind and type and may be used in operational support or supervisory capacities at an incident or at an Emergency Operations Center.

Response - Time sensitive actions to save lives and/or protect property, stabilize emergency or disaster situations, and initiate actions to notify emergency management representatives of the crisis, evacuate and/or shelter the population, inform the public about the situation, assess the damage, and request additional assistance, as needed.

Shelter - A designated facility that provides temporary congregate care for individuals and families who have been forced from their homes by an emergency or disaster.

Shelter Management - The internal organization, administration, and operation of a shelter facility by the American Red Cross.

Staging Area - A location pre-selected for emergency management equipment, vehicles, and personnel to begin coordinated operations, deployment of personnel to host jurisdictions and other assistance to affected communities.

Standard Operating Procedures (SOP) - Directions, detailing task assignments, and a step-by-step process of responsibilities relating to each Emergency Support Function or in relation to organizational response.

State Operations Center (SOC) - Permanent facility designated by the State Emergency Management Agency as the central location for information gathering, disaster analysis, and response coordination before, after and during a disaster.

Strategic Plan - A plan that addresses long-term issues such as impact of weather forecasts, time-phased resource requirements, and problems such as permanent housing for displaced disaster victims, environmental pollution, and infrastructure restoration.

Support Agencies - An agency or organization which provides assistance to the primary agency or organization with designated Emergency Support Function responsibility.

Terrorism - The unlawful use or threatened use of force or violence by a person or an organized group against people or property with the intention of intimidating or coercing societies or governments, often for ideological or political reasons.

Unaffiliated Volunteer - An individual who is not formally associated with a recognized voluntary disaster relief organization; also known as a "spontaneous" or "emergent" volunteer.

Unified Command - An application of Incident Command System (ICP) used when there is more than one agency with incident jurisdiction or when incidents cross-political jurisdictions. Agencies work together through the designated members of the Unified Command to establish their designated Incident Commanders at a single ICP and to establish a common set of objectives and strategies and a single Incident Action Plan.

Unsolicited Goods - Donated items offered by and/or sent to the incident area by the public, the private sector, or other source, that have not been requested by government or nonprofit disaster relief coordinators.

Urban Search and Rescue - Operational activities that include locating, extricating, and providing on-site medical treatment to victims trapped in collapsed or damaged structures.

Volunteer - Any individual accepted to perform services by an agency that has authority to accept
volunteer services when the individual performs services without promise, expectation, or receipt of compensation for services performed.

**Volunteer and Donations Coordination Center** - Facility from which the Volunteer and Donations Coordination Team operates to review and process offers.

**Warning** - Alerting local government, agencies and organizations with emergency support function responsibilities, and the public regarding the threat of extraordinary danger (e.g., tornado warning, hurricane warning, severe storm warning) and that such occurrence has been sighted or observed specifying related effects that may occur due to this hazard.

**Watch** - Indications by the National Weather Service that, in a defined area, conditions are possible or favorable for the specific types of severe weather (e.g., flashflood watch, tropical storm watch).

**Weapon of Mass Destruction** - Any weapon that is designed or intended to cause widespread destruction resulting in serious bodily injury or death through the release, dissemination, or impact of toxic substance at a level dangerous to human life.

**P = PRIMARY AGENCY:**

Responsible for Management of the ESF; Devise, coordinate, and implement disaster recovery plans for the ESF.

**S = SUPPORT AGENCY:**

Responsible to provide expertise, experience, and assts to the ESF as needed or requested by the Primary Agency.

**ESF's:**

1 = TRANSPORTATION  
2 = COMMUNICATIONS  
3 = PUBLIC WORKS / ENGINEERING  
4 = FIREFIGHTING  
5 = EMERGENCY MANAGEMENT  
6 = MASS CARE  
7 = RESOURCE SUPPORT  
8 = PUBLIC HEALTH / MEDICAL  
9 = SEARCH AND RESCUE
10 = HAZARDOUS MATERIALS
11 = AG / NATURAL RESOURCES
12 = ENERGY
13 = PUBLIC SAFETY
14 = LONG TERM RECOVERY
15 = EXTERNAL AFFAIRS
ESF SUMMARY OF RESPONSIBILITIES

AT&T

ESF 2: Communications (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.
2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC.
3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local communications capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

ESF 12: Energy (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain additional private sector support as required.
2. Assemble a list of energy and utility related assets available to support recovery and coordinate this information with the EOC.
3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

American Red Cross

ESF 6: Mass Care (Support)

Open, administer and operate all shelters.

ESF 14: Long Term Recovery (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
4. Participate in drills and exercises to evaluate local communications capability.
5. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.
expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency

Atlanta Gas Light Company

ESF 12: Energy (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your responsibility. Also to develop procedures to obtain additional private sector support as required. 2. Assemble a list of energy and utility related assets available to support recovery and coordinate this information with the EOC. 3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 5. Participate in drills and exercises to evaluate local capability. 6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

Brunswick Fire Department

ESF 2: Communications (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required. 2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC. 3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort. 4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 5. Participate in drills and exercises to evaluate local communications capability. 6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

ESF 4: Firefighting (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs. 2. Assemble a complete list of available firefighting resources within Glynn County and surrounding counties and municipalities that may be available for response and coordinate this information with the EOC. 3. Request volunteer and private agencies with assets to contribute those assets to response efforts.

ESF 5: Emergency Management (Support)

1. Identify and provide staff representatives to support the
ESF and other operational information related to these activities.

2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

ESF 9: Search and Rescue (Support)

1. Agencies participating in SAR will rely on ESF 11 to provide food and water to support operations, just as other critical work force personnel will.
2. The local SAR leaders will coordinate with ESF 3 for assistance in completing any structural shoring required to ensure the safety of the teams.
3. The Glynn County Search and Recovery Unit will assist with water related SAR efforts.
4. Coastal Crisis Response Team - May be called upon to provide counseling to SAR team members.
5. Medical Examiner/Coroner’s Office, in conjunction with Glynn County Police Department is responsible to secure and investigate deaths.
6. The Glynn County Police and City of Brunswick Police Department will provide security for SAR teams, if needed.

ESF 10: Hazardous Materials (Support)

Utilized on an as needed basis and accessed through ESF #4.

ESF 13: Public Safety (Support)

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

Brunswick Police Department

ESF 2: Communications (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.
2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC.
3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local communications capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.
ESF 5: Emergency Management (Support)

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

ESF 9: Search and Rescue (Support)

1. Agencies participating in SAR will rely on ESF 11 to provide food and water to support operations, just as other critical work force personnel will.
2. The local SAR leaders will coordinate with ESF 3 for assistance in completing any structural shoring required to ensure the safety of the teams.
3. The Glynn County Search and recovery Unit will assist with water related SAR efforts.
4. Coastal Crisis Response Team - May be called upon to provide counseling to SAR team members.
5. Medical Examiner/Coronor’s Office, in conjunction with Glynn County Police Department is responsible to secure and investigate deaths.
7. The Glynn County Police and City of Brunswick Police Department will provide security for SAR teams, if needed.

ESF 13: Public Safety (Support)

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

Brunswick Public Works Department

ESF 3: Public Works / Engineering (Support)

1. Serve as the Primary coordinator for damage assessment and related tasks. Designated representatives will work closely with the ESF Primary Agency and CEMA to assist in the posting and monitoring of damage reports. 2. Coordinate with other ESFs to consolidate reports of damage and focus assessment efforts. 3. Act as liaison between the EOC and the State EOC for damage assessment activity. 4. Identify and facilitate resolution of area responsibility among agencies involved. 5. Maintain contact with municipal liaisons to collect and relay information. 6. Provide direction on policy issues. 7. Assist with public information releases regarding areas of damage. 8. Coordinate with the ESF Primary Agency to exchange information regarding area condition and accessibility with the Search and Rescue ESF.

ESF 12: Energy (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain additional private sector support as required. 2. Assemble a list of energy and utility related assets available to support recovery and coordinate this...
information with the EOC. 3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 5. Participate in drills and exercises to evaluate local capability. 6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

**Bureau of Alcohol, Tobacco and Firearms**

**ESF 13: Public Safety (Support)**

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

**CSX Railroad Police**

**ESF 13: Public Safety (Support)**

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

**Camden County Emergency Management**

**ESF 5: Emergency Management (Support)**

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Participate in drills and exercises to evaluate local capability. 4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

**City of Brunswick**

**ESF 5: Emergency Management (Support)**

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Participate in drills and exercises to evaluate local capability. 4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

**ESF 7: Resource Support (Support)**

1. Assess the need for and prioritize the deployment of services based on your area of responsibility. 2. Locating, procuring, and issuing resources to other County agencies for use in emergency operations necessary to support the County EOP or to promote public safety. 3. Locating and coordinating the use of available space for
ESF 14: Long Term Recovery (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 4. Participate in drills and exercises to evaluate local communications capability. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

ESF 15: External Affairs (Support)

1. During an incident, County and City of Brunswick authorities share responsibility for communicating information regarding the incident to the public. These actions are a critical component of incident management and must be fully integrated with all other operational actions to ensure the following objectives are met:
2. Delivery of incident preparedness, health, response, and recovery instructions to those directly affected by the incident; and
3. Dissemination of incident information to the public.
4. The EOC structure provides a supporting mechanism to develop, coordinate, and deliver messages; it supports the Incident Commander or Unified Command and the associated elements of the ICS.
5. County/municipal core groups develop, coordinate, and deliver information and instructions to the public related to:
6. Assistance to the incident-affected area;
7. Departmental/agency response;
8. County/municipal preparations;
9. Protective measures;
10. Impact on non affected areas; and
11. Law enforcement activities.

Comcast

ESF 2: Communications (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required. 2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC. 3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort. 4. Evaluate the availability, operational condition and duration
of need as well as logistical requirements necessary to obtain critically needed equipment.

10. Impact on non affected areas; and
11. Law enforcement activities.

Glynn County Board of Education

ESF 1: Transportation (Primary)

1. Glynn County School Board will coordinate with the support agencies in directing transportation resources and prioritizing the needs for transportation services.
2. Immediately following an Incident of Critical Significance, assess the overall status of the transportation system within the county and begin determination of potential needs and resources.
3. ESF 7 (Resource Support) will supply information pertaining to potential volunteer groups, contract vendors, and other entities that may be able to supplement available resources.

ESF 5: Emergency Management (Support)
1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

ESF 6: Mass Care (Support)

1. Support sheltering activities with personnel and facilities, specifically through contractual agreement between the Glynn County Board of Education (BOE) and the American Red Cross.
2. Provide security at BOE facility shelters as required.

ESF 14: Long Term Recovery (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
4. Participate in drills and exercises to evaluate local communications capability. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

Glynn County Building Inspector

ESF 3: Public Works / Engineering (Support)

1. Serve as the Primary coordinator for damage assessment and related tasks. Designated representatives will work closely with the ESF Primary Agency and GCEMA to assist in the posting and monitoring of damage reports.
2. Coordinate with other ESFs to consolidate reports of damage and focus assessment efforts.
3. Act as liaison between the EOC and the State EOC for damage assessment activity.
4. Identify and facilitate resolution of area responsibility among agencies involved.
5. Maintain contact with municipal liaisons to collect and relay information.
7. Assist with public information releases regarding areas of damage.
8. Coordinate with the ESF Primary Agency to exchange information regarding area condition and accessibility with the Search and Rescue ESF.

ESF 5: Emergency Management (Support)

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets.
assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

Glynn County Coroner’s Office

No responsibilities have been provided.

Glynn County Department of Family and Children Service

ESF 6: Mass Care (Primary)

1. Ensure the presence of resource materials in sufficient numbers in the ESF location. These materials would include:
2. Shelter listings for each agency with names and numbers of each shelter manager, as available.
3. Locations of all mass feeding sites and the names of site managers.
4. Provide a system for recording incoming requests for sheltering and mass feeding, response assignments and actions taken.
5. Establish a protocol for prioritizing response activities.
6. Coordinate activities with other ESFs.
7. Maintain records of expenditures and document resources utilized during response and recovery efforts.

ESF 14: Long Term Recovery (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
4. Participate in drills and exercises to evaluate local communications capability. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

Glynn County Emergency Management Agency

ESF 1: Transportation (Support)

- Coordinate Evacuations
- Support of other Agencies during Evacuations

ESF 2: Communications (Support)

1. Assess the need for and prioritize the deployment of
1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.
2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC.
3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local communications capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

ESF 5: Emergency Management (Primary)

1. Coordinate message flow within the EOC.
2. Coordinate the overall efforts to collect, process, report, and display essential elements of information; and facilitate support for planning response operations.
3. Distribute plans and reports to the state and other ESFs.
4. Maintain records of expenditures and document resources utilized during response and recovery efforts.

ESF 7: Resource Support (Support)

1. Assess the need for and prioritize the deployment of services based on your area of responsibility.
2. Locating, procuring, and issuing resources to other County agencies for use in emergency operations necessary to support the County EOP or to promote public safety.
3. Locating and coordinating the use of available space for incident management activities.
4. Coordinating and determining the availability and provision of consumable non-edible supplies stocked in distribution facilities and customer supply centers when available.
5. Procuring required stocks from vendors or suppliers when County items are not available.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies.

ESF 9: Search and Rescue (Support)

1. Agencies participating in SAR will rely on ESF 11 to provide food and water to support operations, just as other critical work force personnel will.
2. The local SAR leaders will coordinate with ESF 3 for assistance in completing any structural shoring required to ensure the safety of the teams.
3. The Glynn County Search and Recovery Unit will assist with water related SAR efforts.
4. Coastal Crisis Response Team - May be called upon to
provide counseling to SAR team members.
5. Medical Examiner/Coroner's Office, in conjunction with Glynn County Police Department is responsible to secure and investigate deaths.
7. The Glynn County Police and City of Brunswick Police Department will provide security for SAR teams, if needed

ESF 10: Hazardous Materials (Support)

Utilized on an as needed basis and accessed through ESF #4.

ESF 12: Energy (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain additional private sector support as required.
2. Assemble a list of energy and utility related assets available to support recovery and coordinate this information with the EOC.
3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

ESF 14: Long Term Recovery (Primary)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

ESF 15: External Affairs (Primary)

1. In coordination with Glynn County Emergency Management Agency, the designated PIO has overall responsibility for coordination of this ESF and all information released to the media.

2. During an incident, County and City of Brunswick authorities share responsibility for communicating information regarding the incident to the public. These actions are a critical component of incident management and must be fully integrated with all other operational actions to ensure the following objectives are met:
3. Delivery of incident preparedness, health, response, and recovery instructions to those directly affected by the incident; and
4. Dissemination of incident information to the public.

5. The EOC structure provides a supporting mechanism to develop, coordinate, and deliver messages; it supports the Incident Commander or Unified Command and the associated elements of the ICS.

6. County/municipal core groups develop, coordinate, and deliver information and instructions to the public related to:

7. Assistance to the incident-affected area;

8. Departmental/agency response;

9. County/municipal preparations;

10. Protective measures;

11. Impact on non affected areas; and

12. Law enforcement activities.

The EOC is the central point for coordination of incident information, public affairs activities, and media access to information regarding the latest developments. In the event of a potential or actual Incident of Critical Significance, the EOC is activated to coordinate County, municipal, and private-sector incident communications with the public. Major announcements, daily briefings, and incident updates from the EOC are coordinated through GCEMA, affected leadership, and the interagency core group prior to release. This must be closely assessed and agreed upon in the early stages of an incident by all involved in incident communications with the public. The EOC is the physical location from which public affairs professionals from organizations involved in the response work together to provide critical emergency information, media response, and public affairs functions. The EOC serves as a focal point for the coordination and dissemination of information to the public and media concerning incident prevention, preparedness, response, recovery, and mitigation.

Glynn County Engineering Department

ESF 3: Public Works / Engineering (Support)

1. Serve as the Primary coordinator for damage assessment and related tasks. Designated representatives will work closely with the ESF Primary Agency and GCEMA to assist in the posting and monitoring of damage reports.

2. Coordinate with other ESFs to consolidate reports of damage and focus assessment efforts.

3. Act as liaison between the EOC and the State EOC for damage assessment activity.

4. Identify and facilitate resolution of area responsibility among agencies involved.

5. Maintain contact with municipal liaisons to collect and relay information.

Glynn County Engineering Department

ESF 3: Public Works / Engineering (Support)
7. Assist with public information releases regarding areas of damage.
8. Coordinate with the ESF Primary Agency to exchange information regarding area condition and accessibility with the Search and Rescue ESF.

ESF 5: Emergency Management (Support)

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

ESF 12: Energy (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain additional private sector support as required.
2. Assemble a list of energy and utility related assets available to support recovery and coordinate this information with the EOC.
3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

Glynn County Extension Service

ESF 11: Ag / Natural Resources (Primary)

A. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.

B. Assemble a list of assets available to support the recovery and coordinate this information with the EOC.

C. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.

D. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.

E. Participate in drills and exercises to evaluate local communications capability.
Glynn County Finance

ESF 7: Resource Support (Primary)

1. Assess the need for and prioritize the deployment of services based on your area of responsibility.
2. Locating, procuring, and issuing resources to other County agencies for use in emergency operations necessary to support the County EOP or to promote public safety.
3. Locating and coordinating the use of available space for incident management activities.
4. Coordinating and determining the availability and provision of consumable non-edible supplies stocked in distribution facilities and customer supply centers when available.
5. Procuring required stocks from vendors or suppliers when County items are not available.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies.

Glynn County Fire Department

ESF 1: Transportation (Support)

- Coordinate Pick-up of Special Needs
- Arrange for Volunteers to Pick-up Special Needs

ESF 2: Communications (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.
2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC.
3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local communications capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.
ESF 4: Firefighting (Primary)

1. As the primary agency for ESF # 4, Glynn County Fire/EMS will coordinate the provision of local firefighting personnel and equipment.
2. It will also plan, coordinate, and assign any responding mutual aid resources.
3. It additionally will coordinate those resources volunteered for ESF # 4 from other unidentified sources.

ESF 5: Emergency Management (Support)

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

ESF 8: Public Health / Medical (Support)

1. Coordinate the evacuation of patients from the disaster area as requested.
2. Coordinate the transport of victims to medical facilities outside the county in accordance with approved trauma transport protocols.
3. Provide the coordination of the following resources:
   a. Advance Life Support/Basic Life
   b. Emergency Medical Technicians
   c. Paramedics
   d. Emergency medical equipment procurement
   e. Aircraft (fixed/wing/rotary/medical evacuation)
4. Establish mental health crisis counseling centers.
5. Coordinate for Critical Incident Stress Debriefing for emergency responders.
6. Coordinate medical patient evacuation in the pre-impact phase of the disaster (including special needs patients requiring ambulance transport) as well as continued response to emergency medical calls.

ESF Summary of Responsibilities

Glynn
7. Coordinate both public and private service field responses.

ESF 9: Search and Rescue (Primary)

The Glynn County Fire Department is the primary agency for ESF 9. The designated EOC Fire Department Coordinator will coordinate provision of representatives on a 24-hour basis to the EOC, to insure full deployment and utilization of resources identified under ESF 9. Multi-disciplinary teams will consist of team leaders, law enforcement for security problems, fire personnel and paramedics to search and treat victims, debris personnel to push back debris for team vehicle movement (debris clearance will follow search and rescue in most instances) power company and gas company personnel for emergency issues, and a building inspector/engineer for structural integrity. It must be noted that this will be the ideal and not practical or feasible in many instances. The composition of each SAR team shall be determined by the Incident Commander/SAR Coordinator.

ESF 10: Hazardous Materials (Primary)

The Glynn County Fire Department has the lead role in ESF #10. Team membership includes responsibilities from EMS and the City of Brunswick Fire Department.

ESF 13: Public Safety (Support)

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

Glynn County GIS Department

ESF 3: Public Works / Engineering (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required. 2. Assemble a list of public works and engineering related assets available to support recovery and coordinate this
works and engineering related assets available to support recovery and coordinate this information with the EOC.

3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.

4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.

5. Participate in drills and exercises to evaluate local communications capability. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

ESF 14: Long Term Recovery (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required.

2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.

3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.

4. Participate in drills and exercises to evaluate local communications capability.

5. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

Glynn County Police Department

ESF 2: Communications (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.

2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC.

3. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.

4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.

5. Participate in drills and exercises to evaluate local communications capability.

6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

ESF 5: Emergency Management (Support)

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.

2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.

3. Participate in drills and exercises to evaluate local capability.

4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

ESF 9: Search and Rescue (Support)

1. Agencies participating in SAR will rely on ESF 11 to provide food and water to support operations, just as other critical work force personnel will.

2. The local SAR leaders will coordinate with ESF 3 for assistance in completing any structural shoring required to ensure the safety of the teams.

3. The Glynn County Search and Recovery Unit will assist with water related SAR efforts.

4. Coastal Crisis Response Team - May be called upon to
4. Coatalt Crisis Response Team - May be called upon to provide counseling to SAR team members.
5. Medical Examiner/Coronor's Office, in conjunction with Glynn County Police Department is responsible to secure and investigate deaths.
7. The Glynn County Police and City of Brunswick Police Department will provide security for SAR teams, if needed

ESF 13: Public Safety (Primary)

Recognizing that local authorities have primary responsibility for public safety and security in their jurisdiction, the primary agency will plan for, prepare, and coordinate law enforcement activities conducted in Glynn County in anticipation of and during incidents of critical significance and provide guidance and direction for those agencies implementing the provisions of ESF #13.

Glynn County Public Health Department

ESF 5: Emergency Management (Support)

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

ESF 6: Mass Care (Support)

1. Assist in locating health and welfare workers to augment personnel assigned to shelters.
2. Support disaster mental health services;
3. Provide technical assistance for shelter, feeding and warehouse operations related to food, vector control, water supply and waste disposal; and
4. Assist with the provision of medical and first aid supplies for shelters and first aid stations.

ESF 8: Public Health / Medical (Primary)

1. Coordinate with each Support Agency through at least quarterly meetings to ensure planning functions are carried out to support this ESF.
2. Provide leadership in directing, coordinating and integrating the overall county efforts to provide medical and public health assistance to the affected area.
3. Conduct initial assessment of health and medical needs.
4. Determine need for additional personnel and resources and initiate request mutual aid to EOC.
5. Coordinate and direct the activation and deployment of voluntary resources of health/medical personnel, supplies and equipment.
6. Establish, as needed, active and passive surveillance systems for the protection of public health.
7. Coordinate response for:
   a. Hazardous materials
   b. Safety of food and drugs
   c. Radiological hazards
   d. Mental health problems victims
   e. Vector control
   f. Potable water/wastewater/solid waste
   g. Victim identification/mortuary services
   h. Continuously acquire and assess information about the situation; continue to identify the nature and extent of health and medical problems and establish appropriate monitoring and surveillance of the situation to obtain valid ongoing information.
   i. Coordinate release of appropriate and timely public health information with ESF #15 to include boil water orders, safety issues, etc. The Glynn County Health Department Director has the authority to warn the public of contaminated water supplies. All informational releases will be through the lead PIO in coordination with the command group.
   j. Establish a protocol for prioritizing response activities.
   k. Coordinate activities with other ESFs.
   l. Maintain records of expenditures and document resources utilized during response and recovery efforts.

ESF 11: Ag / Natural Resources (Support)

A. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required.

B. Assemble a list of assets available to support the recovery and coordinate this information with the EOC.

C. Request volunteer agencies and industrial resources with communications assets to contribute assets to the response effort.

D. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
E. Participate in drills and exercises to evaluate local communications capability.

F. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

ESF 14: Long Term Recovery (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as related to your responsibility. Also to develop procedures to obtain private sector support as required.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
4. Participate in drills and exercises to evaluate local communications capability. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

Glynn County Public Works

ESF 3: Public Works / Engineering (Primary)

1. Oversee the coordination management of resources, facilities and equipment.
2. Develop maintenance and protection arrangements for consolidated public works and engineering response and recovery.
3. Maintain records of expenditures and document resources utilized during response and recovery efforts.

ESF 5: Emergency Management (Support)

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities.
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.
ESF 10: Hazardous Materials (Support)

Utilized on an as needed basis to respond to releases on county maintained roadways and rights of way with absorbents, barricades and signs.

ESF 12: Energy (Primary)

1. Oversee the coordination management of resources, facilities and equipment.
2. Develop maintenance and protection arrangements for consolidated energy and utility response and recovery.
3. Make contact with electric, gas, telephone, water, utilities and industry coordinating groups serving the emergency area to obtain information about damage and/or assistance needed in their areas of operation.
4. Monitor the procedures followed by the individual utilities during a generating capacity shortage on their systems and the procedures followed by all utilities to ensure coordinated statewide action and communication.
5. Coordinate with industry trade groups and associations to obtain needed fuel supplies.
6. Coordinate the following activities:
   a. Electric generating capacity;
   b. Expected electric peak load;
   c. Geographic areas and number of customers that are expected to be most severely impacted, if available;
   d. Status of major generating unit outages;
   e. Expected duration of event;
7. Explanations of utilities planned actions; and recommendations of agency actions in support of the utilities

Glynn County Search and Rescue

ESF 9: Search and Rescue (Support)

1. Agencies participating in SAR will rely on ESF 11 to provide food and water to support operations, just as other critical work force personnel will.
2. The local SAR leaders will coordinate with ESF 3 for
2. The local SAR leaders will coordinate with ESF 3 for assistance in completing any structural shoring required to ensure the safety of the teams.
3. The Glynn County Search and Recovery Unit will assist with water related SAR efforts.
4. Coastal Crisis Response Team - May be called upon to provide counseling to SAR team members.

ESF 12: Energy (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain additional private sector support as required.
2. Assemble a list of energy and utility related assets available to support recovery and coordinate this information with the EOC.
3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

Liberty-Hinesville Emergency Management Agency

ESF 5: Emergency Management (Support)

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Participate in drills and exercises to evaluate local capability. 4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

Norfolk Southern Police Department

ESF 13: Public Safety (Support)

Participate in planning for areas of agency expertise, and provide assistance and expertise as appropriate and in coordination with other ESF departments and agencies.

Okefenoke Rural Electric Membership Corp.
ESF 12: Energy (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain additional private sector support as required.
2. Assemble a list of energy and utility related assets available to support recovery and coordinate this information with the EOC.
3. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
5. Participate in drills and exercises to evaluate local capability.
6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

Salvation Army

ESF 6: Mass Care (Support)

Assist with mass feeding activities.

Southeast Georgia Health Systems

ESF 6: Mass Care (Support)

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities
2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
3. Participate in drills and exercises to evaluate local capability.
4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

ESF 8: Public Health / Medical (Support)

1. Coordinate the notification, information, update and evacuation assistance to medical facilities within the county both pre- and post-impact.
2. Develop an emergency and disaster plan that address preparedness and response to hurricane threats for their residents. These plans should include:
   a. The degree of shutdown operations and evacuation of facilities.
   b. Process to cancel elective surgery, discharge patients for whom care would not be compromised, transfer patients who could be moved to safer facilities and make special arrangements for those patients whose condition will not allow transfer or evacuation. Psychiatric and mental health facilities will be expected to transfer their patients and staff to safer locations.
3. Develop evacuation and/or care plans for those patients
Transportation Security Administration

ESF 14: Long Term Recovery (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your responsibility. Also to develop procedures to obtain private sector support as required. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 4. Participate in drills and exercises to evaluate local communications capability. 5. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

Verizon Wireless

ESF 2: Communications (Support)

1. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they relate to your area of responsibility. Also to develop procedures to obtain telecommunications industry support as required. 2. Assemble a list of communications assets available to support the recovery and coordinate this information with the EOC. 3. Request volunteer agencies and industrial resources with telecommunications assets to contribute assets to the response effort. 4. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment. 5. Participate in drills and exercises to evaluate local communications capability. 6. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

Ware County Emergency Management

ESF 6: Mass Care (Support)

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Participate in drills and exercises to evaluate local capability. 4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF #7 policies and procedures and report these records to the Primary Agency.

Wayne County Emergency Management Agency

ESF 5: Emergency Management (Support)

1. Identify and provide staff representatives to support the ESF and other operational information related to these activities. 2. Request volunteer agencies and private resources with assets to contribute those assets to the response effort. 3. Participate
in drills and exercises to evaluate local capability. 4. Maintain records of expenditures and document resources utilized during recovery in accordance with ESF 7 policies and procedures and report these records to the Primary Agency.

Local Resolution
EMERGENCY MANAGEMENT ORDINANCE
(Ordinance of 3-2-89; Amended 7/2/91; 09/05/96; 09/21/00, 10/04/07 (all sections))

2-2-20 Emergency Management Policy.
Because of the existing and increasing possibility of the occurrence of emergencies or disasters resulting from man-made or natural causes; in order to ensure that preparations in Glynn County (including the City of Brunswick, if adopted by the Mayor and City Commission of the City of Brunswick) will be adequate to deal with such emergencies or disasters; generally to protect the public peace, health and safety; and to preserve the lives and property of the people in Glynn County, it is found and declared necessary:

1) To create an emergency management agency for emergency management in Glynn County;

2) To confer upon the Board of Commissioners of Glynn County and the Chairman of the Board of Commissioners the emergency powers provided for in this Ordinance;

3) To authorize the establishment of an emergency management agency and the taking of such steps as are reasonable and necessary to implement the provisions of this Ordinance;

4) To authorize the establishment of a curfew when deemed necessary to maintain order and to protect either the citizens or their property;

5) To require the registration of building construction and repair contractors during an emergency; and

6) To prohibit any person from raising prices for goods, materials, services, and housing to excessive, unconscionable or unfair levels during an emergency.

2-2-21 Definitions.
As used in this Ordinance, the term:

1) "Agency" means the Emergency Management Agency enacted by the Board of Commissioners of Glynn County.

2) "Emergency Management" means the preparation for the carrying out of all emergency functions to prevent, minimize and repair injury and damage resulting from emergencies, disasters or imminent threat thereof, of man-made or natural origin caused by civil disturbance, fire, flood, earthquake, wind, storm, wave action or similar physical conditions. These functions include without limitation, fire-fighting services; police services; medical and health services; rescue; engineering; warning services; communications; evacuation of persons from stricken areas; emergency welfare services; emergency transportation; plant protection; temporary restoration of public utility services; and other functions related to civilian protection, together with all other activities necessary or incidental to the preparation for and carrying out of the foregoing functions.

3) "State of Emergency" means the conditions declared by the Chairman of the Board of Commissioners when, in his judgment, the threat or
actual occurrence of a disaster or emergency is sufficient severity and magnitude to warrant extra ordinary action to prevent or alleviate the loss of human life or damage to public or private property.

2-2-22 Enforcement.
The law enforcement authorities of the State of Georgia; the Glynn County Sheriff's Department; the Glynn County Police Department and the City of Brunswick Police Department shall enforce the orders, rules and regulations issued pursuant to the terms and conditions of this Ordinance. During a declared state of emergency, the Chief of Police of Glynn County, Georgia, shall have the authority and power to increase the number of and swear in additional police officers during the declared state of emergency. Such officers' tenure shall expire at the conclusion of the state of emergency.

2-2-23 Organization.
a) There is hereby established pursuant to the provisions of this Ordinance an agency which shall be known as the "Glynn County Emergency Management Agency", hereinafter called the "Emergency Management Agency" with a director of emergency management who shall be the head thereof.
b) The Board of Commissioners of Glynn County shall nominate a director of emergency management who shall be appointed in accordance with the provisions of O.C.G.A. §38-3-27. The director shall be subject to the direction and control of the Board of Commissioners, through the Chief of Police, and shall be responsible for the carrying out of the programs for emergency management in Glynn County. The Chief of Police shall act as the acting director of emergency management in the event of the absence or disability of the director for any reason. The compensation of the director shall be fixed by the Board of Commissioners and the director shall hold the office at the pleasure of the Board of Commissioners. (§0-1996-11)
c) The director may employ such technical, clerical, stenographic and other personnel, may fix their compensation; and may make such expenditures with the appropriations therefore, or from other funds made available to him for the purpose of emergency management as may be necessary to carry out the purposes of this Ordinance.
d) The director, subject to the direction and control of the Board of Commissioners, shall be responsible for carrying out the programs for emergency management in Glynn County. He shall coordinate the activities of all organizations called upon to assist in a state of emergency in Glynn County, shall maintain liaison with and cooperate with the Emergency Management Agency of the State of Georgia and that of the federal government.
e) The Police Chief and Fire Chief shall be the disaster coordinators and shall act for the Chairman of the Board of Commissioners when requested to do so by the Chairman of the Board of Commissioners or the Vice-Chairman in the Chairman's absence.

2-2-24 Emergency Powers.
a) In the event of actual or impending emergency or disaster of natural or man-made origin within Glynn County, the Board of Commissioners or in their absence, the Chairman of the Board of Commissioners may declare a state of emergency. The Board of Commissioners shall for the purposes of this Ordinance be deemed to be absent when a quorum thereof cannot be obtained with a reasonable period of time taking into consideration the emergency nature of the situation.
b) Prior to declaring any state of emergency, the Board of Commissioners or the Chairman shall seek the advice and concurrence of the Emergency Management Agency of the State of Georgia.
c) A declaration of a state of emergency or disaster shall activate the emergency and disaster response and recovery aspects of the plans applicable to Glynn County and shall be authority for the deployment and use of force to which the plans apply and for the use or distribution or any supplies, equipment and materials and facilities assembled, stockpiled or arranged to be made available pursuant to provisions of this Ordinance.
d) Upon proclamation by the appropriate state official, the Board of Commissioners, or in their absence the Chairman, of an emergency or disaster of manmade or natural causes or enemy attack impending on or affecting Georgia or the United States, the affairs and business of Glynn County may be conducted at places other than the regular or usual place thereof, within or outside of Glynn County, when it is not prudent, expedient or possible to conduct business at the regular location. When such meetings occur outside of Glynn County, all actions taken by the Board of Commissioners shall be as valid and binding as if performed within Glynn County. Such meetings may be called by the presiding officer or any two members of the governing body without regard to or compliance with time-consuming procedures and formalities otherwise required by law.
e) Upon declaration of a state of emergency, the Board of Commissioners or the Chairman of same may contract for public works without letting such contract out to the lowest, responsible bidder and without advertising and posting notification of such contract for four weeks; provided, however, that any public works contract entered into pursuant to this subsection shall be entered on the minutes of the County as soon as practical and the nature of the emergency shall be described therein.
f) Upon declaration of a state of emergency, the Board of Commissioners or the Chairman of same may temporarily suspend the enforcement of the Glynn County Code of Ordinances, or any portion thereof, where: (a) the emergency or disaster is of such nature that immediate action outside the Code is required; (b) such suspension is consistent with the protection of the public health, safety and welfare; and (c) such suspension is not inconsistent with
any federal or state statutes or regulations.
g) Upon declaration of a state of emergency, the Board of Commissioners or the Chairman of same may temporarily reduce or suspend any permit fees, application fees or other rate structures as necessary to encourage the rebuilding of the area impacted by the disaster or emergency.
h) Upon declaration of a state of emergency, the Board of Commissioners, the Chairman of same, or their designee may issue permits for the use of temporary mobile homes, trailers, recreational vehicles or other temporary dwelling structures in any zoning district while the primary dwelling is being repaired provided that such temporary dwellings or parks are designed by an engineer and the plans are approved by the Glynn County Health Department and Glynn County Building Inspections Division. The temporary permit shall not exceed twelve (12) months in duration. In the case of continuing hardship, and in the discretion of the Board of Commissioners or its designee, the permit may be extended one time for an additional six (6) months. Upon expiration of the temporary permit or an extension, the temporary dwelling shall be removed.
i) The Chairman of the Board of Commissioners shall have and may exercise for such periods as the state of emergency or disaster exists or continues the following emergency powers:
1. Command or utilize any private property if he finds this necessary to cope with the emergency or disaster;
2. Direct and compel the evacuation of all or a part of the population from any stricken or threatened area within Glynn County if he deems this action necessary for the preservation of life or other disaster mitigation or response;
3. Prescribe routes, modes of transportation, and destinations in connection with the evacuation;
4. Control ingress and egress to and from the disaster area and the occupancy of premises therein;
5. Suspend or limit the sale, dispensing or transportation of alcoholic beverages, firearms, explosives or combustibles;
6. Make provision for the availability and use of temporary emergency housing;
7. Suspend any regulatory ordinance prescribing the procedure for conduct of County business, or the orders, rules and regulations of any County agency, if strict compliance with any ordinance, order, rule, or regulation would in any way prevent, hinder or delay necessary action in coping with the emergency or disaster;
8. Utilize all available resources of Glynn County as may be reasonably necessary to cope with the emergency or disaster;
9. To perform and exercise such other functions, powers, and duties as may be necessary to promote and secure the safety
and protection of the public;
10. To enforce all laws, rules and regulations relating to
emergency management and to assume direct operational
control of all civil forces and helpers in Glynn County; and
11. To seize or take for temporary use, property for the protection
of the public.
j) Any power or authority granted to the Chairman of the Board of
Commissioners by this Ordinance may be exercised by the
Vice-Chairman of the Board of Commissioners so long as the
Chairman of the Board of Commissioners is absent from Glynn
County or otherwise unable to perform the duties of the office of the
Chairman. If the Chairman and Vice Chairman of the Board of
Commissioners are both absent from Glynn County or otherwise
unable to perform the duties of the office of Chairman, any power or
authority granted to the Chairman of the Board of Commissioners by
this ordinance may be exercised by the member of the Board of
Commissioners designated by the Chairman of the Commission. The
Chairman, during the Committee appointments, shall designate a line
of authority setting forth the order of succession of the Commissioners
for exercising the power and duties until either the Chairman or
Vice-Chairman are able to exercise those powers and duties.

2-2-25 Regulations.
a) The director of the agency is authorized and empowered to make
orders, rules and regulations as may be necessary for emergency
management purposes, provided such orders, rules and regulations
are non-inconsistent with any orders, rules or regulations promulgated
by the Governor of the State of Georgia or by any state agency
exercising power delegated to it by him.
b) All such orders, rules and regulations shall be approved by the Board
of Commissioners prior to their effective date and copy, as approved,
shall be filed with the Clerk of the Board of Commissioners.
c) All such orders, rules and regulations promulgated by the Board of
Commissioners shall have the full force and effect of law.

2-2-26 Institution of Curfew.
a) Upon declaration of a state of emergency, the Board of
Commissioners or the Chairman of same may adopt a resolution
instituting a curfew when it is determined necessary to protect and
safeguard the people and property of Glynn County.
(b) All of the territory of the unincorporated area of Glynn County shall be
subject to the terms of the curfew, unless otherwise specified in the
resolution.
(c) The resolution instituting the curfew shall include the dates and hours
that the curfew shall be in effect.
(d) It shall be prohibited for any person, other than exempt individuals, to
appear in public in the territory subject to the curfew, including but not
limited to, streets, highways, alleys, sidewalks, vacant lots, parks,
public buildings or any other public places in all or a delineated part of unincorporated Glynn County during the stated hours of the curfew.

2-2-27 Registration of Building and Repair Services.
a) All building contractors doing business or proposing to do business in the unincorporated areas of Glynn County during a state of emergency or the subsequent recovery period shall register and file applications with the Clerk of the Board of Commissioners or such other person designated by the Board of Commissioners. The building contractor shall, under oath, provide the Board of Commissioners with a statement describing the general nature of the business to be conducted and give true and correct information as may be called for on the registration form, application or certificate provided by the County.
b) Building contractor registration fees are hereby fixed under the terms and conditions of this ordinance at $50.00 per annum. Registration fees shall be paid in full at the time of issuance of the registration certification.
c) No person, firm, partnership, corporation or other entity shall engage in, undertake or carry on any business in whole or in part within the unincorporated areas of Glynn County, consisting of or relating to building, constructing, repairing, renovating or making improvements to real property including dwellings, homes, buildings, structures, or fixtures attached thereto without having registered the name of the business with the governing authority of the County and having paid fees as provided by this ordinance.
d) Each certification issued under this ordinance is granted to, and shall be accepted by, the building contractor under the condition that the same is not transferable and after issuance no such certification shall be transferred by Glynn County or the building contractor to another individual or entity.
e) Each certification issued hereunder shall be posted conspicuously by the building contractor in the place of business of the building contractor or shall be carried on his person or vehicle used in such business. Such certification shall be exhibited to any authorized enforcement officer when so requested.
f) Each certification granted under this ordinance is a mere permit to engage in the business only so long as said business is conducted in a lawful manner. The Board of Commissioners hereby reserves the right to revoke or suspend any certification granted hereunder, if the building contractor, or the building contractor's agent or employee acting within the scope of his employment, violates this ordinance or any other county, state or federal law. If after issuance of a certification, Glynn County desires to revoke such certification, written notice thereof shall be given to the building contractor, which notice shall specify the violation with which the building contractor is charged and a date, time and place at which a hearing shall be held with
regard to the violation. The revocation hearing shall take place at a
regular or special called meeting of the Board of Commissioners. The
building contractor shall have an opportunity to be heard at such
hearing, shall have the right to be represented by counsel, and shall
have the right to introduce and submit evidence in opposition to such
revocation.
g) This ordinance shall take effect on the date of its being duly adopted
and shall apply to all building contractors doing business in the
unincorporated areas of Glynn County on that date and doing
business on any date thereafter. However, this ordinance and any
certification issued pursuant to it shall be operative only during the
period of a declared state of emergency and any subsequent recovery
periods.
h) Any building contractor required by this ordinance to pay a registration
fee who engages in business without first registering and receiving a
registration certification from the County as required shall be in
violation of this ordinance. Each day a building contractor
does business in the unincorporated area of Glynn County without
complying with this ordinance shall constitute a separate offense.

2-2-28 Overcharging Prohibited.
It shall be unlawful throughout the duration of a state of emergency or
subsequent recovery period in which Glynn County has been designated as
a disaster area, for any person, firm, or corporation located or doing business
in Glynn County to overcharge for any goods, materials, services or housing
sold within the County. Each sale in violation of this section shall constitute a
separate offense.

2-2-29 Penalties.
Violation of any of the provisions of this ordinance upon conviction shall be
punishable by a fine not to exceed $1,000 per violation or imprisonment not
to exceed sixty (60) days, or both such fine and imprisonment.

2-2-30 Severability.
If any section, paragraph, sentence, clause, phrase or word of this ordinance
is, for any reason, held to be unconstitutional, inoperative, or void by any
court of competent jurisdiction, such holding shall not affect the remainder of
this ordinance.

EMERGENCY MANAGEMENT ORDINANCE
(Ordinance of 3-2-89; Amended 7/2/91; 09/05/96; 09/21/00)

2-2-20 Emergency Management Policy.
Because of the existing and increasing possibility of the occurrence of emergencies or disasters resulting from man-made or natural causes; in order to ensure that preparations in Glynn County (including the City of Brunswick, if adopted by the Mayor and City Commission of the City of Brunswick) will be adequate to deal with such emergencies or disasters; generally to protect the public peace, health and safety; and to preserve the lives and property of the people in Glynn County, it is found and declared necessary:
1) To create an emergency management agency for emergency management in Glynn County;
2) To confer upon the Board of Commissioners of Glynn County and the Chairman of the Board of Commissioners the emergency powers provided for in this Ordinance;
3) To authorize the establishment of an emergency management agency and the taking of such steps as are reasonable and necessary to implement the provisions of this Ordinance.

2-2-21 Definitions.
As used in this Ordinance, the term:
1) "Agency" means the Emergency Management Agency enacted by the Board of Commissioners of Glynn County.
2) "Emergency Management" means the preparation for the carrying out of all emergency functions to prevent, minimize and repair injury and damage resulting from emergencies, disasters or imminent threat thereof, of man-made or natural origin caused by civil disturbance, fire, flood, earthquake, wind, storm, wave action or similar physical conditions. These functions include without limitation, fire-fighting services; police services; medical and health services; rescue; engineering; warning services; communications; evacuation of persons from stricken areas; emergency welfare services; emergency transportation; plant protection; temporary restoration of public utility services; and other functions related to civilian protection, together with all other activities necessary or incidental to the preparation for and carrying out of the foregoing functions.
3) "State of Emergency" means the conditions declared by the Chairman of the Board of Commissioners when, in his judgment, the threat or actual occurrence of a disaster or emergency is sufficient severity and magnitude to warrant extra ordinary action to prevent or alleviate the loss of human life or damage to public or private property.
2-2-22 Enforcement.
The law enforcement authorities of the State of Georgia; the Glynn County Sheriff’s Department; the Glynn County Police Department and the City of Brunswick Police Department shall enforce the orders, rules and regulations issued pursuant to the terms and conditions of this Ordinance. During a declared state of emergency, the Chief of Police of Glynn County, Georgia, shall have the authority and power to increase the number of and swear in additional police officers during the declared state of emergency. Such officers’ tenure shall expire at the conclusion of the state of emergency. (O#2000-19)

2-2-23 Organization.

a) There is hereby established pursuant to the provisions of this Ordinance an agency which shall be known as the "Glynn County Emergency Management Agency", hereinafter called the "Emergency Management Agency" with a director of emergency management who shall be the head thereof.

b) The Board of Commissioners of Glynn County shall nominate a director of emergency management who shall be appointed in accordance with the provisions of O.C.G.A. '38-3-27. The director shall be subject to the direction and control of the Board of Commissioners, through the Chief of Police, and shall be responsible for the carrying out of the programs for emergency management in Glynn County. The Chief of Police shall act as the acting director of emergency management in the event of the absence or disability of the director for any reason. The compensation of the director shall be fixed by the Board of Commissioners and the director shall hold the office at the pleasure of the Board of Commissioners. (#0-1996-11)

c) The director may employ such technical, clerical, stenographic and other personnel, may fix their compensation; and may make such expenditures with the appropriations therefore, or from other funds made available to him for the purpose of emergency management as may be necessary to carry out the purposes of this Ordinance.

d) The director, subject to the direction and control of the Board of Commissioners, shall be responsible for carrying out the programs for emergency management in Glynn County.

He shall coordinate the activities of all organizations called upon to assist in a state of emergency in Glynn County, shall maintain liaison with and cooperate with the Emergency Management Agency of the State of Georgia and that of the federal government.
e) The Police Chief and Fire Chief shall be the disaster coordinators and shall act for the Chairman of the Board of Commissioners when requested to do so by the Chairman of the Board of Commissioners or the Vice-Chairman in the Chairman's absence.

2-2-24 Emergency Powers.

a) In the event of actual or impending emergency or disaster of natural or man-made origin within Glynn County, the Board of Commissioners or in their absence, the Chairman of the Board of Commissioners may declare a state of emergency. The Board of Commissioners shall for the purposes of this Ordinance be deemed to be absent when a quorum thereof cannot be obtained with a reasonable period of time taking into consideration the emergency nature of the situation.

b) Prior to declaring any state of emergency, the Board of Commissioners or the Chairman shall seek the advice and concurrence of the Emergency Management Agency of the State of Georgia.

c) A declaration of a state of emergency or disaster shall activate the emergency and disaster response and recovery aspects of the plans applicable to Glynn County and shall be authority for the deployment and use of force to which the plans apply and for the use or distribution or any supplies, equipment and materials and facilities assembled, stockpiled or arranged to be made available pursuant to provisions of this Ordinance.

d) The Chairman of the Board of Commissioners shall have and may exercise for such periods as the state of emergency or disaster exists or continues the following emergency powers:

1. Command or utilize any private property if he finds this necessary to cope with the emergency or disaster;

2. Direct and compel the evacuation of all or a part of the population from any stricken or threatened area within Glynn County if he deems this action necessary for the preservation of life or other disaster mitigation or response;

3. Prescribe routes, modes of transportation, and destinations in connection with the evacuation;

4. Control ingress and egress to and from the disaster area and the occupancy of premises therein;

5. Suspend or limit the sale, dispensing or transportation of alcoholic beverages, firearms, explosives or combustibles;

6. Make provision for the availability and use of temporary emergency housing;
7. Suspend any regulatory ordinance prescribing the procedure for conduct of county business, or the orders, rules and regulations of any county agency, if strict compliance with any ordinance, order, rule, or regulation would in any way prevent, hinder or delay necessary action in coping with the emergency or disaster;

8. Utilize all available resources of Glynn County as may be reasonably necessary to cope with the emergency or disaster;

9. To perform and exercise such other functions, powers, and duties as may be necessary to promote and secure the safety and protection of the public;

10. To enforce all laws, rules and regulations relating to emergency management and to assume direct operational control of all civil forces and helpers in Glynn County; and

11. To seize or take for temporary use, property for the protection of the public.

e) Any power or authority granted to the Chairman of the Board of Commissioners by this Ordinance may be exercised by the Vice-Chairman of the Board of Commissioners so long as the Chairman of the Board of Commissioners is absent from Glynn County or otherwise unable to perform the duties of the office of the Chairman. If the Chairman and Vice Chairman of the Board of Commissioners are both absent from Glynn County or otherwise unable to perform the duties of the office of Chairman, any power or authority granted to the Chairman of the Board of Commissioners by this ordinance may be exercised by the member of the Board of Commissioners designated by the Chairman of the Commission. The Chairman, during the Committee appointments, shall designate a line of authority setting forth the order of succession of the Commissioners for exercising the powers and duties until either the Chairman or Vice-Chairman are able to exercise those powers and duties. (O#2000-19)

2-2-25 Regulations.

a) The director of the agency is authorized and empowered to make orders, rules and regulations as may be necessary for emergency management purposes, provided such orders, rules and regulations are non-inconsistent with any orders, rules or regulations promulgated by the Governor of the
State of Georgia or by any state agency exercising power delegated to it by him.

b) All such orders, rules and regulations shall be approved by the Board of Commissioners prior to their effective date and copy, as approved, shall be filed with the Clerk of the Board of Commissioners.

c) All such orders, rules and regulations promulgated by the Board of Commissioners shall have the full force and effect of law.

2-2-26 Penalty.
Any person who violates any provision of this Ordinance or any rule, order or regulation made pursuant to this Ordinance shall be guilty of a misdemeanor.

2-2-27 - 2-2-40 Reserved
