Following Franchise was granted to Peoples Water Service Company:-

AN ORDINANCE granting to PEOPLES WATER SERVICE COMPANY, its successors, lessees, and assigns, the franchise and right to construct, own, extend, maintain and operate water works plants and water distribution systems in Glynn County, Georgia, from the City Limits of Brunswick to that portion of said County known as Arco, and after reaching Arco a franchise and right to occupy streets, avenues, lanes, sidewalks, highways, alleys, and other public places, except public parks, squares, and small squares known as places, in constructing, extending, replacing, operating and maintaining mains, pipes, conduits, connections, hydrants, and other appliances for conducting and distributing water, and for other purposes in said Arco.

All charter provisions, ordinances and laws as to the granting of franchises having been complied with, BE IT ORDAINED by the Commissioners of the County of Glynn, and it is ordained by the authority aforesaid, that:

SECTION 1. Consent, franchise, permission, right and authority are hereby granted and given to Peoples Water Service Company, a corporation under and by virtue of the laws of Georgia, its successors, lessees and assigns, hereinafter called the Company, for a period of twenty years to construct, own, maintain and operate water works plants and water distribution systems in Glynn County, Georgia, from the City limits of Brunswick to that portion of said County known as Arco and after reaching Arco a franchise and right to acquire, own, construct, extend, enlarge, renew, replace, operate, repair and maintain in said Arco, water works, plants, including ^{l1s} wekksm reservoirs, towers and all things pertaining to water works, plants and sytems of distribution or distribution systems alone, and to use the same to produce, develop, manufacture, acquire, purchase, sell, distribute and furnish water to said Arco and the inhabitants thereof and of the surrounding territory with water for any and all purposes; and to lay, construct, operate, maintain, replace, renew and extend water pipes, mains, conduits, connections hydrants and all other appliances or connections necessary or suitable for the purpose of transmitting, conveying, conducting, supplying, selling and distributing water, on, in, under and along any and all of the streets, avenues, lanes, sidewalks, highways, alleys and other public grounds and places in said Arco, except public parks, squares or small squares known as places, now open and laid out, or that may be hereafter opened, laid out or extended; and to extend, rebuilt, enlarge and improve said water works plants, wells, reservoirs, towers, etc., and systems of distribution from time to time, to meet the increased demands for water; and to the ends mentioned in this section shall have full right, power and authority to occupy and dig ditches and other excavations necessary or suitable to such purposes in any and all of said streets, avenues, lanes, sidewalks, highways, alleys and other public grounds and places for said purposes.

SECTION 2. That said Company in constructing its works upon any streets, alleys or public grounds, shall first submit to the property County authority for approval, a diagram showing the streets, alleys and grounds upon whcih and in, under, on or thru which said pipes, mains or other appliances are to be laid, with the size and location of same; and the same shall be laid under the supervision of proper County authority, and in accordance with such rules and regulations as may be prescribed by said County.

SECTION 3. The exercise of the rights, privileges and powers set forth and granted by this franchise shall be subject to all lawful regulations now in force or which may be hereafter adopted regulating and controlling the use of said streets, avenues, lanes, sidewalks ^{highways} alleys and other public grounds and places of said Arco.

SECTION 4. The said Company shall not at any time, by placing material, or making excavations, obstruct any more of the streets, alleys or grounds of said County than shall be reasonably necessary for the proper carrying on of its work and shall always, as soon as practicable, remove any and all obstructions from the streets, alleys or grounds of said County and place the same in as good condition as they were prior to such work; and in the construction or extansion of its work, said Company shall follow the established grades of the streets, alleys, and grounds. The County of Glynn shall be the judge of whether streets, lanes or alleys that have been used by the said Peoples Water Service Company for any of their construction work, have been repaired or replaced properly and promptly and if in their opinion same is not satisfactory, then they may in their discretion have the same done, and said Peoples Water Service Company shall reimburse County for same.

W H E R E A S it is believed that a fixed span with a forty foot roadway with the clearances proposed will better serve traffic on both the River and the Highway,

T H E R E F O R E B E I T R E S O L V E D by the Commissioners of Roads & Revenue in lawful meeting assembled, that the position of the State Highway Board in reference to a fixed span with forty foot roadway at the Darien River crossing is hereby endorsed, and

F U R T H E R B E I T R E S O L V E D that the construction of a fixed span at the South Altamaha River as proposed by the State Highway Board of Georgia is also endorsed, as it is felt that a fixed span will provide more satisfactorily for River and Highway traffic at this location also than a bascule span.
