## **Board of Commissioners thanks University of Georgia and others**

GLYNN COUNTY, Ga.- The Glynn County Board of Commissioners approved thank you letters to the University of Georgia and others for the success of this year's Georgia-Florida weekend at their regular Commission meeting on November 19<sup>th</sup>. The text of the letter to the University of Georgia is below. Similar letters were sent to Georgia Southern, the College of Coastal Georgia and other area businesses and organizations.

On behalf of the Glynn County Board of Commissioners, I would like to thank you and the University of Georgia for contributing to a successful Georgia-Florida weekend. Because of the support you and the University provided by disseminating the County's message of zero tolerance for underage drinking and other illegal activity, we were able to host a safe, enjoyable weekend for visitors and residents alike. Students who visited our beaches were aware of the expectations of law enforcement in advance which contributed to the success of the weekend.

The most noteworthy observation I have heard from numerous people throughout our community is how polite and respectful students were to residents, law enforcement, and our pristine beaches. The students that traveled to St. Simons for the weekend were much more responsible than in years past and for that we are grateful.

Glynn County has been a rallying point for football fans for decades, and I am pleased to say that the tradition continues. We look forward to hosting many more safe, fun, and enjoyable Georgia-Florida weekends in the future.

Sincerely,

Dale Provenzano, Chairman  
Glynn County Board of Commissioners
