Old Jesup Road and Scranton Road Intersection Change

GLYNN COUNTY, Ga.- To ease traffic flow, Glynn County Public Works Traffic Safety will be altering the signaling at the intersection of Scranton Road and Old Jesup Road on March 1, 2018. A stop sign will be placed at the stop bar of the North bound turning lane of old Jesup Road. The green arrows that currently signal turning will be removed and traffic will be able to turn onto Scranton Road, after stopping, if the roadway is clear.

For media inquiries on the project, please contact Traffic Safety Division Manager Larry Little at 912-554-7717.
