Hurricane Dorian

GLYNN COUNTY, Ga.- A Coastal Flood Advisory has been issued for Glynn County in anticipation of Hurricane Dorian in the Atlantic Ocean. Depending on the track of the storm we could expect 2-4 inches of rain and high storm surge due to the already high tide. Please stay out of the ocean waters as rip tides become even more common during these events.

Now is the time to prepare for the potential impacts Dorian may have on our area.

- Secure loose or lightweight items outside your house or business.
- Keep your vehicles fueled.
- Finalize your disaster kit.
- Ensure you have at least 3 days of water and non-perishable foods.
- Ensure you have extra medications and medical supplies.
- If your medication requires refrigeration, ensure you have a plan in place should you lose power for an extended period of time.
- Make sure all information in your family communication plan is up to date and everyone knows the plan.
- Make provisions for your pet. Make sure they are inside, out of the elements, and have plenty of food and water.
- Flooding is possible in low lying areas; Turn Around Don't Drown!

There are no closures to announce at this time. We will continue to monitor conditions and provide updates as needed. Updates will be available at www.glynncounty.org or the Emergency Management Facebook page. We advise the public to use the latest forecast models from the National Weather Service Jacksonville to stay informed between updates.
