## **Hurricane Dorian Update #7**

GLYNN COUNTY, Ga.- Governor Brian Kemp has announced an evacuation of Zone A to include St. Simons island, Jekyll Island, Sea Island, and Little St. Simons Island, Brunswick, Oak Grove Island, and the low lying areas of the mainland. In other areas, businesses should use their best judgement and follow their hurricane plans in decisions to close. If you feel unsafe in any area and are able to leave, use your best judgement and follow your hurricane plan.

The Glynn County Board of Commissioners alongside the Mayor have placed the County and Brunswick under a State of Emergency. This declaration will give the Chairman of the Board of Commissioners and the Mayor decision making authority during the State of Emergency.

Glynn County is not accepting evacuees and will not open a shelter during the storm. If evacuees need a shelter location, contact the Red Cross at 1-800-733-2767.

The Need a Ride program will begin pick-ups at Lanier Plaza and Harris Teeter today September, 2, 2019, from 2:00 p.m. until 6:00 p.m. and tomorrow September 3, 2019 from 9:00 a.m. to 5:00 p.m. Transport will be to the nearest inland Red Cross shelter. Pets are allowed to travel with evacuees. They must be in a crate, have shot records, and supplies for at least three days.

Republic Services trash pickup has been suspended and will resume when conditions allow.

If the predictions hold true, the F.J. Torras Causeway could become flooded and impassible. There are no planned closures of the F.J. Torras Causeway at this time. The Georgia Department of Transportation (GDOT) typically closes the Sidney Lanier Bridge as winds approach tropical force speeds. With tropical storm force winds, the potential for power outages becomes higher and water and sewer outages follow due to a lack of electricity
