PSA: Mackay River Boat Ramp Repair

Glynn County Ga., In order to repair the boat ramp on the Southeastern side of the Mackay River Bridge on the F.J. Torras Causeway the ramp will be closed beginning Wednesday, December 9, 2020. A cavity has opened below the ramp due to erosion and will need to be filled with concrete to make the ramp safe for use again. The sides of the ramp will also be reinforced to prevent future erosion. Depending on progress, the ramp could be repaired and open by the weekend of December 12, 2020.

For media inquiries, contact Tyler Jones, Georgia Department of Natural Resources Communications Officer at tyler.jones@dnr.ga.gov or (912) 264-7218.
