## **Convenience Fee Implementation**

On January 1, 2021, Glynn County will begin collecting a 3% convenience fee on all debit and credit card transactions. This fee will help the County offset the costs it incurs with each processed debit card and credit card payment. It will also assist in Glynn County's effort to provide more online transactional capabilities, which have become increasingly necessary during the COVID-19 pandemic.

This fee will be charged by every County department who currently accepts payments via credit and debit card.

Checks will still be accepted for any who wish to avoid the fee. However, some conditions may apply:

- Recreation & Parks requires checks for facility rentals to be submitted at least 10 business days prior to the rental or check-in date to ensure the payment clears.

For additional information, please contact Glynn County's Finance Department at 912-554-7120.
