NEWS: Short Term Rental Ordinance

Glynn County Ga., Beginning Thursday, July 1, 2021, the Glynn County short-term rental (STR) ordinance will go into effect. The ordinance is intended to create a level playing field for all rentals in Glynn County whether they be hotels or individual homes, by setting uniform rules for noise, parking, trash, and accommodation taxes.

Renters will have a onboarding period until October 1, 2021, to come into compliance with the ordinance by obtaining a license and paying any accommodation excise taxes currently due through <https://glynncounty.munirevs.com>. If you are a known renter within Glynn County, please wait until you receive your notice via email or mail before registering.

If a renter has six or more rental properties, they also need to visit or call the Occupation Tax office at 912-554-7122 for an Occupational Tax Certificate.

Complaints and questions about short-term rentals will be handled by LodgingRevs at 912-525-5455.

The STR compliance company, LodgingRevs, was contracted by Glynn County to provide cloud-based computer software and services for the monitoring, enforcement, support, and administration of short term rentals that are currently on the market through a variety of rental sites such as AirBnB and VRBO. LodgingRevs uses an algorithm to identify properties on rental sites within Glynn County and takes steps to bring them into compliance with the ordinance.
